Withdrawing from School	110
Glossary	111

Dear Students and Parents,

As required by state law, the board of trustees has officially adopted the Student Code of Conduct in order to promote a safe and orderly learning environment for every student. We urge you to read this publication thoroughly and to discuss it with your family. If you have any questions about the required conduct and consequences for misconduct, we encourage you to ask for an explanation from the student's teacher or campus administrator.

We are looking forward to another great year at Westhoff School. Feel free to call and discuss any issue pertaining to your child. We feel that your child's safety and education are extremely important.

Great things are happening at Westhoff School!

Thanks for your support and confidence,

*Darrin Stansberry*

Darrin Stansberry  
Superintendent

A little school history;

The Westhoff School was founded in 1908 (at a time when the community was called "Bello". In 1950, the Lindenau and Wallis Ranch schools were consolidated into the Westhoff Rural School District as a result of state law passed; in 1978 the district became an independent district.

Currently, Westhoff Independent School District serves students in pre-kindergarten through eighth grade. In the school year 2025-2026 The Westhoff Academy for College and Careers was established to continue serving our students through Graduation. We are located at 244 Warrior Lane, Westhoff, Texas 77994. The telephone number is 830-236-5519.

**Westhoff Administration**

**Superintendent – Darrin Stansberry**  
**District coordinator – Dustin Kenne**  
**Administrative Assistant – Stephanie Migura**

## **WESTHOFF ISD MISSION STATEMENT**

The mission of Westhoff ISD is to promote student academic achievement and preparation for student success, to foster educational excellence, and ensure equal access by providing supplemental assistance to all Westhoff ISD students.

## **WESTHOFF ISD GOALS AND OBJECTIVES**

- Our students will be responsible, respectable, trustworthy, and self-disciplined citizens who will be actively engaged in their community.
- Our students will listen and read critically, speak and write articulately, communicate using advanced technologies, and adapt their communication style appropriately.
- Our students will provide a variety of academic and cocurricular activities that promote well-rounded, career-minded personalities.
- Our students will become problem solvers by collaborative, creative, and innovative critical thinking skills.
- Our students will become confident, goal-driven individuals, who will continue to challenge themselves to grow and learn.

## **WESTHOFF ISD BOARD OF TRUSTEES**

<b>Andrew Weikel – President</b>	<a href="mailto:aweikel@westhoffisd.org">aweikel@westhoffisd.org</a>

## **WISD Board of Trustees Meeting Schedule**

The Westhoff Board of Trustees usually meets on the third Thursday of each month at 6:00 p.m. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted on the Front Door at the Westhoff ISD Administration Building and on the District website at least 72 hours before the scheduled meeting time. The written

**notice will show the date, time, place, and subjects of each meeting. In emergencies, a meeting may be held with a two-hour notice.**

## **WESTHOFF ISD SUICIDE PREVENTION POLICY PROCEDURES, AND GUIDELINES**

Westhoff ISD and staff recognizes that suicide has become one of the top three leading causes of death among young people. It further acknowledges the schools' role in providing an environment which is sensitive to societal changes which place youth at greater risk for suicide, and one which helps to foster positive youth development. Consequently, WISD recognizes its moral and ethical responsibility to take a proactive stance in preventing the problem of youth suicide by providing programs which are conducive to the positive development of youth, and by providing appropriate intervention and referral for those potentially suicidal youth who come to the attention of school personnel.

At the same time, however, WISD recognizes that suicide is a complex issue which cannot be potentially suicidal youth; it cannot provide the necessary, in-depth, clinical assessment and psychotherapy. The school system's role in dealing with youth who are at high risk for suicide is to try to identify and refer these youth to appropriate community agencies for more in- depth assessment and treatment. Therefore, any school employee who may have knowledge of a suicide possibility of suicide must take the proper steps, as specified in the following administrative procedures, to report this information to the designated school personnel, the student's family, and/ or appropriate community agencies.

### **ADMINISTRATIVE GUIDELINES DEFINITION OF TERMS**

**1.SUICIDE PREVENTION COORDINATOR:** Throughout this document, the term "suicide prevention coordinator" shall be defined as personnel who hold appropriate certification for, and who are hired for the position of School Counselor, and/ or Social Services Department worker when available, and/or District Nurse as designated by the Superintendent.

**2.RISK ASSESSMENT:** A risk assessment is defined as an evaluation of a student who may be at risk for suicide, and is conducted by a School Counselor, or Social Services

Department. This interview is designed to elicit information regarding the student's intent to kill him/herself, previous history of suicide attempts, the presence of a suicide plan and its level of lethality and availability, the presence of support systems, level of hopelessness and helplessness, mental status, and other relevant risk factors.

**3. HIGH RISK:** A student who is defined as high risk for suicide is one who has made a suicide attempt, or has the intent to kill him/ herself. He/she has thought about how he/she would do this, and may have a plan. He/she has access to the method described, but may not have everything in place. In addition, he/she may exhibit feelings of isolation, hopelessness, helplessness, and the inability to tolerate any more pain. Support systems are often limited. This situation would necessitate parental contact and referral, as documented in the following procedures.

**4. VERY LOW OR NO RISK:** A student who is defined as very low or no risk for suicide is one who has not seriously considered suicide and has no plan or method. He/ she may be experiencing feelings of pain, but is willing to work to help to change the situation.

**5. CRISIS TEAM:** At district level this will include district nurse, member of the Social Services Department, district designated counselor and superintendent or his/her designee. At the campus level this will include an administrator, nurse, school counselor and teacher, or classroom aide. **MENTAL HEALTH:** A state of mental and emotional being that can impact choices and actions that affect wellness. Mental health problems include mental and substance use disorders.

**6. POSTVENTION:** Suicide postvention is a crisis intervention strategy designed to reduce the risk of suicide and suicide contagion, provide the support needed to help survivors cope with a suicide death, address the social stigma associated with suicide, and disseminate factual information after the suicide death of a member of the school community.

**7. RISK FACTORS FOR SUICIDE:** Characteristics or conditions that increase the chance that a person may try to take his or her life. Suicide risk tends to be highest when someone has several risk factors at the same time. Risk factors may encompass biological, psychological, and or social factors in the individual, family, and environment.

**8. SELF-HARM:** Behavior that is self-directed and deliberately results in injury or the potential for injury to oneself can be categorized as either non-suicidal or suicidal. Although self-harm often lacks suicidal intent, youth who engage in self-harm are more likely to attempt suicide.

**9. SUICIDE:** Death caused by self-directed injurious behavior with any intent to die as a result of the behavior. Note: The coroner's or medical examiner's officer must first confirm

that the death was a suicide before any school official may state this as the cause of death.

**10.SUICIDE ATTEMPT:** A self-injurious behavior for which there is evidence that the person had at least some intent to kill himself or herself. A suicide attempt may result in death, injuries, or no injuries. A mixture of ambivalent feelings such as wish to die and desire to live is a common experience with most suicide attempts. Therefore, ambivalence is not a sign of a less serious or less dangerous suicide attempt.

**11.SUICIDAL BEHAVIOR:** Suicide attempts, intentional injury to self associated with at least some level of intent, developing a plan or strategy for suicide, gathering the means for a suicide plan, or any other overt action or thought indicating intent to end one's life.

**12.SUICIDE CONTAGION:** The process by which suicidal behavior or a suicide influences an increase in the suicidal behaviors of others. Guilt, identification, and modeling are each thought to play a role in contagion. Although rare, suicide contagion can result in a cluster of suicides.

**13.SUICIDAL IDEATION:** Thinking about, considering, or planning for self-injurious behavior which may result in death. A desire to be dead without a plan or intent to end one's life is still considered suicidal ideation and should be taken seriously.

## **PREVENTION OF SUICIDE**

Westhoff ISD will undertake the following tasks in order to promote conditions that reduce the risk of possible youth suicide:

1. Conduct, and encourage others to conduct, activities designed to raise student, parent, staff, and community awareness about the problem of youth suicide.
2. Work collaboratively with community agencies for the purpose of fostering healthy youth development within the community and also facilitating appropriate student referrals.
3. Provide developmentally-based curricula to foster positive self-esteem, and the abilities to effectively cope with loss, to identify and utilize appropriate support systems, and to recognize and respond appropriately to the warning signs of suicide.

**Identification:** While no one risk factor, in itself, proves suicidal intent, the presence of a combination of factors may indicate a need for further assistance. In order to promote good mental health, WISD agrees to respond to students who are experiencing stressful life conditions, and who are demonstrating an inability to cope with these stressors.

High risk students include those who have made a suicide attempt, as well as those who are exhibiting the commonly recognized warning signs of suicide as listed in this document. Staff are encouraged to be sensitive to other signs they believe may indicate a student is suicidal.

## **ASSESSMENT AND REFERRAL**

When a student is identified by a staff person as potentially suicidal, i.e., verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers, the student will be seen by a school employed mental health professional within the same school day to assess risk and facilitate referral. If there is no mental health professional or Social Services Department worker available, a school nurse or administrator will fill this role until a mental health professional can be brought in.

For youth at risk:

1. School staff will continuously supervise the student to ensure their safety.
2. The principal and school suicide prevention coordinator will be made aware of the situation as soon as reasonably possible.
3. The school counselor will contact the student's parent or guardian, and/or mentor crisis team as described in the Parental Notification and Involvement section, and will assist the family with urgent referral. When appropriate, this may include calling emergency services or bringing the student to the local Emergency Department, but in most cases will involve setting up an outpatient mental health or primary care appointment and communicating the reason for referral to the healthcare provider.
4. If the student requires emergency medical attention or outside mental health intervention, the school counselor or other member of the district/campus crisis team will contact the parent/guardian after needed services have been arranged.
5. Staff will ask the student's parent or guardian for written permission to discuss the student's health with outside care, if appropriate.
6. In order to facilitate such identification, the CISD will provide training to all staff and students deemed necessary in recognizing the warning signs for suicide.

## **SUICIDE PREVENTION**

### **STAFF PROFESSIONAL DEVELOPMENT**

All staff will receive annual professional development on risk factors, warning signs, protective factors, response procedures, referrals, postvention, and resources regarding youth suicide prevention.

The professional development will include additional information regarding groups of students at elevated risk for suicide, including those living with mental and/or substance use disorders, those who engage in self-harm or have attempted suicide, those in out-of-

home settings, those experiencing homelessness, students bereaved by suicide, and those with medical conditions or certain types of disabilities. Additional professional development in risk assessment and crisis intervention will be provided to school employed mental health professionals and school nurses.

### **YOUTH SUICIDE PREVENTION PROGRAMMING**

Developmentally-appropriate, student-centered education materials will be integrated into the curriculum of all K-12 health classes. The content of these age-appropriate materials will include: 1) the importance of safe and healthy choices and coping strategies, 2) how to recognize risk factors and warning signs of mental disorders and suicide in oneself and others, 3) help-seeking strategies for oneself or others, including how to engage school resources and refer friends for help. In addition, schools may provide supplemental small-group suicide prevention programming for students.

### **RISK FACTORS AND WARNING SIGNS**

- Risk Factors for Suicide are characteristics or conditions that increase the chance that a person may try to take her or his life. Suicide risk tends to be highest when someone has several risk factors at the same time.
- The most frequently cited risk factors for suicide are:
  - Major depression (feeling down in a way that impacts your daily life) or bipolar disorder (severe mood swings)
  - Problems with alcohol or drugs
  - Unusual thoughts and behavior or confusion about reality
  - Personality traits that create a pattern of intense, unstable relationships or trouble with the law
  - Impulsivity and aggression, especially along with a mental disorder
  - Previous suicide attempt or family history of a suicide attempt or mental disorder
  - Serious medical condition and/ or pain

### **OUT-OF-SCHOOL SUICIDE ATTEMPTS**

If a staff member becomes aware of a suicide attempt by a student that is in progress in an out-of-school location, the staff member will take appropriate action which may include:

1. Call the police and/ or emergency medical services, such as 911.
2. Inform the student's parent or guardian.
3. Inform the school suicide prevention coordinator and administrator.

If the student contacts the staff member and expresses suicidal ideation, the staff member should maintain contact with the student (either in person, online, or on the phone). The staff member should then enlist the assistance of another person to contact the police while maintaining verbal engagement with the student.

### **PARENTAL NOTIFICATION AND INVOLVEMENT**

In situations where a student is assessed at risk for suicide or has made a suicide attempt, the student's parent or guardian will be informed as soon as practicable by the principal, designee, or school counselor. If the student has exhibited any kind of suicidal behavior, the counselor and student will create an initial safety plan to ensure student's safety. The parent or guardian should be counseled on "means restriction," limiting the child's access to mechanisms for carrying out a suicide attempt. A copy of the student's safety plan will be given to the student and available to the parent and/or guardian. Staff will also seek parental permission to communicate with outside mental health care providers regarding their child.

Through discussion with the student, the principal, designee, school counselor will assess whether there is further risk of harm due to parent or guardian notification. If the principal, designee, or school counselor believes, in their professional capacity, that contacting the parent or guardian would endanger the health or well-being of the student, they may delay such contact as appropriate.

### **IN-SCHOOL SUICIDE ATTEMPTS**

In the case of an in-school suicide attempt, the health and safety of the student is paramount. In these situations:

1. First aid will be rendered until professional medical treatment and/or transportation can be received, following district emergency medical procedures.
2. School staff will supervise the student to ensure their safety.
3. Staff will move all other students out of the immediate area as soon as possible.
4. If appropriate, staff will immediately request a mental health assessment for the youth.
5. The school employed counselor or member of crisis intervention team will contact the student's parent or guardian, as described in the Parental Notification and Involvement section.
6. Staff will immediately notify the principal or school suicide prevention coordinator regarding in-school suicide attempts.
7. Suicide Intervention Form will be completed. One copy will be filed with the student's counselor at the student's home campus. Another will be filed by the person completing the form and a final copy should be sent to the district suicide prevention coordinator. (See prevention form.)

### **RE-ENTRY PROCEDURE**

For students returning to school after a mental health crisis (e.g., suicide attempt or psychiatric hospitalization), a school counselor or member of the crisis intervention team will meet with the student's parent or guardian, and if appropriate meet with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school.

1. A school counselor or other designee will be identified to coordinate with the student, their parent or guardian, and any outside mental health care providers.

