in Hennepin County

Elevating our students' experience

In November 2023, Westonka Public Schools residents approved a $93.4 million building bond investment in school facilities. The majority of districtwide construction is expected to be complete by fall 2026.

Redesigned front entrance of Westonka High School

Safety & Security
All schools will gain secure main entrances, lockdown capacity, intrusion resistant glass, door alerts and notification lights.

High School Redesign
Westonka High School will be redesigned to enhance the learning environment and improve functionality, safety and pride.

Deferred Maintenance
Westonka will be addressing the significant deferred maintenance needs of the district's buildings.

Construction Progress and Looking Ahead to What's Next

Summer 2024 - Complete!
- Primary school security upgrades, including lockdown capacity, intrusion resistant glass, door alerts and notification lights.
- Select district wide maintenance projects.

Summer 2025 - Complete!
- Construction of 12 new tennis courts (with 6 courts also lined for pickleball) for school and community use.
- Middle school maintenance, learning environment improvements and security upgrades, including relocation of the main office to create a secured entrance.
- First phases of the redesign at Westonka High School, which will include renovation to nearly the entire building, added square footage and security upgrades.

2025-2026 School Year
- Continued renovation at Westonka High School, with new classrooms and flex learning spaces opening throughout the year.

Summer 2026
- Building maintenance and media center and cafeteria upgrades at both primary schools.
- New high school stadium construction and athletic field upgrades.
- The majority of the high school redesign is expected to be complete by fall 2026.
