To earn an IB Diploma, you must take 6 IB Exams in the following subjects: English, World Language, History, Science, Math, and one IB Elective. Of those 6 IB Exams, at least 3 must be Higher Level (HL). See below for the courses you must take to be eligible for each IB exam.

NOTE: If you already took the IB exam for a particular subject last year, you do not need to take an IB class in that subject this year! For example, if you took the Chemistry SL exam last year, you do not need to take IB Chem 2 this year. You can take any elective class in that spot! 😊