2. The parent or guardian will provide documentation from a mental health care provider that the student has undergone examination and that they are no longer a danger to themselves or others.
3. The designated staff person will periodically check in with student to help the student readjust to the school community and address any ongoing concerns.

## **POSTVENTION**

**1. Development and Implementation of an Action Plan** The crisis team will develop an action plan to guide school response following a death by suicide. A meeting of the crisis team to implement the action plan should take place immediately following news of the suicide death. The action plan may include the following steps:

a) Verify the death. Staff will confirm the death and determine the cause of death through communication with a coroner's office, local hospital, the student's parent or guardian or police department. Even when a case is perceived as being an obvious instance of suicide, it should not be labeled as such until after a cause of death ruling has been made. If the cause of death has been confirmed as suicide but the parent or guardian will not permit the cause of death to be disclosed, the school will not share the cause of death but will use the opportunity to discuss suicide prevention with students.

b) Assess the situation. The crisis team will meet to prepare the postvention response, to consider how severely the death is likely to affect other students, and to determine which students are most likely to be affected. The crisis team will also consider how recently other traumatic events have occurred within the school community and the time of year of the suicide. If the death occurred during a school vacation, the need for or scale or postvention activities may be reduced.

c) Share information. Before the death is officially classified as a suicide by the coroner's office, the death can and should be reported to staff, students, and parents/ guardians with an acknowledgement that its cause is unknown. Inform the faculty that a sudden death has occurred, preferably in a staff meeting. Write a statement for staff members to share with students. The statement should include the basic facts of the death and known funeral arrangements (without providing details of the suicide method), recognition of the sorrow the news will cause, and information about the resources available to help students cope with their grief. Public address system announcements and school-wide assemblies should be avoided. The crisis team may prepare a letter to send home with students that includes facts about the death (with the input and permission of the parent or guardian, crisis parent or guardian who is involved), information about what

the school is doing to support students, the warning signs of suicidal behavior, and a list of resources available.

d) Avoid suicide contagion. It should be explained in the staff meeting described above that one purpose of trying to identify and give services to other high risk students is to prevent another death. The crisis team will work with teachers to identify students who are most likely to be significantly affected by the death. In the staff meeting, the crisis team will review suicide warning signs and procedures for reporting students who generate concern.

e) Initiate support services. Students identified as being more likely to be affected by the death will be assessed by a school employed mental health professional to determine the level of support needed. The crisis team will coordinate support services for students and staff in need of individual and small group counseling as needed. In concert with parents or guardians, crisis team members will refer to community mental healthcare providers to ensure a smooth transition from the crisis intervention phase to meeting underlying or ongoing mental health needs.

## **2. External Communication**

The Superintendent will be the sole media spokesperson. Staff will refer all inquiries from the media directly to the spokesperson. The spokesperson will:

- a) Keep the district suicide prevention coordinator and superintendent informed of school actions relating to the death.
- b) Prepare a statement for the media including the facts of the death, postvention plans, and available resources. The statement will not include confidential information, speculation about victim motivation, means of suicide, or personal family information.
- c) Answer all media inquiries. If a suicide is to be reported by news media, the spokesperson should encourage reporters not to make it a front-page story, not to use pictures of the suicide victim, not to use the word suicide in the caption of the story, not to describe the method of suicide and not to use the phrase “suicide epidemic” as this may elevated the risk of suicide contagion. They should also be encouraged not to link bullying to suicide and not to speculate about the reason for suicide. Media should be asked to offer the community information on suicide risk factors, warning signs, and resources available.

**PUBLICATION AND DISTRIBUTION** This policy will be distributed annually and included in all student and teacher handbooks and on the school website.

## **Preface Parents and Students:**

Welcome to the new school year!

Education is a team effort. Students, parents, teachers, and other staff members working together will make this a successful year.

The **Westhoff Independent School District** Student Handbook is a general reference guide that is divided into two sections:

**Section One: Parental Rights** describes certain parental rights as specified in state or federal law.

**Section Two: Other Important Information for Parents and Students** is organized alphabetically by topic. Where applicable, the topics are further organized by grade level.

**Note:** Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with law, board-adopted policy, and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the **Westhoff Independent School District** Student Code of Conduct. To review the Code of Conduct, visit the district’s website at [www.westhoffisd.org](http://www.westhoffisd.org). State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

The Student Handbook is updated annually. However, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at **Westhoff ISD Administration office**.

**Note:** References to board policy codes are included for ease of reference. The hard copy of the district’s official policy manual is available for review in the district administration office, and an unofficial electronic copy is available at ***Westhoff ISD Administration office.***

The policy manual includes:

- Legally referenced legal policies that contain provisions from federal and state laws and regulations, case law, and other legal authorities that provide the legal framework for school districts
- Board-adopted local policies that articulate the board’s choices and values regarding district practices

For questions about the material in this handbook, please contact:

Complete and return to the student’s campus the following forms (provided in the forms packet distributed at the beginning of the year or upon enrollment):

- Acknowledgment Form
- Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information
- Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education (if you choose to restrict the release of information to these entities)
- Consent/Opt-Out Form for participation in third-party surveys

If you have difficulty accessing this handbook because of a disability, please contact:

***Dustin Kenne***  
***District coordinator***  
***dkenne@westhoffisd.org***  
***Westhoff Administration Office***  
***830 236-5519***

## Section One: Parental Rights

This section describes certain parental rights as specified in state or federal law.

### Consent, Opt-Out, and Refusal Rights

#### *Consent to Conduct a Psychological Evaluation*

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent.

**Note:** An evaluation may be legally required under special education rules or by the Texas Education Agency for child abuse investigations and reports.

#### *Consent to Human Sexuality Instruction*

##### Annual Notification

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove their child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. See the district coordinator for details.
- Use the district's grievance procedure concerning a complaint. [See **Complaints and Concerns (All Grade Levels)** and FNG(LOCAL).]

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age
- Devote more attention to abstinence from sexual activity than to any other behavior
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity

- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.**]

#### Consent Before Human Sexuality Instruction

Before a student receives human sexuality instruction, the parent must give written consent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

#### Opting Out of Human Sexuality Instruction

To remove your student from human sexuality instruction, please contact Dustin Kenne, District coordinator.

#### *Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking*

Before a student receives instruction on the prevention of child abuse, family violence, dating violence, and sex trafficking, the district must obtain written consent from the student's parent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

#### Annual Notification

Students receive instruction related to the prevention of child abuse, family violence, dating violence, and sex trafficking. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials. As required by law, any curriculum materials in the public domain used in this instruction will be posted on the district's website at the location indicated above.
- Remove their child from any part of this instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. See the district coordinator for details.

- Use the district’s grievance procedure concerning a complaint. [See **Complaints and Concerns (All Grade Levels)** and policy FNG for information on the grievance and appeals process.]

[See **Consent to Human Sexuality Instruction, Dating Violence** and **Child Sexual Abuse, Neglect, Trafficking, and Other Maltreatment of Children (All Grade Levels)**]

#### *Consent to Provide a Mental Health Care Service*

The district will not provide a mental health care service to a student or conduct a medical screening of a student as part of the district’s intervention procedures except as permitted by law.

The district has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The district’s mental health liaison will notify the student’s parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and provide information about available counseling options.

The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention.

The mental health liaison can be reached at:

**Dustin Kenne**  
**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**  
**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**  
**Westhoff Administration Office**  
**830 236-5519**

The mental health liaison can provide further information about these procedures as well as curriculum materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus.

[See **Mental Health Support (All Grade Levels)**]

#### *Consent to Display a Student’s Original Works and Personal Information*

Teachers may display a student’s work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork

- Special projects
- Photographs
- Original videos or voice recordings
- Other original works

However, the district will seek parental consent before displaying a student’s work on the district’s website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

*Consent to Receive Parenting and Paternity Awareness Instruction If a Student is Under Age 14*

A student under age 14 must have parental permission to participate in the district’s Parenting and Paternity Awareness Program (<https://www.texasattorneygeneral.gov/child-support/programs-and-initiatives/parenting-and-paternity-awareness-papa/papa-educators/papa-curriculum>). This program was developed by the Office of the Texas

Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

*Consent to Video or Audio Record a Student when Not Already Permitted by Law*

State law permits the school to make a video or voice recording without parental permission when the recording is to be used for:

- School safety
- Classroom instruction or a cocurricular or extracurricular activity
- Media coverage of the school
- Promotion of student safety, as provided by law for a student receiving special education services in certain settings

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

Please note that parents and visitors to a classroom, both virtual and in person, may not record video or audio or take photographs or other still images without permission from the teacher or other school official.

*Prohibiting the Use of Corporal Punishment*

Corporal punishment — spanking or paddling a student — may be used as a discipline management technique in accordance with the Student Code of Conduct and district policy FO(LOCAL).

However, in accordance with law, the district may not administer corporal punishment if a student’s parent submits a signed, written statement prohibiting its use.

A parent who does not want corporal punishment administered to their child must return the form included in the forms packet **OR** submit a written statement to the campus district coordinator stating this decision. This signed statement must be submitted each school year. A parent may revoke this prohibition at any time during the school year by providing a signed statement to the district coordinator.

**Note:**

- District personnel may use discipline methods other than corporal punishment if a parent requests that corporal punishment not be used.
- If the district knows that a student is in temporary or permanent custody of the state (through foster care, kinship care, or other arrangements), corporal punishment will not be administered, even when the student’s caregiver or caseworker has not submitted a signed statement prohibiting its use.

*Limiting Electronic Communications between Students and District Employees*

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for the class to relay information about class work, homework, and tests. A parent is welcome to access such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity.

**The employee is required to include their immediate supervisor and the student’s parent as recipients on all text messages.**

A parent who does not want their child to receive one-to-one electronic communications from a district employee should contact the district coordinator.

*Objecting to the Release of Directory Information*

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent.

“Directory information” is information that, if released, is generally not considered harmful or an invasion of privacy. Examples include:

- A student’s photograph and grade (for publication in a school yearbook)
- A student’s name

Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of this information.

**Any objection must be made in writing to the district coordinator within 10 school days of the student's first day of instruction for this school year.** [See **Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information**, included in the forms packet.]

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

As allowed by state law, the district has identified the following as directory information:

- name
- grade level

If a parent objects to the release of the student's information included on the directory information response form, this objection also applies to the use of that information for school-sponsored purposes, such as:

- Honor roll
- School newspaper
- Yearbook
- Recognition activities
- News releases
- Athletic programs

**Note:** Also see **Authorized Inspection and Use of Student Records**.

### *Participation in Third-Party Surveys*

#### Consent Required Before Student Participation in a Federally Funded Survey

The Protection of Pupil Rights Amendment (PPRA) provides parents certain rights regarding participation in surveys, the collection and use of information for marketing purposes, and certain physical exams.

A parent has the right to consent before a student is required to submit to a survey funded by the U.S. Department of Education that concerns any of the following protected areas:

- Political affiliations or beliefs of the student or the student's parent
- Mental or psychological problems of the student or the student's family
- Sex behavior or attitudes
- Illegal, antisocial, self-incriminating, or demeaning behavior
- Critical appraisals of individuals with whom the student has a close family relationship
- Legally recognized privileged relationships, such as with lawyers, doctors, and ministers

- Religious practices, affiliations, or beliefs of the student or parent
- Income, except when the information is required by law and will be used to determine the student’s eligibility for a program

A parent may inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey.

[See policy EF(LEGAL) for more information.]

### “Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The PPRA gives parents the right to receive notice and an opportunity to opt a student out of:

- Activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information to others
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of the student

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA for more information.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes
- Instructional material used as part of the educational curriculum

The ED provides extensive information about the [Protection of Pupil Rights Amendment \(https://studentprivacy.ed.gov/resources/protection-pupil-rights-amendment-ppra-general-guidance\)](https://studentprivacy.ed.gov/resources/protection-pupil-rights-amendment-ppra-general-guidance), including a [PPRA Complaint Form \(https://studentprivacy.ed.gov/file-a-complaint\)](https://studentprivacy.ed.gov/file-a-complaint).

### Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

See **Consent to Human Sexuality Instruction** and **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** for information on a parent’s right to remove a student from such instruction.

#### *Reciting a Portion of the Declaration of Independence in Grades 3-12*

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes to provide the following:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution

- A specific recitation from the Declaration of Independence for students in grades 3-12

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if any of the following apply:

- A parent provides a written statement requesting that their child be excused
- The district determines that the student has a conscientious objection to the recitation
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity

[See policy EHBK(LEGAL) for more information.]

### ***Reciting the Pledges to the U.S. and Texas Flags***

A parent may request that their child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See **Pledges of Allegiance and a Minute of Silence (All Grade Levels)** and policy EC(LEGAL) for more information.]

### ***Religious or Moral Beliefs***

A parent may remove their child temporarily from the classroom if a scheduled instructional activity conflicts with the parent's religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester.

The student must also satisfy grade-level and graduation requirements as determined by the school and by state law.

### ***Tutoring or Test Preparation***

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations
- Evaluative data such as grades earned on assignments or tests
- Results from diagnostic assessments

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, districts must obtain parental permission before removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than 10 percent of the days the class is offered.

If a district offers tutorial services to students, state law requires a student with a grade below 70 for a reporting period to attend.

[For questions about school-provided tutoring programs, contact the student’s teacher and see policies EC and EHBC. See **Standardized Testing** for information regarding required accelerated instruction after a student fails to perform satisfactorily on certain state-mandated tests.]

## **Right of Access to Student Records, Instructional Materials, and District Records/Policies**

### ***Parent Review of Instructional Materials***

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered, whether instruction is delivered in-person, virtually, or remotely.

The district will make instructional materials available for parent review no later than 30 days before the school year begins and for at least 30 days after the school year ends.

However, tests that have not yet been administered will not be made available for parent examination.

The district will provide login credentials to each student’s parent for any learning management system or online learning portal used in instruction to facilitate parent access and review.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

[For information about parental access to any online library catalog and library materials, see **Library (All Grade Levels)**.]

### ***District Review of Instructional Materials***

A parent may request that the district conduct an instructional material review in a math, English Language Arts, science, or social studies class in which the parent’s student is enrolled to determine alignment with state standards and the level of rigor for the grade level.

The district is not required to conduct an instructional material review for a specific subject area or grade level at a specific campus more than once per school year.

