

Cupertino Union School District

Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan. An IPM plan is required if a school district uses pesticides.

Cupertino, CA 95014

District IPM coordinator: Jason Bocanegra, 408-252-3000 x61366, bocanegra_jason@cusdk8.org

IPM statement

It is the goal of the Cupertino Union School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to focus on long-term pest prevention through IPM best practices and to reduce the amount of pesticides used on school campuses.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Jason Bocanegra, M&O Manager	Purchasing IPM decisions
Israel Lara, M&O Lead	Purchasing IPM decisions
Dana Ino, Director, Business Operations	Purchasing IPM decisions

Pest management contracting

- ✓ Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): Pest Pros
- ✓ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest identification is done by Pest Pros

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by M&O Manager, M&O Lead, Pest Pros Tech, and results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

Visual inspections for pests in common locations. Communication of recent activity to school sites. Monthly school site inspections for pest prevention.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Insects	✓	✓	✓	✓	✓	✓	✓	
Rodents	✓	✓	✓	✓	✓	✓	✓	

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

SCHOOL FIELDS & AGRICULTURAL AREAS

Product/Manufacturer	EPA Reg. #	Primary Ingredient
Arena Insecticide	59639-157	Clothianidin
Barricade Pro/The Andersons	9198-214	Prodiamine
Brandt Magnify	48813-3	Methyl-alpha D mannopyranoside
Capstone	62719-572	Aminopyralid
Cheetah Pro/Nufarm Americas	228-743	Glufosinate ammonium
Dimension EC	62719-426	Dithiopyr
Dimension Ultra 40WP/Dow AgroSciences	62719-445	Dithiopyr
Gallery SC Gallery 75 Dry Flowable	62719-658	Isoxaben
Lifeline Herbicide	70506-310	Glufosinate ammonium
Merit 0.5G	432-1328	Imidacloprid
Orange Guard insecticide/Orange Guard	61887-1-AA	D-Limonene
Pendulum AquaCap	241-416	Pendimethalin
Sledghammer	81880-1-10163	Halosulfuron-methyl, methyl 3-chloro-5-1-methylpyrazole-4-carboxylate
Sledghammer+/BPI Gorman Corp.	81880-24-10163	Halosulfuron-methyl, methyl 3-chloro-5-1-methylpyrazole-4-carboxylate
SpeedZone Southern/Gordon's	2217-835	2,4-D, 2-ethylhexyl ester
SureGuard EZ	59639-260	Flumioxazin

SCHOOL BUILDINGS & PLAY YARDS

Product	EPA Reg. #	Active Ingredient
Advanced Granular Ant	499-370	Abamectin
Alpine WSG	499-561	Dinotefuran
Delta Dust	432-772	Deltamethrin
Bifen	5388-118	Bifenthrin
MaxForce Fly Bait	432-1375	Imidacloprid
Nygard IGR	1021-1603	2-Methyl Pyridine
Suspend SC	432-1514	Deltamethrin
Termidor SC	432-452	Fipronil

SCHOOL BUILDINGS & PLAY YARDS

The following list of products *may* be used on District property.
District is not required to notify parents or post when used.

Product	EPA Reg. #	Active Ingredient
Advion Cockroach Gel Bait	352-652	Indoxacarb
Advion Ant Gel Bait	362-746	Indoxacarb
Essentria ICPPro	N/A	Rosemary Oil
Niban	64405-2	Boric Acid
Selontra	7969-382	Cholecalciferol

Healthy Schools Act

- ✓ This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- ✓ Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- ✓ School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

Submittal of pesticide use reports

- ✓ Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt¹ from HAS recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

Notification

This school district has made this IPM plan publicly available by the following methods (check at least one):

- ✓ This IPM plan can be found online at the following web address:
<https://www.cusdk8.org/about-us/annual-reports/pesticide-notification>
- ✓ This IPM plan is sent out to all parents, guardians and staff annually.

Review

- ✓ This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct. Date of next review: January 2027

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.