For more information about requesting an instructional material review, contact:

**Dustin Kenne, District coordinator.**

*Notices of Certain Student Misconduct to Noncustodial Parent*

A noncustodial parent may request in writing that the district provide for the remainder of the school year a copy of any written notice usually provided to a parent related to the child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See the Student Code of Conduct and policy FO(LEGAL) for more information.]

#### *Participation in Federally Required, State-Mandated, and District Assessments*

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to their child's participation in required assessments.

#### *Student Records*

##### Accessing Student Records

A parent may review their child's records, including:

- Attendance records
- Test scores
- Grades
- Disciplinary records
- Counseling records
- Psychological records
- Applications for admission
- Health and immunization information
- Other medical records
- Teacher and school counselor evaluations
- Reports of behavioral patterns
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with the child, as the term "intervention strategy" is defined by law
- State assessment instruments that have been administered to the child
- Teaching materials and tests used in the child's classroom

##### Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an "eligible" student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at

**Objecting to the Release of Directory Information**, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access
- Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA

- Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent
- File a complaint (<https://studentprivacy.ed.gov/file-a-complaint>) with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information about student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is restricted to an eligible student or a student’s parent unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records. A parent’s rights regarding access to student records are not affected by the parent’s marital status.

Federal law requires that control of the records goes to the student as soon as the student meets at least one of the following criteria:

- Reaches the age of 18
- Is emancipated by a court
- Enrolls in a postsecondary educational institution

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records without written consent of the parent or eligible student when school officials have what federal law refers to as a “legitimate educational interest” in a student’s records.

Legitimate educational interest may include:

- Working with the student
- Considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities
- Compiling statistical data
- Reviewing an educational record to fulfill the official’s professional responsibility
- Investigating or evaluating programs

School officials may include:

- Board members and employees, such as the superintendent, administrators, and principals

- Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff)
- A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer)
- A person appointed to serve on a team to support the district's safe and supportive school program
- A parent or student serving on a school committee
- A parent or student assisting a school official perform their duties

FERPA also permits the disclosure of personally identifiable information without written consent:

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture's office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives
- To individuals or entities granted access in response to a subpoena or court order
- To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled
- In connection with financial aid for which a student has applied or has received
- To accrediting organizations to carry out accrediting functions
- To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction
- To appropriate officials in connection with a health or safety emergency
- When the district discloses directory information-designated details. [See **Objecting to the Release of Directory Information** to prohibit this disclosure.]

Release of personally identifiable information to any other person or agency — such as a prospective employer or for a scholarship application — will occur only with parental or student permission as appropriate.

The **superintendent** is custodian of all records for currently enrolled students at the assigned school. The **superintendent** is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student's records should submit a written request to the custodian of records identifying the records they want to inspect.

Records may be reviewed in person during regular school hours. The custodian of records or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of 10 cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review the records.

You may contact the custodian of records for currently enrolled students for students who have withdrawn or graduated at:

**Stephanie Migura**

**Administrative Assistant**

**PO Box 38**

**Westhoff, Texas 77994**

**[mflores@westhoffisd.org](mailto:mflores@westhoffisd.org)**

**830 236-5519**

A parent or eligible student may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights.

A request to correct a student's record should be submitted to the appropriate custodian of records. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a teacher can be changed only if the board of trustees determines that the grade is arbitrary, erroneous, or inconsistent with the district's grading guidelines.

[See **Report Cards/Progress Reports and Conferences (All Grade Levels)**, **Complaints and Concerns (All Grade Levels)**, and Finality of Grades at policy FNG(LEGAL).]

The district's student records policy is found at policy FL(LEGAL) and (LOCAL) and is available at the district coordinator's or superintendent's office or on the district's website at:

**[www.westhoffisd.org](http://www.westhoffisd.org)**

**Note:** The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records — such as a teacher's personal notes about a student shared only with a substitute teacher — do not have to be made available.

*Teacher and Staff Professional Qualifications*

A parent may request information about the professional qualifications of their child's teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction
- Has an emergency permit or other provisional status for which state requirements have been waived
- Is currently teaching in the field or discipline of their certification

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

## **A Student with Exceptionalities or Special Circumstances**

### ***Children of Military Families***

The Interstate Compact on Educational Opportunities for Military Children (<https://www.dodea.edu/education/partnership-and-resources/military-interstate-compact>) entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements
- Grade level, course, or educational program placement
- Eligibility requirements for participation in extracurricular activities

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty
- On leave
- Returning from a deployment of at least four months

The district will permit **no more than five** excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment. Additional information may be found at Military Family Resources at the Texas Education Agency (<https://tea.texas.gov/about-tea/other-services/military-family-resources>).

[See **Bullying (All Grade Levels)**, and policies FDB and FFI for more information.]

The district will honor a parent's request for the transfer of their child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE for more information.]

The board will honor a parent's request for the transfer of their child to a neighboring district if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been

convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the board will transfer the assailant.

*Student Use of a Service/Assistance Animal*

A parent of a student who uses a service/assistance animal because of the student's disability must submit a written request to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within 10 district business days.

*A Student in the Conservatorship of the State (Foster Care)*

In an effort to provide educational stability, the district will provide enrollment and registration assistance, as well as other educational services throughout the student's enrollment, to any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care). A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will assess the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district.

The district will award partial course credit when the student only passes one half of a two-half course. [For provisions on partial course credit for students who are not in the conservatorship of the state, see EI(LOCAL).]

A student in the conservatorship of the state who is moved outside the district's or school's attendance boundaries — or who is initially placed in the conservatorship of the state and moved outside the district's or school's boundaries — is entitled to remain at the school the student was attending before the placement or move until the student reaches the highest grade level at that particular school.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid
- Arrange for and accompany the student on campus visits
- Assist in researching and applying for private or institution-sponsored scholarships
- Identify whether the student is a candidate for appointment to a military academy
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS)
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state

If you have questions, please contact the district's foster care liaison:

**Dustin Kenne**  
**District coordinator**  
***dkenne@westhoffisd.org***  
**Westhoff ISD Administration Office**  
**830 236-5519**

[See **Credit by Examination for Advancement/Acceleration — If a Student Has Not Taken the Course/Subject** and **Course Credit (Secondary Grade Levels Only)**]

*A Student Who Is Homeless*

A parent is encouraged to inform the district if their child is experiencing homelessness. District staff can share resources that may be able to assist families.

A student who is homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements
- Immunization requirements
- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness)
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules
- Assessment of the student’s available records to determine transfer of credit for subjects and courses taken before the student’s enrollment in the district
- Awarding partial credit when a student passes only one half of a two-half course
- Eligibility requirements for participation in extracurricular activities
- Graduation requirements

Federal law allows a student who is homeless to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing. If a student who is homeless in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

For more information on services for students who are homeless, contact the district’s homeless education liaison:

**Darrin Stansberry**  
**Superintendent**

**PO Box 38  
Westhoff, Texas  
830 236-5519**

[See **Credit by Examination for Advancement/Acceleration — If a Student Has Not Taken the Course/Subject** and **Course Credit (Secondary Grade Levels Only).**]

*A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services*

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, their parent may contact the individuals listed below to learn about the school's overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

**Special Education Referrals**

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the [Notice of Procedural Safeguards](https://fw.escapps.net/Display_Portal/publications) ([https://fw.escapps.net/Display\\_Portal/publications](https://fw.escapps.net/Display_Portal/publications)). If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

**Note:** A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent. However, if the student is absent from school during the

evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent. There is an exception to the 45-school-day timeline. If the district receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information about special education is available from the school district in a companion document titled Parent's Guide to the Admission, Review, and Dismissal Process ([https://fw.escapps.net/Display\\_Portal/publications](https://fw.escapps.net/Display_Portal/publications)).

Contact Person for Special Education Referrals

The designated contact person regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is:

**Dustin Kenne**  
**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**  
**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**  
**830 236-5519**

### **Section 504 Referrals**

Each school district must have standards and procedures in place for the evaluation and placement of students in the district's Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice
- An opportunity for a parent or guardian to examine relevant records
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel
- A review procedure

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is:

**Dustin Kenne**  
**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**

***dkenne@westhoffisd.org***  
**830 236-5519**

[See **A Student with Physical or Mental Impairments Protected under Section 504**]

Visit these websites for information regarding students with disabilities and the family:

- [Partner Resource Network](http://prntexas.org/) (<http://prntexas.org/>)
- [SPEDTEX: Special Education Information Center](https://www.spedtex.org/) (<https://www.spedtex.org/>)
- [Texas First Project](http://www.texasprojectfirst.org/) (<http://www.texasprojectfirst.org/>)
- [TEA Special Education Parent and Family Resources](https://tea.texas.gov/academics/special-student-populations/special-education/parent-and-family-resources) (<https://tea.texas.gov/academics/special-student-populations/special-education/parent-and-family-resources>)

Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

### ***A Student Who Receives Special Education Services with Other School-Aged Children in the Home***

If a student is receiving special education services at a campus outside their attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus if the grade level for the transferring student is offered on that campus.

The student receiving special education services is entitled to transportation; however, the district is not required to provide transportation to other children in the household. The parent or guardian should contact the school principal regarding transportation needs before requesting a transfer for other children in the home. [See policy FDB(LOCAL) for more information.]

### ***A Student Who Speaks a Primary Language Other than English***

A student may be eligible to receive specialized support if their primary language is not English and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

[See **Emergent Bilingual Students (All Grade Levels)** and **Special Programs (All Grade Levels)**.]

*A Student with Physical or Mental Impairments Protected under Section 504*

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law — and who does not otherwise qualify for special education services — may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[See **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** and policy FB for more information.]

## **Section Two: Other Important Information for Parents and Students**

This section contains important information on academics, school activities, and school operations and requirements.

It is organized alphabetically to serve as a quick-reference guide. Where applicable, the topics are further organized by grade level.

Parents and children should take a moment together to become familiar with the issues addressed in this section. For guidance on a particular topic, please contact the District coordinator.

### **Absences/Attendance**

Regular school attendance is essential. Absences from class may result in serious disruption of a student's education. The student and parent should avoid unnecessary absences.

Two important state laws are discussed below — one dealing with compulsory attendance and the other with how attendance affects the award of a student's final grade or course credit.

#### ***Compulsory Attendance***

Prekindergarten and Kindergarten

Students enrolled in Prekindergarten and kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Ages 6-18

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires a student in kindergarten-grade 2 to attend any assigned accelerated reading instruction program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program based on a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program before or after school or during the summer if the student does not meet the passing standards on an applicable subject area state assessment.

#### ***Compulsory Attendance — Exemptions***

All Grade Levels

State law allows exemptions to the compulsory attendance requirements, as long as the student makes up all work, for the following activities and events:

- Religious holy days
- Required court appearances
- Appearing at a governmental office to obtain U.S. citizenship

- Taking part in a US naturalization oath ceremony
- Serving as an election clerk
- Health-care appointments for the student or a child of the student, including absences related to autism services
- Absences resulting from a serious or life-threatening illness or related treatment that makes a student’s attendance infeasible, with certification by a physician
- For students in the conservatorship of the state:
  - An activity required under a court-ordered service plan
  - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments. [See **Children of Military Families.**]

Note that documented health-care appointments may include telehealth appointments. Students who are physically on campus will not be allowed to participate in telehealth or other online appointments without specific authorization from an appropriate administrator. Students should not use district-issued technology, including wifi or internet, for telehealth appointments because use of district-owned equipment and its network systems is not private and may be monitored by the district. For more information, see **Telecommunications and Other Electronic Devices (All Grade Levels).**

***Compulsory Attendance — Failure to Comply***

(All Grade Levels)

School employees must investigate and report violations of the compulsory attendance law.

A student who is absent without permission from school, any class, any required special program, or any required tutorial will be considered in violation of the compulsory attendance law and subject to disciplinary action.

**Students with Disabilities**

If a student with a disability is experiencing attendance issues, the student’s ARD or Section 504 committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

Ages 6-18

When a student age 6-18 three or more unexcused absences within a four-week period, the law requires the school to send notice to the parent.

The notice will:

- Remind the parent of their duty to monitor the student’s attendance and require the student to attend school
- Request a conference between school administrators and the parent
- Inform the parent that the district will initiate truancy prevention measures, including a behavior improvement plan, school-based community service, referrals to counseling or other social services, or other appropriate measures

The truancy prevention facilitator for the district is:

**Dustin Kenne**  
**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**  
**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**  
**830 236-5519**

For any questions about student absences, parents should contact the district coordinator or any other campus administrator.

A court of law may impose penalties against the parent if a school-aged student is deliberately not attending school. The district may file a complaint against the parent if the student incurs 10 or more unexcused absences within a six-month period in the same school year.

If a student age 12-18 incurs 10 or more unexcused absences within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policies FEA(LEGAL) and FED(LEGAL) for more information.]

***Attendance for Credit or Final Grade***

(All Grade Levels)

To receive credit or a final grade in a class, a student must attend the class at least 90 percent of the days it is offered. A student who attends at least 75 percent but fewer than 90 percent of the days may receive credit or a final grade if they complete a plan, approved by the principal, that allows the student to fulfill the class’s instructional requirements. If a student is involved in a criminal or juvenile court proceeding, the judge presiding over the case must also approve the plan before the student receives credit or a final grade.

If a student attends fewer than 75 percent of the class days or does not complete the principal-approved plan, then the attendance review committee will determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade. [See policy FEC for more information.]

Except for absences due to serious or life-threatening illness or related treatment, all absences, excused or unexcused, may be held against a student’s attendance

requirement. To determine whether there were extenuating circumstances for any absences, the **district coordinator** or attendance committee will consider:

- Whether the student has mastered the essential knowledge and skills and maintained passing grades in the course or subject.
- Whether the student has completed makeup work satisfactorily. If the student completes makeup work, absences listed under **Compulsory Attendance** and absences for extracurricular activities will be considered extenuating circumstances.
- Whether the student or the student's parent had any control over the absences.
- Any information presented by the student or parent to the committee about the absences.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

#### ***Official Attendance-Taking Time (All Grade Levels)***

The district will take official attendance every day at 9:20 AM.

A student absent for any portion of the day should follow the procedures below to provide documentation of the absence.

#### ***Documentation after an Absence (All Grade Levels)***

A parent must provide an explanation for any absence upon the student's arrival or return to school. The student must submit a note signed by the parent. The campus may accept a phone call from the parent but reserves the right to require a written note.

A note signed by the student will not be accepted unless the student is age 18 or older or is an emancipated minor under state law.

The campus will document in its attendance records whether the absence is excused or unexcused.

**Note:** The district is not required to excuse any absence, even if the parent provides a note explaining the absence, unless the absence is an exemption under compulsory attendance laws.

#### ***Doctor's Note after an Absence for Illness (All Grade Levels)***

Within **3 days** of returning to school, a student who is absent for more than **three (3)** days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the absence. Otherwise, the absence may be considered unexcused and in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the

illness or condition that caused the absence to determine whether an absence will be excused or unexcused.

### **Certification of Absence Due to Severe Illness or Treatment**

If a student is absent because of a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, a parent must provide certification from a physician licensed to practice in Texas specifying the student's illness and the anticipated period of absence related to the illness or treatment.

### **Driver License Attendance Verification (Secondary Grade Levels Only)**

A currently enrolled student seeking a driver's license shall submit the Texas Department of Public Safety Verification of Enrollment and Attendance Form (VOE), signed by the parent, to the campus central office at least 10 days before it is needed. The district will issue a VOE only if the student meets class credit or attendance requirements. The VOE form (<https://www.tdlr.texas.gov/driver/forms/VOE.pdf>) is available online.

More information is available on the Texas Department of Public Safety website (<https://www.dps.texas.gov/section/driver-license/how-apply-texas-driver-license-teen>).

[See **Compulsory Attendance — Exemptions for Secondary Grade Levels** for information on excused absences for obtaining a learner license or driver's license.]

### **Accountability under State and Federal Law (All Grade Levels)**

**Westhoff Independent School District** is held to certain standards of accountability under state and federal law. A key component of accountability is the dissemination and publication of certain reports and information, including:

- The Texas Academic Performance Report (TAPR) for the district, compiled by the Texas Education Agency (TEA), based on academic factors and ratings
- A School Report Card (SRC) for each campus in the district, compiled by TEA
- The district's financial management report, which includes the financial accountability rating assigned to the district by TEA
- Information compiled by TEA for the submission of a federal report card that is required by federal law

Accountability information can be found on the district's website at:

**[www.westhoffisd.org](http://www.westhoffisd.org)**.

Hard copies of any reports are available upon request to the district's administration office.

TEA maintains additional accountability and accreditation information at TEA Performance Reporting Division (<https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting>).

### **Armed Services Vocational Aptitude Battery Test**

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter. Please contact the high school principal for more information about this opportunity.

### **Bullying (All Grade Levels)**

The district strives to prevent bullying, in accordance with the district’s policies, by promoting a positive school culture; building healthy relationships between students and staff; encouraging reporting of bullying incidents, including anonymous reporting; and investigating and addressing reported bullying incidents.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school
- Infringes on the rights of the victim at school

Bullying includes cyberbullying. Cyberbullying is defined in state law as bullying that is done using any electronic communication device, including:

- A cellular or other type of telephone
- A computer
- A camera
- Electronic mail
- Instant messaging
- Text messaging
- A social media application
- An internet website
- Any other internet-based communication tool

Bullying is prohibited by the district and could include:

- Hazing
- Threats
- Taunting
- Teasing
- Confinement
- Assault
- Demands for money
- Destruction of property
- Theft of valued possessions

- Name-calling
- Rumor-spreading
- Ostracism

The district will integrate into instruction research-based content designed to reduce bullying that is appropriate for students' age groups.

**Students in elementary grades will participate in:**

- Instruction designed so that students can recognize bullying behaviors and how to report them
- Age-appropriate discussions that encourage peers to intervene when they observe bullying occur
- Instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an unchangeable trait

**Students in grades 6-8 will participate in:**

- Instruction on the brain's ability to change and grow so the student recognizes bullying behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an unchangeable trait
- Discussions that portray bullying as undesirable behavior and a means for attaining or maintaining social status at school, and that discourage students from using bullying as a tool for social status
- Instruction designed so that students recognize the role that reporting bullying behaviors plays in promoting a safe school community

The district will use an age-appropriate survey about school culture that includes relevant questions on bullying to identify and address student concerns.

Each campus has a committee that addresses bullying by focusing on prevention efforts and health and wellness initiatives. The committee will include parents and secondary students. For more information on this committee, including interest in serving on the committee, contact **Dustin Kenne, District coordinator**.

If a student believes that they have experienced bullying or witnessed the bullying of another student, the student or parent should notify a teacher, school counselor, principal, or another district employee as soon as possible. Any district employee aware of a report of a bullying incident will relay the report to an appropriate administrator.

Procedures for reporting allegations of bullying may be found on the district's website. A student may anonymously report an alleged incident of bullying by **calling the Westhoff ISD administration Office with the information at 830 236-5519**. The administration will investigate any allegations of bullying and related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying.

If an investigation determines that bullying occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement.

**"Bullying":**

1. Means a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that satisfies the applicability requirements below and that:
  - a. Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
  - b. Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
  - c. Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
  - d. Infringes on the rights of the victim at school; and
2. Includes cyberbullying.

"Cyberbullying" means bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an internet website, or any other internet-based communication tool.

These provisions apply to:

1. Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
2. Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
3. Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying:
  - a. Interferes with a student's educational opportunities; or
  - b. Substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

The board shall adopt a policy, including any necessary procedures, concerning bullying that:

1. Prohibits the bullying of a student;
2. Prevents and mediates bullying incidents between students that:
  - a. Interfere with a student's educational opportunities; or
  - b. Substantially disrupt the orderly operation of a classroom, school, or school-sponsored or school-related activity;
3. Prohibits retaliation against any person, including a victim, a witness, or another person, who in good faith provides information concerning an incident of bullying;
4. Establishes a procedure for providing notice of an incident of bullying to:
  - a. A parent or guardian of the alleged victim on or before the third business day after the date the incident is reported; and
  - b. A parent or guardian of the alleged bully within a reasonable amount of time after the incident.

5. Establishes the actions a student should take to obtain assistance and intervention in response to bullying;
6. Sets out the available counseling options for a student who is a victim of or a witness to bullying or who engages in bullying;
7. Establishes procedures for reporting an incident of bullying, including procedures for a student to anonymously report an incident of bullying, investigating a reported incident of bullying, and determining whether the reported incident of bullying occurred;
8. Prohibits the imposition of a disciplinary measure on a student who, after an investigation, is found to be a victim of bullying, on the basis of that student's use of reasonable self-defense in response to the bullying;
9. Requires that discipline for bullying of a student with disabilities comply with applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.); and
10. Complies with the minimum standards adopted by the Texas Education Agency (TEA) for a district's policy.

The policy and any necessary procedures must be included annually in the student and employee handbooks and in the district improvement plan under Education Code 11.252. [See BQ]

Disciplinary or other action may be taken even if the conduct did not meet the definition of bullying.

The district will provide research-based interventions, which may include counseling options, for students who engage in bullying behaviors, students who are targeted by bullying behaviors, and any student who witnessed bullying behaviors.

Any action taken in response to bullying will comply with state and federal law regarding students with disabilities.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon recommendation of the administration, the board may transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the board may transfer the student to another campus in the district. The parent of a student who has been determined to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See

### **Safety Transfers/Assignments]**

A copy of the district's bullying policy is available in the district coordinator's office, superintendent's office, and on the district's website, and is included at the end of this handbook as an appendix.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See **Safety Transfers/Assignments, Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels), Hazing (All Grade Levels)**, policy FFI, the district's Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

District policy prohibits discrimination on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities, and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

District policy also prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission or participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator.

[See **Nondiscrimination Statement (All Grade Levels)** for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator.]

### **Career and Technical Education (CTE) and Other Work-Based Programs**

The district offers career and technical education programs in agriculture, food and natural resources, business management and administration, education and training, human resources, information technology and manufacturing. Admission to these programs is based on interest, aptitude, age appropriateness, and class space availability. District policy prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its vocational programs, services or activities and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, as amended. District policy prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended. The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs. For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator. [See Nondiscrimination Statement for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator.]

### **Celebrations (All Grade Levels)**

Although a parent or grandparent may provide food to share for a school-designated function or for a student's birthday, please be aware that children in the school may have severe allergies to certain food products. Discuss any classroom allergies with the teacher before bringing food to share.

Occasionally, the school or a class may host functions or celebrations tied to the curriculum that involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers to provide food.

[See **Food Allergies (All Grade Levels)**]

## **Child Sexual Abuse, Neglect, Trafficking, and Other Maltreatment of Children (All Grade Levels)**

The district has established a policy for addressing child abuse, neglect, trafficking, and other maltreatment of children. The policy is available the **Board Policy Manual GRA (LEGAL) and GRA (Local)**. Abuse includes physical abuse, including sexual abuse, and psychological and emotional abuse. Trafficking includes both sex and labor trafficking.

### ***Duty to Report***

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). See below for information about how to report and respond to allegations of child abuse or neglect.

*Possible Warning Signs of Child Abuse, Neglect, Trafficking, and Other Maltreatment of Children*

### **Physical abuse**

Possible warning signs of physical abuse include:

- Frequent injuries such as bruises, cuts, black eyes, or burns without adequate explanations
- Frequent complaints of pain without apparent injury
- Burns or bruises in unusual patterns that may indicate the use of an instrument or human bite; cigarette burns on any part of the body
- Lack of reaction to pain
- Extreme fear of going home or seeing parents
- Injuries that appear after a child has not been seen for several days
- Unseasonable clothing that may hide injuries to arms or legs

### **Sexual Abuse**

Possible warning signs of sexual abuse include:

- Physical signs of sexually transmitted diseases
- Evidence of injury to the genital area
- Pregnancy in a young girl
- Difficulty in sitting or walking
- Extreme fear of being alone with adults of a certain sex
- Sexual comments, behaviors, or play beyond what is considered age-appropriate behavior
- Knowledge of sexual relations beyond what is expected for a child's age
- Sexual victimization of other children

Children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. **[Dating Violence, Discrimination,**

## **Harassment, and Retaliation (All Grade Levels) and Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.]**

### **Emotional Abuse**

Possible warning signs of emotional abuse include:

- Over-compliance or low self-esteem caused by scapegoating or verbal abuse by caregivers
- Severe depression, anxiety, or aggression
- Lag in physical, emotional, and intellectual development
- Indicators of a caregiver who belittles the child, withholds love, and seems unconcerned about the child's problems
- Significant changes to behavior, such as withdrawal or over-aggression
- Significant changes to weight, such as substantial weight gain or weight loss

### **Neglect**

Possible warning signs of neglect include:

- Obvious malnourishment
- Consistent lack of personal hygiene that poses a health risk
- Stealing or begging for food
- Child unattended for long periods of time
- Unaddressed need for dental care or other medical attention

### ***Description and Warning Signs of Trafficking***

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers are often trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches. Some traffickers contact victims online.

### **Possible warning signs of sexual trafficking in children include:**

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology)
- Tattoos or branding
- Refillable gift cards
- Frequent runaway episodes
- Multiple phones or social media accounts
- Provocative pictures posted online or stored on the phone
- Unexplained injuries
- Isolation from family, friends, and community

- Older romantic partners

**Additional warning signs of labor trafficking in children include:**

- Being unpaid, paid very little, or paid only through tips
- Being employed but not having a school-authorized work permit
- Being employed and having a work permit but clearly working outside the permitted hours for students
- Owing a large debt and being unable to pay it off
- Not being allowed breaks at work or being subjected to excessively long work hours
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss
- Not being in control of their own money
- Living with an employer or having an employer listed as a student's caregiver
- A desire to quit a job but not being allowed to do so

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.**]

***Reporting and Responding to Child Abuse, Neglect, Trafficking, and Other Maltreatment of Children***

A child who has experienced any type of abuse or neglect should be encouraged to seek out a parent or trusted adult. Children may be reluctant to disclose abuse and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if your child or another child confides in you. Reassure the child that they did the right thing by telling you.

If your child is a victim of abuse, neglect, trafficking, or other maltreatment, the school counselor or district coordinator will provide information on counseling options for you and your child available in your area. DFPS also manages early intervention counseling programs.

To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp) ([http://www.dfps.state.tx.us/Prevention\\_and\\_Early\\_Intervention/Programs\\_Available\\_In\\_Your\\_County/default.asp](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp)).

Reports of abuse, trafficking, or neglect may be made to the CPS division of the DFPS at 1 800-252-5400 or on the web at [Texas Abuse Hotline Website](http://www.txabusehotline.org) ([www.txabusehotline.org](http://www.txabusehotline.org)).  
*Further Resources on Sexual Abuse, Trafficking, and Other Maltreatment of Children*

The following websites include resources to help increase awareness of child abuse and neglect, sexual abuse, trafficking, and other maltreatment of children:

- [Child Welfare Information Gateway](https://www.childwelfare.gov/pubPDFs/whatiscan.pdf) (<https://www.childwelfare.gov/pubPDFs/whatiscan.pdf>)
- [KidsHealth, For Parents, Child Abuse](https://kidshealth.org/en/parents/child-abuse.html) (<https://kidshealth.org/en/parents/child-abuse.html>)
- [Office of the Texas Governor’s Child Sex Trafficking Team](https://gov.texas.gov/organization/cjd/childsextrafficking) (<https://gov.texas.gov/organization/cjd/childsextrafficking>)
- [Human Trafficking of School-aged Children](https://tea.texas.gov/about-tea/other-services/human-trafficking-of-school-aged-children) (<https://tea.texas.gov/about-tea/other-services/human-trafficking-of-school-aged-children>)
- [Child Sexual Abuse: A Parental Guide from the Texas Association Against Sexual Assault](https://taasa.org/product/child-sexual-abuse-parental-guide/) (<https://taasa.org/product/child-sexual-abuse-parental-guide/>)
- [National Center of Safe Supportive Learning Environments: Human Trafficking in America's Schools](https://safesupportivelearning.ed.gov/human-trafficking-americas-schools) (<https://safesupportivelearning.ed.gov/human-trafficking-americas-schools>)

### **Class Rank / Highest Ranking Student**

Class ranking shall be determined by averaging all grades earned for core courses taken in grades 9– 12 through the 5th six-weeks grading period of the senior year. The weighted grade point average (GPA) shall be rounded to the nearest hundredth. Grades transferred from other schools shall be credited in conformity with the course descriptions approved for the established grading system.

The district shall include in the calculation of class rank semester grades earned in high school credit courses taken in the following subject areas only: English, mathematics, science and social studies.

### **EXCLUSIONS**

Credit for courses taken in summer school, credit recovery, or earned through credit by examination, with or without prior instruction, shall not be used in the calculation for class rank.

### **VALEDICTORIAN / SALUTATORIAN**

The valedictorian and salutatorian shall be the eligible students with the highest and second highest ranking as determined by the district’s class ranking procedure and who have completed the Foundation High School Program with Distinguished Level Achievement. To be eligible, a student must also have been continuously enrolled in the district high school for the four regular semesters preceding graduation.

### **TIES**

Should a tie develop for valedictorian, the RIC average shall be carried out to as many decimal places as necessary to break the tie. Should there still be a tie, the student who has taken the greater number of classes counted toward the RIC shall be declared the valedictorian. If there is still a tie, the student who has been enrolled in District schools the

longest shall be declared the valedictorian. Ties for salutatorian shall be broken in the same manner as described above for valedictorian.

#### CONDUCT

To qualify to give the valedictorian or salutatorian speech, a student shall not have engaged in any serious misconduct violation of the Student Code of Conduct, including removal to a disciplinary alternative education program (DAEP), a three-day suspension, or expulsion during his or her last two semesters.

#### HONOR GRADUATES

To be considered for honor graduate status, a graduate shall have an overall average of at least 90 and shall have completed the final two regular semesters at the district high school. Additionally, any student who has a failing average in any course taken in grades 9–12 or who has been involved in any violation of the Student Code of Conduct resulting in an assignment to inschool suspension, removal to a DAEP, a three-day suspension, or expulsion during his or her last two semesters shall not be eligible for honor graduate status.

#### EARLY GRADUATES

To be eligible to graduate early, a student shall complete all coursework and exit-level testing required of the ninth-grade class in which he or she begins high school. A student who completes the high school program requirements in fewer than four years shall be ranked in the class with which he or she actually graduates. Early graduates shall be eligible for honors positions except for valedictorian and salutatorian.

#### TRANSFER CREDIT

A student who transfers into the district high school shall receive similar credits counted toward the GPA according to the list of courses offered in the district and the grade point scale used for credit earned in the district.

Students transferring into the district shall receive the numerical grade that was earned in courses at another school. Letter grades shall be recorded as follows:

#### Transfer Grade Conversion Chart

A+ = 98  
A = 95  
A - = 92  
B+ = 88  
B = 85  
B - = 82  
C+ = 78  
C = 75  
C - = 72

D = 70

F = Below 70

## Westhoff ISD Dual Credit, Dual Enrollment, Concurrent Credit, and Weighted Grade Point System

### Dual Credit Courses

Dual credit courses are college courses that also count toward high school requirements. These courses may be taken at the high school during the regular school hours and are taught by a high school teacher with appropriate credentials and/or through distance learning opportunities. Successful completion of the course can earn high school credit as well as college credit.

Dual credit is open to students with principal and parent approval.

Students taking distant learning courses not in conjunction with Westhoff ISD must submit an official transcript to the district to receive high school credit. To receive credit, the grade in the course must be a 70 or better. These courses will not count towards GPA.

Westhoff ISD will pay the cost for approved dual credit and dual enrollment courses which are taken on campus. If a student drops the dual credit or dual enrollment class or does not pass the class with a 60 or better, the student will be required to reimburse Westhoff ISD for the tuition pending Administrative decision.

If a student drops a dual credit course by the census date, (approximately two weeks after the start of the dual credit course), he/she can enroll in a corresponding Westhoff High School Course. If a student drops a dual credit course after the census date, the student will be placed in an unweighted (regular level) course with the official grade information from the cooperating university. It is the responsibility of the student to obtain official grade information from the dual credit professor.

### **Middle School Courses Eligible for High School Credit**

The following courses are currently available for middle school students to receive high school credit. These courses include, but are not limited to:

Algebra I, 1.0 Credit (does not count towards High School GPA)

Professional Communications - .5 Credit

Health - .5 Credit

### **CLASS RANK**

- Class ranking shall be determined by averaging all grades earned for courses taken in grades 9– 12

- Regular courses will be weighted and calculated on a 4.0 GPA scale.
- Pre-AP and Honors classes will be calculated on a 4.5 GPA scale.
- Dual Credit and Advanced Placement Courses will be weighted on a 5.0 GPA scale.
- Only grades from courses taken during the regular school year shall be used to determine a student's rank.
- Numerical grades will be issued on report cards and Academic Achievement Records except for students in advanced academic classes who choose Pass/Fail in lieu of a numeric grade. Grades of 69 and below are unsatisfactory and will indicate no credit earned. Grades of 70 and above will receive units of credit according to TEA regulations.
- Actual grades that students earned during the school year shall be posted on the academic achievement record. Course weights shall be used only to compute class rank and GPA, which shall be posted on the student's official transcript.
- Only core academic courses English, mathematics, science and social studies shall be used to compile grade averages.
- Grades earned from schools not accredited by accepted accreditation agencies shall not be used to determine class rank.
- Credit for courses taken in credit recovery, credit by exam or summer school shall not be used in the calculation for class rank.
- Grade point average for ranking purposes and for Valedictorian and Salutatorian honors shall be calculated at the end of cycle five of the six-weeks grading period during senior year.
- Grades for dual credit courses are not finalized until the end of the semester; therefore, dual credit grades earned during the second semester of senior year will not be used in GPA calculation.
- Grades transferred from other schools shall be credited in conformity with the course descriptions approved for the established grading system

[See policy EIC for more information.]

## **Class Schedules**

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9-12 who meet specific criteria and receive parental consent to enroll in less than a full day's schedule.

## **College and University Admissions and Financial Aid**

Under the Uniform Admission Policy, each public university shall admit first-time undergraduate students in accordance with [TEC §51.803-51.809](#) and [TAC, Title 19, Part 1, Chapter 5, Subchapter A, §5.5](#). Students who graduate from a Texas public school in the top 10% or 25% of their high school class are eligible for consideration for admission to a public university if the student has completed the distinguished level of achievement under

the Foundation, Recommended, or Advanced High School Program from a Texas public high school or from a private high school that is equivalent in content and rigor to the distinguished level of achievement under the Foundation, the Recommended, or Advanced High School Program; or has achieved college readiness scores on the ACT or SAT entrance exams.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. From the summer 2023 term through the spring 2025 term, the University will admit the top five percent of a high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

As required by law, the district will provide written notice concerning the following:

- Automatic college admission;
- Curriculum requirements for financial aid;
- Benefits of completing the requirements for automatic admission and financial aid; and
- The Texas First Early High School Completion Program, which requires a student to provide an official copy of assessment results and transcripts, as applicable, to receive credit for the assessments and credits required for early graduation under the program
- The Texas First Scholarship Program
- The Future Texas Teachers Scholarship Program

Parents and students will be asked to sign an acknowledgment that they received this information.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See Class Rank/Highest-Ranking Student for information specifically related to how the district calculates a student's rank in class, and requirements for Graduation for information associated with the foundation graduation program.]

[See Students in the Conservatorship of the State (Foster Care) for information on assistance in transitioning to higher education for students in foster care.]

### **College Credit Courses**

Students in grades 9–12 may earn college credit through the following methods:

- Enrollment in courses taught in conjunction and in partnership with McMurry University.

Under the Financial Aid for Swift Transfer (FAST) program, a student may be eligible to enroll at no cost to the student in dual credit courses at a participating institution of higher education. The FAST program allows students who are or have been educationally

disadvantaged at any time during the four years preceding the student's enrollment in a dual credit course to enroll at no cost to the student. The district will determine eligibility upon the student's enrollment in the dual credit course. See the high school counselor for more information.

A student may also earn college credit for certain Career and Technical Education (CTE) courses. See **Career and Technical Education (CTE) and Other Work-Based Programs** for information on CTE and other work based programs.

For dual credit purposes, all of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

## **Communications (All Grade Levels)**

### ***Parent Contact Information***

A parent is legally required to provide in writing the parent's contact information, including address, phone number, and email address.

A parent must provide the contact information to the district upon enrollment and again within two weeks after the beginning of each following school year while the student is enrolled in the district.

If the parent's contact information changes during the school year, the parent must update the information in writing no more than two weeks after the date the information changes.

### ***Automated Emergency Communications***

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency situation may include early dismissal, delayed opening, or restricted access to the campus due to severe weather, another emergency, or a security threat. It is crucial to notify your child's school when a phone number changes.

[See **Safety (All Grade Levels)** for information about contact with parents during an emergency situation.]

### ***Automated Nonemergency Communications***

Your child's school periodically sends information by automated or pre-recorded messages, text messages, or real-time phone or email communications that are closely related to the school's mission and specific to your child, your child's school, or the district.

Standard messaging rates of your wireless phone carrier may apply.

If you do not wish to receive such communications, please contact your child's principal. [See **Safety (All Grade Levels)** for information about contact with parents during an emergency.]

### **Complaints and Concerns (All Grade Levels)**

Usually, student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal.

For those complaints and concerns that cannot be resolved informally, the board has adopted a Student and Parent Complaints/Grievances policy at FNG(LOCAL). This policy can be viewed in the district's policy manual, available online at [www.westhoffisd.org](http://www.westhoffisd.org). The complaint forms can be accessed at the district coordinator's or superintendent's office.

To file a formal complaint a parent or student should complete and submit the complaint form. In general, the written complaint form should be completed and submitted to the district coordinator in a timely manner.

If the concern is not resolved, a parent or student may request a conference with the superintendent.

If the concern is still unresolved, the district provides a process for parents and students to appeal to the board of trustees.

### **Conduct (All Grade Levels)**

#### ***Applicability of School Rules***

The board has adopted a Student Code of Conduct that defines standards of acceptable behavior — on and off campus, during remote and in-person instruction, and on district vehicles — and outlines consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

During summer instruction, the Student Handbook and Student Code of Conduct in place for the school year immediately before the summer period apply, unless the district amends either or both documents for summer instruction.

#### ***Campus Behavior Coordinator***

Each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct.

The contact information for each campus behavior coordinator is available on the district's website at [www.westhoffisd.org](http://www.westhoffisd.org). and the coordinator for this campus is listed below:

***Dustin Kenne***

**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**  
**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**  
**830 236-5519**

### **Deliveries**

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

### **Disruption of School Operations**

Disruption of school operations is not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator
- Interference with an authorized activity by seizing control of all or part of a building
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly
- Use of force, violence, or threats to cause disruption during an assembly
- Interference with the movement of people at an exit or an entrance to district property
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator

Disruption of classes or other school activities while on or within 500 feet of district property includes:

- Making loud noises
- Trying to entice a student away from, or to prevent a student from attending, a required class or activity
- Entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct

Interference with the transportation of students in vehicles owned or operated by the district is also considered a disruption.

### **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of the guest.

A student attending a social event will be asked to sign out when leaving before the end of the event and will not be readmitted.

A parent interested in serving as a chaperone for any school social events should contact the district coordinator.

## **Counseling**

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives;
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk;
- An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development; and
- Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students. The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

## **Academic Counseling**

### **Elementary and Middle School Grade Levels**

The school counselor will provide information to students and parents about college and university admissions and the importance of planning for postsecondary education, including appropriate coursework and financial aid availability and requirements. In either grade 7 or 8, each student will receive instruction on how best to prepare for high school, college, and a career.

### **High School Grade Levels**

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year, how to make the most of academic and career and technical education (CTE) opportunities, and the importance of postsecondary education. The school counselor will also provide information each year a student is enrolled in high school regarding:

- The importance of postsecondary education;
- The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement;
- The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma;
- Financial aid eligibility and how to apply for financial aid;
- Automatic admission to state-funded Texas colleges and universities;
- Eligibility requirements for the TEXAS Grant;

- Availability of district programs that allow students to earn college credit;
  - Availability of tuition and fee assistance for postsecondary education for students in foster care; and
  - Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training.
- Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

## Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should set up an appointment. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information. [See Mental Health Support and Child Sexual Abuse, Trafficking, and Other Maltreatment of Children and Dating Violence.]

## Course Credit

A student at any grade level enrolled in a high school course will earn credit for the course only if the final grade is 70 or above. For a two-part (two-semester, 1-credit course), the student's grades from both halves (semesters) will be averaged and credit will be awarded if the combined average is 70 or above. If the student's combined average is less than 70, the student will be awarded credit only for the half (semester) with the passing grade.

## Credit by Examination — If a Student Has Taken the Course/Subject (Grades 6-12)

A student who has previously taken a course or subject but did not receive credit or a final grade for it may, in circumstances determined by the **District coordinator** or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject.

Examples of prior instruction include incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to earn credit by examination after the student has had prior instruction is sometimes referred to as "credit recovery."

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination. [See **Attendance for Credit or Final Grade (All Grade Levels)**.]

If a student is granted approval to take an examination for credit, the student must score at least 70 on the examination to receive credit for the course or subject.

[See the school counselor and policy EHDB(LOCAL) for more information.]

### **Credit by Examination for Advancement/Acceleration — If a Student Has Not Taken the Course/Subject**

A student will be permitted to earn credit by examination for an academic course or subject area for which the student had no prior instruction for advancement or to accelerate to the next grade level.

The examinations offered by the district are approved by the district's board of trustees. Testing windows for these examinations will be published in district publications and on the district's website. A student may take a specific examination only once per testing window.

The only exceptions to the published testing windows will be for examinations administered by another entity or to accommodate a student experiencing homelessness or a student involved in the foster care system.

When another entity administers an examination, the student and the district must comply with the testing schedule of the other entity.

If a student plans to take an examination, the student or parent must register with the school counselor no later than 30 days before the scheduled testing date. [See policy EHDC for more information.]

#### ***Students in Grades 1-5***

A student in elementary school is eligible to accelerate to the next grade level if the student meets all of the following requirements:

- The student scores at least an 80 on each examination in the subject areas of language arts, mathematics, science, and social studies
- A district administrator recommends that the student be accelerated
- The student's parent gives written approval of the grade advancement

#### ***Students in Grades 6-8***

A student in grade 6 or above is eligible to earn course credit if the student meets one of the following requirements:

- A passing score of at least 80 on an examination approved by the board
- A scaled score of 50 or higher on an examination administered through the College Level Examination Program (CLEP)
- A score of 3 or higher on an AP examination, as applicable

A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the

beginning of the school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

## **Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)**

Students learn best, and their welfare is best served, in a school environment that is free from dating violence, discrimination, harassment, and retaliation.

Students are expected to treat peers and district employees with courtesy and respect, avoid offensive behaviors, and stop those behaviors as directed. District employees are likewise expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly address inappropriate and offensive behaviors that are based on a person's race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office or on the district's website at [www.westhoffisd.org](http://www.westhoffisd.org) [See the FFH series of policies for more information.]

### ***Dating Violence***

Dating violence will not be tolerated at school. To report dating violence, see **Reporting Procedures**.

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to:

- Physical or sexual assaults
- Name-calling
- Put-downs
- Threats to hurt the student, the student's family members, or members of the student's household
- Destroying property belonging to the student
- Threats to commit suicide or homicide if the student ends the relationship
- Threats to harm a student's past or current dating partner
- Attempts to isolate the student from friends and family
- Stalking
- Encouraging others to engage in these behaviors

In accordance with law, when the district receives a report of dating violence, a district official will immediately notify the parent of the alleged victim and alleged perpetrator.

The counselor's office has information about the dangers of dating violence and resources for seeking help.

For more information on dating violence, see:

- Texas Attorney General's office [recognizing and responding to dating violence flier](https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf) (<https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf>)
- The CDC's [Preventing Teen Dating Violence](https://www.cdc.gov/intimate-partner-violence/about/about-teen-dating-violence.html) (<https://www.cdc.gov/intimate-partner-violence/about/about-teen-dating-violence.html>)

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking**]

### ***Discrimination***

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law that negatively affects the student.

### ***Harassment***

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to:

- Offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation
- Threatening, intimidating, or humiliating conduct
- Offensive jokes, name-calling, slurs, or rumors
- Physical aggression or assault
- Graffiti or printed material promoting racial, ethnic, or other negative stereotypes
- Other kinds of aggressive conduct such as theft or damage to property

### ***Sexual Harassment and Gender-Based Harassment***

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but are not limited to:

- Touching private body parts or coercing physical contact that is sexual in nature
- Sexual advances
- Jokes or conversations of a sexual nature

- Other sexually motivated conduct, communications, or contact

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact that a reasonable person would not construe as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic, sexual, and other inappropriate social relationships between students and district employees are prohibited, even if consensual.

### ***Pregnancy or Related Conditions***

The district does not discriminate on the basis of pregnancy or a related condition. Please contact **Dustin Kenne, District coordinator**, for pregnancy-related accommodations.

### ***Retaliation***

Retaliation against a person who makes a report or participates in an investigation of discrimination, harassment, or dating violence is prohibited.

### ***Reporting Procedures***

Any student who believes that they have experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See the FFH series of policies and FFH(EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report, the district will determine whether the allegations, if proven, constitute prohibited conduct as defined by the FFH series of policies. If not, the district will refer to policy FFI to determine whether the allegations, if proven, constitute bullying, as defined by law and policy FFI. If the alleged prohibited conduct also meets the statutory and policy definitions for bullying, an investigation of bullying will also be conducted. [See

### ***Bullying (All Grade Levels)***

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by the FFH series of policies.

### ***Investigation of Report***

Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

To the extent possible, the district will respect the privacy of the student. However, limited disclosures may be necessary to conduct a thorough investigation and comply with law.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume its investigation at the conclusion of the agency's investigation.

During an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action and, in some cases, corrective action will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## **Discrimination**

[See **Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)**]

## **Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)**

### ***School Materials***

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, newspapers, yearbooks, brochures, flyers, and the like.

All school publications are under the supervision of a teacher, sponsor, and the principal.

### ***Non-school Materials***

#### **From Students**

Students must obtain prior approval from the **Superintendent** before selling, posting, circulating, or distributing more than **ten (10)** copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. Approval will be granted or denied within two school days.

If approved, the **District coordinator** will designate **an appropriate location** for approved non-school materials to be placed for voluntary viewing or collection by students. [See policy FNAA for more information.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be

subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See policy FNG(LOCAL) for student complaint procedures.]

From Others

No person or group will sell, circulate, distribute, or post on any district premises written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that is not sponsored by the district or by a district-affiliated school-support organization, except as permitted by policy GKDA.

To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the **District coordinator** prior review. The **District coordinator** will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies DGBA or GF for more information.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum-related student group meeting held in accordance with policy FNAB(LOCAL)
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## **Dress and Grooming (All Grade Levels)**

The district's dress code teaches grooming and hygiene, prevents disruption, and minimizes safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

### **Male Students:**

- Boys are not allowed to wear earrings or posts.
- Boys are not allowed to wear sagging pants.
- Male students shall wear either pants or shorts
- Boys must be clean-shaven.
- If pants are loose around the waist, a belt is required.
- Shirts must not extend past the bottom of the back pants/shorts pockets.
- Hair should not cover the eyes. The hair on the side may cover the ear to the bottom of the ear lobe but must be trimmed and neat.

- Boys may not wear beads in their hair or have ponytails.
- Hair may not hang on the sides of the face when the head is bowed.
- Hair must be one natural color and not a distraction.
- All shirt buttons, except the collar button, must be buttoned at all times.
- School-spirit shirt (including t-shirts) may be worn.
- No oversized t-shirts or shirts/blouses will be allowed.
- Shirts must be tucked in.
- Sweaters, Sweatshirts, Jackets and Coats Sweaters, sweatshirts, jackets and coats may be worn as outerwear over standardized shirts.
- Hoods and hoodies may not be worn.
- School administrators reserve the right to make judgment calls concerning restriction of outer garments, tops, and bottom wear.

### **Female Students:**

- Proper undergarments and/or foundation garments must be worn.
- Transparent blouses are not allowed.
- Dresses or tops cannot be cut lower than the armpit.
- Modest necklines are required for the front and back of garments.
- Spaghetti straps are not permitted.
- The length of the shorts, skirts, and dresses must be no shorter than the tip of the middle fingers of the hand, with arms down beside the body and shoulders straight.
- The slit of a skirt must not extend beyond the fingertips.
- Hoods and hoodies may not be worn.
- Shorts may not be tight fitting.
- Cut-off jeans and spandex/cycling shorts will not be allowed.
- Leotards or skin tight pants are not permitted as outerwear.
- Sweaters, Sweatshirts, Jackets and Coats Sweaters, sweatshirts, jackets and coats may be worn as outerwear over standardized shirts. This includes hooded sweatshirts. These garments will not be limited other than restriction of offensive words or logos. These garments may not hang lower than the back pockets.
- Jewelry/Earrings: Earrings may be worn by girls but only permitted on the bottom lobe of the ear. No large or dangling earrings.

### **Additional Dress/Grooming Guidelines**

- School administrators reserve the right to make judgment calls concerning restriction of all garments.
- Each student is expected to have an appearance that does not take away from the education/learning process.
- Dress and grooming that is not considered reasonable in standards of health, safety, modesty, and decency will not be allowed.

- On regular school days, students should wear clothes and shoes that are appropriate for participation in P.E. class (tennis shoes, shirt, and shorts or pants).
- Parents will be requested to bring a change of clothing if the student arrives at school in unacceptable attire.
- Caps/hats: Hats and caps will not be worn at school except on designated special occasions.

#### **Cleanliness:**

- Daily baths and deodorant (if applicable) are essential for health standards.

#### **Name Identification Badges**

- All students shall wear their assigned identification badges issued to them while in the school building.

#### **Hair/Nails/Tattoos:**

- Designs cut into the hair, barrettes or distracting hairstyles are not acceptable.
- Hair must be one natural color and not a distraction.
- Fake fingernails not permitted.
- Tattoos will not be permitted. Any tattoos must be covered.

If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school and return to the classroom. If the problem cannot be corrected at school, the principal will work with the student and parent to obtain an acceptable change of clothing for the student in a way that minimizes loss of instructional time. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

#### **All staff members are expected to assist in the enforcement of the student dress code.**

Students may be given an opportunity to correct the dress code violation

\* Students who disregard rules on grooming or dress are guilty of insubordination and will be subject to disciplinary action. (See FO, FOA, FOD)

\* The administration reserves the right to make judgment calls concerning the appropriateness of dress and grooming when necessary including new fads and fashions.

\* Certain extracurricular activities may have higher standards to abide by than the District Code of Conduct and campus dress code. The coaches and sponsors of the extracurricular activities will set acceptable standards for their particular area. Students may be denied participation in an activity for violating the extracurricular standards of behavior.

### **Electronic Devices and Technology Resources (All Grade Levels)**

#### ***Safe Use of Technology***

The district is committed to ensuring that students use technology safely and will follow all federal and state requirements to protect students from excessive data collection or materials that are considered harmful to minors. The district considers parents as partners in cybersecurity and online safety.

In accordance with state and federal law, the district will:

- Install a filter that blocks and prohibits pornographic or obscene materials or applications, including from unsolicited pop-ups, installations, and downloads, before transferring an electronic device to a student to be used for an educational purpose
- Block or filter students' internet access to pictures that are obscene, contain child pornography, or have been determined to be harmful to minors in accordance with the Children's Internet Protection Act (CIPA)
- Require direct and informed parental consent for a student's use of software, other than software excluded from the consent requirement by law [See **Required State Assessments** and **Standardized Testing**.]
- Require direct and informed parental consent for a student's use of software that conducts mental health assessments or other assessments unrelated to education curricula that are intended to collect information about students [See **Consent to Conduct a Psychological Evaluation**.]

[See **Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)**.]

### ***Possession and Use of Personal Telecommunications Devices, Including Cell Phones, and Other Electronic Devices***

The district requires students' personal cell phones to be turned in to the administration office for safety purposes; the devices will be picked up at the end of the school day. [See **Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)** for graphing calculator applications on computing devices.]

A student must have approval to possess other personal telecommunications devices on campus such as laptops, tablets, or other portable computers.

Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

The use of cell phones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated.

The student/parent may pick up the confiscated telecommunications device from the District coordinator's office.

In limited circumstances and in accordance with law, a student’s personal telecommunications device may be searched by authorized personnel. [See **Searches and Investigations** and policy FNF for more information.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

#### *Instructional Use of Personal Telecommunications and Other Electronic Devices*

Students must obtain prior approval to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook).

All personal devices must be turned off during the instructional day when not in use for approved instructional purposes. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

#### ***Acceptable Use of District Technology Resources***

District-owned technology resources may be issued to individual students for instructional purposes. Use of the district’s network systems and equipment is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

#### ***Unacceptable and Inappropriate Use of Technology Resources***

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition also applies to conduct off school property, whether on district-owned or personally owned equipment, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content — commonly referred to as “sexting” — will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

This type of behavior may constitute bullying or harassment, as well as impede future endeavors of a student. We encourage parents to review with their child the "[Before You Text](https://txssc.txstate.edu/tools/courses/before-you-text/)" Bullying and Sexting Course (<https://txssc.txstate.edu/tools/courses/before-you-text/>), a state-developed program that addresses the consequences of sexting.

In accordance with state law, the district prohibits the installation or use of TikTok (or any successor application or service) on a district device, along with any other social media application or service determined by the governor.

Any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct. In some cases, the consequence may be expulsion.

### **End-of-Course (EOC) Assessments**

See Graduation and Standardized Testing.

### **Emergent Bilingual Students (All Grade Levels)**

A student who is an emergent bilingual student is entitled to receive specialized services from the district. A Language Proficiency Assessment Committee (LPAC), consisting of both district personnel and at least one parent representative, will determine whether the student qualifies for services. The student's parent must consent to any services recommended by the LPAC. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at **Standardized Testing**, may be administered to an emergent bilingual student up to grade 5. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to emergent bilingual students who qualify for services.

If a student is considered an emergent bilingual student and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

### **Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships.

Some extracurricular activities may include off-campus events. Students are required to use transportation provided by the district to and from the events. Exceptions may only be made with the approval of the activity's coach or sponsor. [See **Transportation (All Grade Levels)**.]

Eligibility for many of these activities is governed by state law and the rules of the University Interscholastic League (UIL), a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students and parents can access the [UIL Parent Information Manual \(https://www.uiltexas.org/athletics/manuals\)](https://www.uiltexas.org/athletics/manuals) online. A hard copy can be provided by the coach or sponsor of the activity on request.

To report alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or [curriculum@tea.texas.gov](mailto:curriculum@tea.texas.gov).

[See [UIL Texas \(https://www.uiltexas.org/\)](https://www.uiltexas.org/) for additional information on all UIL-governed activities.]

Generally, a student who receives a grade below 70 at the end of a grading period in any academic class may not participate in extracurricular activities for at least three school weeks.

### **Student Supplies (All Grade Levels)**

Basic educational program materials are provided at no charge to a student. In addition, the Westhoff ISD does provide the student's supplies, such as pencils, paper, erasers, and notebooks.

### **Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization's standards of behavior.

### **Fundraising (All Grade Levels)**

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [See policies FJ and GE for more information.]

### **Gang-Free Zones (All Grade Levels)**

Certain criminal offenses, including gang-related crimes, will be enhanced to the next-highest category of offense if they are committed in a gang-free zone. Gang-free zones include a school bus and any location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

## Grade Level Classification

After grade 9, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
6 credits	Grade 10 (Sophomore)
12	Grade 11 (Junior)
18	Grade 12 (Senior)

Westhoff Academy for College and Careers grading plan has been developed by local educators and is reviewed annually.

## Grading Guidelines (All Grade Levels)

Approved grading guidelines for each grade level or course will be communicated to students and their parents by the classroom teacher. These guidelines establish:

- Students will receive the minimum number of grades each six weeks. Teachers are encouraged to give more than the minimum number of grades in each subject each six weeks. Major Projects/Writing Assignments may count as a test grade. Major Grades will count as 50% of the average and Daily Grades comprise 50% of the average. Teachers are expected to enter a minimum of 6 daily grades per six weeks and two major grades per six weeks.
- The minimum number of assignments, projects, and examinations required for each grading period;
- How the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.);
- Circumstances under which a student will be allowed to redo an assignment or retake an examination the student originally failed; and
- Procedures for a student to follow after an absence.
- Grading consequences for academic dishonesty, including cheating or copying the work of another student, plagiarism (including the unauthorized use of artificial intelligence (AI) such as ChatGPT), and unauthorized communication between students during an examination [See Report Cards/Progress Reports and Conferences for additional information on grading guidelines.]

## Graduation

### Requirements for a Diploma

A student must meet the following requirements to receive a high school diploma from the district:

- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law;
- Complete the required number of credits established by the state and any additional credits required by the district;

- Complete any locally required courses in addition to the courses mandated by the state;
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education(SBOE); and
- Complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

### **Testing Requirements for Graduation**

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments in:

- English I,
- English II,
- Algebra I,
- Biology, and
- U.S. History.

A student who does not achieve a sufficient score will have opportunities to retake an assessment.

State law allows a student to meet EOC requirements by substituting satisfactory performance approved national standardized assessments or on the state-developed assessment used for entrance into Texas public universities. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation in the applicable content area. This may require the student's participation outside normal school operating times.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See Standardized Testing]

### **Foundation Graduation Program**

Every Texas public school student will graduate under the foundation graduation program. The foundation graduation program features endorsements, which are paths of interest that include:

- Science, Technology, Engineering, and Mathematics (STEM);
- Business and Industry;
- Public Service;
- Arts and Humanities; and
- Multidisciplinary Studies.

Endorsements earned by a student will be noted on the student's transcript.

A student can complete the foundation graduation program with a “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits.

A **Personal Graduation Plan** will be completed for each high school student. State law generally prohibits a student from graduating solely under the foundation graduation program without an endorsement. However, after the student’s sophomore year, the student and student’s parent may request that the student graduate without an endorsement. The district will advise the student and the student’s parent of the specific benefits of graduating with an endorsement. The student and the student’s parent must then submit written permission to the school counselor for the student to graduate without an endorsement.

A student who wishes to attend a four-year university or college after graduation must carefully consider whether graduation under the foundation program without an endorsement will satisfy the admission requirements of the student’s desired college or university.

A student graduating under the foundation graduation program can also earn performance acknowledgments on his or her transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a license or certificate recognized at the state, national, or international level. The school counselor can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student’s parent of this fact. However, not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

**Credits Required**

<b>Course Area</b>	<b>Number of Credits: Foundation Graduation Program</b>	<b>Number of Credits: Foundation Graduation Program plus Endorsement</b>
English/Language Arts	4	4

Mathematics	3	4
Science	3	4
Social Studies, including Economics	3	3
Physical Education	1	1
Language other than English	2	2
Fine Arts	1	1
Electives Must include: <ul style="list-style-type: none"> <li>• Prof. Com (.5 credit)</li> <li>• Health (.5 credit)</li> </ul>	5	7
<b>Total</b>	<b>22 Credits</b>	<b>26 Credits</b>

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits. A student’s completion of the distinguished level of achievement is a requirement to be considered for automatic admission to a Texas four-year college or university and will be included on a student’s transcript.

- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- **Languages other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits.

- A student may satisfy one of the two required credits by successfully completing in elementary school a dual language immersion program or a course in American Sign Language.

- In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

**Credit Recovery**

Although the high school credit process ideally unfolds in the general education setting, credit recovery options are available based upon graduation requirements and individual

student needs. Credit recovery purposes are approved through the guidance counselor and campus principal and may cause extended/early start school hours for given students. Courses that are not available in a credit recovery format unless a student has successfully passed their State EOC include: Algebra I, Biology, English I, English II, and US History. If a student has successfully passed the State Assessment EOC for any of these 5 courses, credit recovery becomes an option upon counselor and principal approval.

**Available Endorsements** A student must specify upon entering grade 9 which endorsement he or she wishes to pursue:

- Science, technology, engineering, and mathematics (STEM),
- Business and industry,
- Public services,
- Arts and humanities, or
- Multidisciplinary studies.

### **Financial Aid Application Requirement**

Before graduating from high school, each student must complete and submit an application for financial aid for post-secondary education. Students must complete and submit either a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

The resources we offer at Westhoff Academy for College and Careers are FAFSA/TASFA nights in the Fall (in English & Spanish). Additional assistance is available upon request.

A student is not required to complete and submit a FAFSA or TASFA if:

- The student's parent submits a form provided by the district indicating that the parent authorizes the student to opt out;
- A student who is 18 years of age or older or a legally independent minor submits a form provided by the district indicating that the student opts out; or - A school counselor authorizes the student to opt out for good cause.

Please contact the school counselor for more information.

To confirm that a student has completed and submitted a TASFA, the student must submit one of the following:

- A screenshot that includes the processed date field of the FAFSA ApplyTexas Counselor Suite;
- Notification, such as a copy of an email, from the United States Department of Education verifying completion of the FAFSA;
- A copy or screenshot of the FAFSA acknowledgment page;
- A screenshot of the TASFA submission acknowledgment page (from those institutions that offer an electronic form);
- An acknowledgment receipt from an institution of higher education (IHE); or - A copy of a financial aid award letter from an IHE.

### **Available Course Options for all Graduation Programs**

Each spring, the district will update students on the courses required or offered in each curriculum area so students can enroll for the upcoming school year.

Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course the following year either by teleconference or at the school from which the transfers were requested.

### **Certificates of Coursework Completion**

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state mandated tests required for graduation.

### **Students with Disabilities**

Admission, review, and dismissal (ARD) committees will make instructional and assessment decisions for students with disabilities who receive special education services in accordance with state law.

Upon the recommendation of the committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services may earn an endorsement under the foundation program. If the student's curriculum requirements for the endorsement were modified, the student's ARD committee will determine whether the modified curriculum is sufficiently rigorous to earn the endorsement. The ARD committee must also determine whether the student must perform satisfactorily on any end-of-course assessment to earn an endorsement.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP may participate in graduation ceremonies and receive a certificate of attendance. The student may then remain enrolled to complete the IEP and earn his or her high school diploma but will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL) for more information.]

## **Graduation Activities**

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments will not be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

## **Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[For student speakers at other school events, see STUDENT SPEAKERS.]

[See FNA (LOCAL) and the Student Code of Conduct.]

## **Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year.

## **Scholarships and Grants**

Students who have a financial need according to federal criteria and who complete the foundation graduation program may be eligible under the TEXAS Grant Program, Teach for Texas Grant Program, and Future Texas Teachers Scholarship Program for scholarships and grants toward tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. Certain students who graduate early may also be eligible for the Texas First Scholarship Program.

See College and University Admissions and Financial Aid for more information.

Contact the school counselor for information about other scholarships and grants available to students. Harassment [See Dating Violence, Discrimination, Harassment, and Retaliation.]

## **Hazing (All Grade Levels)**

Hazing is defined as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

- Any type of physical brutality
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated

The district will not tolerate hazing. Disciplinary consequences for hazing will be in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal, superintendent, or law enforcement official.

[See **Bullying (All Grade Levels)** and policies FFI and FNCC for more information.]

## **Health — Physical and Mental**

### ***Illness (All Grade Levels)***

When your child is ill, please contact the school to let us know they will not be attending that day.

State rules require schools to exclude students with certain illnesses from school for certain periods of time. For example, a child with a fever over 100 degrees must stay out of school until fever-free for 24 hours without use of fever-reducing medications. Students with diarrheal illnesses must stay home until they are diarrhea-free without use of diarrhea-suppressing medications for 24 hours.

A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day and the school nurse determines that the child should go home, the nurse will contact the parent.

The district is required to report certain contagious (communicable) diseases or illnesses to the Department of State Health Services (DSHS) or our local/regional health authority.

The school nurse can provide information from DSHS on these notifiable conditions.

The school nurse is available to answer any questions for parents who are concerned about whether or not their child should stay home.

***Immunization (All Grade Levels)***

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized.

For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. You may access the [DSHS exemption form](#)

(<https://www.dshs.texas.gov/immunization-unit/texas-school-child-care-facility-immunization/texas-immunization-exemptions>) online or by writing to this address:

Texas Department of State Health Services

Immunization Section, Mail Code 1946

P.O. Box 149347

Austin, Texas 78714-9347

The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis
- Polio
- Measles, mumps, and rubella
- Hepatitis B
- Varicella (chicken pox)
- Meningococcal
- Hepatitis A

The school nurse can provide information on immunization requirements. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

For information on immunization against bacterial meningitis and college enrollment and attendance, see **Bacterial Meningitis (All Grade Levels)**.

[See the DSHS's [School and Childcare Vaccine Requirements](#)

(<https://www.dshs.texas.gov/immunizations/school>) and policy FFAB(LEGAL) for more information.]

***Lice (All Grade Levels)***

Head lice is very common among children. Although not an illness or a disease, head lice spread through head-to-head contact during play, sports, nap time, and when children share things like brushes, combs, hats, and headphones.

The district does not require or recommend that students be removed from school because of lice or nits.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to discuss a treatment plan using an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student undergoes one treatment, the parent should contact the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments, how best to get rid of lice, and how to prevent lice from returning. The district will provide notice to parents of elementary school students in an affected classroom without identifying the student with lice.

More information on head lice is available on the DSHS website [Managing Head Lice in School Settings and at Home](https://www.dshs.texas.gov/texas-school-health/skilled-procedures-texas-school-health/managing-head-lice-school) (<https://www.dshs.texas.gov/texas-school-health/skilled-procedures-texas-school-health/managing-head-lice-school>) and the Centers for Disease Control and Prevention's website [About Head Lice](https://www.cdc.gov/lice/about/head-lice.html) (<https://www.cdc.gov/lice/about/head-lice.html>).

[See policy FFAA for more information.]

### ***Medicine at School (All Grade Levels)***

If a student must take medication during school hours, the student's parent must provide the medication. All medication, whether prescription or nonprescription, must be kept in the nurse's office and be administered by the nurse or another authorized district employee. A student may be authorized to possess their own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student.

In accordance with policy FFAC, authorized employees may administer:

- Prescription medication in the original, properly labeled container, provided by the parent along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container provided by the parent along with a written request.
- Nonprescription medication in the original, properly labeled container, provided by the parent along with a written request. **Note:** Insect repellent is considered nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

An elementary or secondary student may possess and self-apply sunscreen to avoid overexposure to the sun. An elementary student's teacher or other district personnel will

apply sunscreen to the student's exposed skin if the student brings the sunscreen to school and asks for help applying it. If a secondary student needs assistance with sunscreen application, please address the need with the school nurse.

If sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

### ***Asthma and Severe Allergic Reactions***

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if they have written authorization from a parent and a physician or other licensed health-care provider. The student must also demonstrate to their health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or school administrator.

[See also **Food Allergies (All Grade Levels)**.]

For additional information, see FFAC(LOCAL).

### ***Unassigned Opioid Antagonists All Grades***

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained school personnel and/or school volunteers at each campus to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

One or more authorized and trained individuals will be present on the campus subject to this policy during regular school hours. .

### ***Steroids***

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for physician-prescribed medical use only.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

### ***Mental Health Support (All Grade Levels)***

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention

- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making
- Substance abuse prevention and intervention
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community)
- Grief, trauma, and trauma-informed care
- Positive behavior interventions and supports
- Positive youth development
- Safe, supportive, and positive school climates

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student's return to school. Please contact the district's mental health liaison for further information. Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [See policy FFEB for more information.]

For related information, see:

- **Consent to Conduct a Psychological Evaluation** and **Consent to Provide a Mental Health Care Service** for the district's procedures for recommending a mental health intervention and the mental health liaison's contact information
- **Counseling** for the district's comprehensive school counseling program
- **Physical and Mental Health Resources (All Grade Levels)** for campus and community mental and physical health resources
- **Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)** for board-adopted policies and administrative procedures that promote student health

### ***Physical Activity Requirements***

#### **Elementary School**

The district will ensure that students in full-day prekindergarten-**grade 5** engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's elementary school student physical activity programs and requirements, please see the principal.

#### **Junior High/Middle School**

The district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's junior high and middle school student physical activity programs and requirements, please see the district coordinator.

#### Temporary Restriction from Participation in Physical Education

Students who are temporarily restricted from participation in physical education will not actively participate in skill demonstration but will remain in class to learn the concepts of the lessons.

#### ***Physical Fitness Assessment (Grades 3-12)***

Annually, the district will conduct a physical fitness assessment of students in grades 3-8 who are enrolled in a physical education course or a course for which physical education credit is awarded.

#### **Physical Health Screenings / Examinations**

##### **Athletics Participation**

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program.
- District marching band.
- Any district extracurricular program identified by the superintendent.

The district follows the UIL guidelines for physicals: This examination is required in the first year of middle school competition and the first and third years of high school competition. During the alternate years, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL's explanation of sudden cardiac arrest (<https://www.uil texas.org/health/info/sudden-cardiac-death>) for more information.

At the end of the school year, a parent may submit a written request to obtain the results of their child's physical fitness assessment conducted during the school year by contacting:

***Dustin Kenne***

***District coordinator***

***PO Box 38***

***Westhoff, Texas 77994***

***dkenne@westhoffisd.org***  
**830 236-5519**

### **Spinal Screening Program**

School-based spinal screening helps identify adolescents with abnormal spinal curvature at an early stage when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities. Spinal screening is non-invasive and conducted in accordance with the most recent nationally accepted and peer-reviewed standards.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. As appropriate, students will be referred for follow-up with their physician.

For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, contact the superintendent or see policy FFAA(LEGAL).

[See **Immunization (All Grade Levels)**.]

### **Diabetes**

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL) for more information.]

### **Food Allergies (All Grade Levels)**

Parents should notify the district when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by breathing, eating, or touching the particular food. It is important to disclose the food to which the student is allergic as well as the nature of the allergic reaction. Please contact the school nurse or district coordinator if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services' (DSHS) Guidelines for the Care of Students with Food Allergies at Risk for Anaphylaxis found on the DSHS [Allergies and Anaphylaxis](https://www.dshs.texas.gov/texas-school-health/allergies-anaphylaxis) website (<https://www.dshs.texas.gov/texas-school-health/allergies-anaphylaxis>).

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, an individual care plan will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at **Westhoff ISD Administration Office**.

[See **Celebrations (All Grade Levels)** and policy FFAF for more information.]

### **Seizures (All Grade Levels)**

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon

as practicable following diagnosis of a seizure disorder. A parent who submits a plan must use the [Seizure Management and Treatment Plan Form](https://tea.texas.gov/academics/tea-seizure-management-form.pdf) (<https://tea.texas.gov/academics/tea-seizure-management-form.pdf>) developed by the Texas Education Agency.

[See **A Student with Physical or Mental Impairments Protected under Section 504** and contact the school nurse for more information.]

#### *Tobacco, E-Cigarettes, and Nicotine Products Prohibited (All Grade Levels)*

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any other electronic vaporizing device while on school property or while attending an off-campus school-related activity. With limited exceptions for medication, [see **Medicine at School (All Grade Levels)**] students are also prohibited from possessing or using any type of nicotine product, including nicotine pouches, regardless of whether the product contains tobacco, while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies FNCD and GKA for more information.]

## **Health-Related Resources, Policies, and Procedures**

### ***Physical and Mental Health Resources (All Grade Levels)***

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- ***Dustin Kenne***
- ***District coordinator***
- ***PO Box 38***
- ***Westhoff, Texas 77994***
- ***dkenne@westhoffisd.org***
- ***830 236-5519***

### ***Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)***

The district has adopted board policies that promote student physical and mental health. Local policies on the topics below can be found in the district's policy manual, available at the central administration office and online at [www.westhoffisd.org](http://www.westhoffisd.org).

- Food and nutrition management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA
- Immunizations: FFAB
- Medical Treatment: FFAC
- Communicable Diseases: FFAD

- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: the FFH series of policies
- Freedom from Bullying: FFI

The district has developed administrative procedures as necessary to implement the above policies and plans.

For more information about these procedures and access to the District Improvement Plan, please contact:

**Dustin Kenne**  
**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**  
**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**  
**830 236-5519**

[See **Consent to Human Sexuality Instruction, Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking**, and policies BDF and EHAA. For more information.]

### **Student Wellness Policy/Wellness Plan (All Grade Levels)**

To encourage healthy habits in our students, the district has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement it. For questions about the content or implementation of the district's wellness policy and plan, please contact:

**Dustin Kenne**  
**District coordinator**  
**PO Box 38**  
**Westhoff, Texas 77994**  
**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**  
**830 236-5519**

### **Law Enforcement Agencies (All Grade Levels)**

#### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the administration will cooperate fully regarding the conditions of the

interview, including without parental consent, if necessary, if it is part of a child abuse investigation. In other circumstances, the principal will:

- Verify and record the identity of the officer or other authority and ask for an explanation of the need to question the student at school
- Ordinarily make reasonable efforts to notify the parents, unless the interviewer raises what the principal considers to be a valid objection
- Ordinarily be present for the questioning or interview, unless the interviewer raises what the district coordinator considers to be a valid objection

### ***Students Taken into Custody***

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court
- To comply with the laws of arrest
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation
- By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity where the child may have engaged in conduct indicating a need for supervision, such as running away
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court
- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety
- To comply with a properly issued directive from a juvenile court to take a student into custody

Before a student is released to a legally authorized person, the district coordinator will verify the person's identity and, to the best of their ability, will verify the person's authority to take custody of the student.

The district coordinator will immediately notify the superintendent and will attempt to notify the parent, unless the legally authorized person raises what the district coordinator considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a legally authorized person, any notification will most likely be after the fact.

### ***Notification of Law Violations***

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors that occur in school, on school property, or at a school-sponsored or school-related activity on or off school property. These personnel will also be notified if the district coordinator has reasonable grounds to believe the student has engaged in certain conduct.
- All appropriate district personnel regarding a student who is required to register as a sex offender.

[See policy GRAA(LEGAL) for more information.]

### **Leaving Campus**

Student attendance is crucial. Appointments should be scheduled outside of school hours if possible. Except for extenuating circumstances, students will not regularly be released before the end of the school day.

Parental consent is required before any student leaves campus for any part of the school day.

For students in elementary and middle school, a parent or authorized adult must come to the office and show identification to sign the student out. A campus representative will ask the student to report to the office. For safety purposes and stability of the learning environment, we cannot allow any unescorted adult to go to the classroom or other area to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

The same process applies to students in high school if a parent picks the student up from campus. If the student's parent authorizes the student to leave campus unaccompanied, the parent must submit a note to the main office at least two hours before the student needs to leave campus. A phone call from the parent may be accepted, but the school may ultimately require a note for documentation purposes. The student must sign out through the main office and sign in upon return if the student returns the same day.

If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school.

Unless the parent directs district personnel to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures listed above. If a student is permitted by his or her parent to leave campus unaccompanied, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied.

If a student is 18 years of age or is an emancipated minor, the student may sign him- or herself out of school. Documentation regarding the reason for the absence will be required.

### ***At Any Other Time during the School Day***

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the district coordinator.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

## **Makeup Work**

### **Makeup Work Because of Absence** *(All Grade Levels)*

A teacher may assign makeup work to a student who misses class based on instructional objectives and the needs of the student in mastering the essential knowledge and skills or meeting subject or course requirements.

The student will be responsible for obtaining and completing the makeup work within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

The student is encouraged to speak with the teacher if the student knows of an absence ahead of time so that the teacher and student may plan any makeup work. Please remember the importance of student attendance at school. With limited exceptions, all absences count for the 90 percent threshold set in state law regarding attendance for credit or final grade. [See **Attendance for Credit or Final Grade (All Grade Levels)**.]

A student will be permitted to make up tests and turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

### *DAEP Makeup Work*

Elementary and Middle/Junior High School Grade Levels

***All grades from the NIXON-Smiley DAEP will be transferred back to WISD campus.***

***All other work will be assigned in tutorials.***

*In-School Suspension (ISS) and Out-of-School Suspension (OSS) Makeup Work (All Grade Levels)*

## **Alternative Means to Receive Coursework**

While a student is in ISS or OSS, the district will provide the student with all course work for the student's foundation curriculum classes that the student misses as a result of the suspension.

### **Opportunity to Complete Courses**

A student removed from the regular classroom to ISS or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL) for more information.]

### **Nondiscrimination Statement (All Grade Levels)**

In its efforts to promote nondiscrimination and as required by law, the district does not discriminate on the basis of race, religion, color, national origin, gender, sex, age, disability, or any other basis prohibited by law in providing education services, activities, and programs, including Career and Technical Education (CTE) programs. The district provides equal access to the Boy Scouts and other designated youth groups. In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex and prohibits sex discrimination in its educational programs or activities. The requirement not to discriminate extends to employment. Inquiries about the application of Title IX may be referred to the district's Title IX Coordinator (see below), to the U.S. Department of Education's Office for Civil Rights, or both. Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district's nondiscrimination policy and grievance procedures are in the FFH series of policies in the district's policy manual, available at [www.westhoffisd.org](http://www.westhoffisd.org)

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment:

***Darrin Stansberry***  
***Superintendent***  
***PO Box 38***  
***Westhoff, Texas 77994***  
***[dstansberry@westhoffisd.org](mailto:dstansberry@westhoffisd.org)***  
***830-236-5519***

Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described in the FFH series of policies.

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

- For concerns regarding discrimination on the basis of disability, see the ADA/Section 504 Coordinator:
- ***Dustin Kenne***
- ***District coordinator***
- ***PO Box 38***
- ***Westhoff, Texas 77994***
- ***[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)***
- ***830 236-5519***

For all other concerns regarding discrimination, see:

- ***Darrin Stansberry***
- ***Superintendent***
- ***PO Box 38***
- ***Westhoff, Texas 77994***
- ***[dstansberry@westhoffisd.org](mailto:dstansberry@westhoffisd.org)***
- ***830-236-5519***

[See policies at FB, the FFH series, and GKD for more information.]

## **Parent and Family Engagement (All Grade Levels)**

### ***Working Together***

Experience and research tell us that a child succeeds in education with good communication and a strong partnership between home and school. A parent's involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.

- Monitoring your child’s academic progress and contacting teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at **830-236-5519** for an appointment. The teacher will usually return your call or meet with you during their conference period or before or after school. [See **Report Cards/Progress Reports and Conferences (All Grade Levels)**.]
- Serving on the School Health Advisory Council (SHAC) and assisting the district in aligning local community values with health education instruction, human sexuality instruction, instruction on prevention of child abuse, family violence, dating violence, and sex trafficking, and other wellness issues. [See **School Health Advisory Council (SHAC) (All Grade Levels)** and policies BDF, EHAA, FFA for more information.]
- Being aware of the school’s ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child’s emotional or mental well-being.
- Attending board meetings to learn more about district operations. Regular board meetings will be determined. An agenda for a regular or special meeting is posted no later than 72 hours before each meeting at **Westhoff School** and online at **www.westhoffisd.org**. [See policies BE and BED for more information.]

## **Parking and Parking Permits**

A student must present a valid driver’s license to be eligible for a parking space.

Students must request a parking space to park in a school parking lot. So long as space is available, parking spaces may be issued throughout the year.

Students will not be permitted to:

- Speed.
- Double-park.
- Park across a white or yellow line.
- Park in a fire lane.
- Sit in parked cars during school hours.

Students may be subject to disciplinary action for violation of these rules. The district may tow cars that are parked in violation of these rules.

## **Pledges of Allegiance and a Minute of Silence (All Grade Levels)**

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the

principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags.**]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence in remembrance of those who lost their lives on September 11, 2001, at the beginning of the first class period when September 11 falls on a regular school day. [See policy EC for more information.]

### **Prayer (All Grade Levels)**

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt school activities. The school will not encourage, require, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

### **Promotion and Retention**

A student will be promoted only on the basis of academic achievement or proficiency. In making promotion decisions, the district will consider the following:

- Teacher recommendation
- Grades
- Scores on criterion-referenced or state-mandated assessments
- Any other necessary academic information as determined by the district

#### **Elementary and Middle/Junior High Grade Levels**

In grades **1-8** promotion is based on an overall average of 70 on a scale of 100 based on grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in language arts, reading, mathematics, and science.

#### **High School Grade Levels**

Grades 9-12: Credit for a course shall be awarded if a student has satisfactorily met all state and local requirements. A student shall either:

- Be enrolled in and complete a course that meets State Board instructional time requirements with a passing grade; or
- Meet standard requirements of the course, regardless of the time the student has been enrolled in the course.

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification.]

Students will also have multiple opportunities to retake EOC assessments. [See Graduation and Standardized Testing for more information about EOC assessments.]

### **Repeating a High-School Credit Course**

A parent may request in writing that a student repeat a high-school credit course in which the student was enrolled during the previous school year unless the district determines that the student has met all requirements for graduation.

Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

Only the student's first passing grade will be included in the calculation of class ranking.

### **Remote Instruction**

The district may offer remote instruction when authorized by TEA.

All district policies, procedures, guidelines, rules, and other expectations of student behavior will be enforced as applicable in a remote or virtual learning environment.

### **Report Cards and Conferences (All Grade Levels)**

Report cards with each student's performance and absences in each class or subject are issued at least once every **6** weeks.

If a student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be asked to schedule a conference with the teacher. [See **Working Together** for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the superintendent pursuant to the board-adopted policy. Grading guidelines are designed to reflect each student's relative mastery of each assignment. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See **Grading Guidelines (All Grade Levels)** and policy EIA(LOCAL) for more information.]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70.

Report cards must be signed by the parent and returned to the school within 5 days. The district may communicate academic information about a student electronically, including

for progress reporting purposes. An electronic signature will be accepted by the district, but parents are entitled to request a handwritten signature of acknowledgment instead.

## **Retaliation**

[See **Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels).**]

## **Required State Assessments**

### ***STAAR (State of Texas Assessments of Academic Readiness) for Grades 3-8***

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3-8
- Reading, annually in grades 3-8
- Science in grades 5 and 8
- Social Studies in grade 8

### ***Standardized Testing for a Student Enrolled Above Grade Level***

If a student in grades 3-8 is enrolled in a class or course intended for students above the current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which they are enrolled, unless otherwise required to do so by federal law.

A student in grades 3-8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science before high school.

## **High School Courses End-of-Course (EOC) Assessments**

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments is required for graduation, unless waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment. The windows occur in the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have opportunities to retake the assessment.

## ***Requesting Administration of STAAR/EOC in Paper Format (All Grade Levels)***

STAAR and EOC assessments are administered electronically.

A parent or teacher may request that a STAAR or EOC be administered to a student in paper format. The district may grant this request for any single administration for up to

three percent of the number of students enrolled in the district. Requests will be granted in the order in which they are received.

Requests for paper format for a fall administration of a STAAR or EOC must be submitted no later than September 15 each school year.

Requests for paper format for a spring administration of a STAAR or EOC must be submitted no later than December 1 each school year.

#### *Standardized Testing for a Student in Special Programs*

Certain students — some with disabilities and some classified as emergent bilingual students — may be eligible for exemptions, accommodations, or deferred testing.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student's ARD committee.

An admission, review, and dismissal (ARD) committee for a student in grades 9-12 receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan (PGP). [See **Graduation (Secondary Grade Levels Only)**.] STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

For more information, see the principal, school counselor, or special education director.

#### ***Failure to Perform Satisfactorily on a STAAR or EOC Assessment***

If a student does not perform satisfactorily on a required state assessment in any subject, the district will provide accelerated instruction for the student in the next school year through one of the following:

- Assigning the student to a teacher who is certified as a master, exemplary, or recognized teacher if one is available in the grade and subject matter of the state assessment on which the student did not perform satisfactorily
- Providing supplemental instruction

A student may be required to attend any assigned supplemental instruction program before or after school or during the summer.

When a student fails to perform satisfactorily on a required state assessment in the same subject, for a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

#### **Safety (All Grade Levels)**

Student safety on campus, at school-related events, and in district vehicles is a high priority of the district. The cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.

- Follow all behavioral standards in this handbook and the Student Code of Conduct or set by district employees.
- Help secure the campus by keeping all exterior doors closed, latched, and locked unless the door is actively monitored by a district employee.
- Follow instructions from teachers and other district employees regarding classroom doors.
- Remain alert to any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member, and promptly report any incidents to a district employee. A student may make anonymous reports about safety concerns.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

***Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies***

Periodically, the school will conduct preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

***Preparedness Training: CPR and Stop the Bleed***

The district will offer instruction in CPR and the use of an automated external defibrillator (AED) at least once to students enrolled in in grades 7-12. The instruction can be provided as part of any course and is not required to result in CPR or AED certification.

The district will annually offer students in grades 7-12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see Stop the Bleed Texas (<https://stopthebleedtexas.org/>).

***Preparedness Training: CPR and Stop the Bleed***

The district will offer instruction in CPR and the use of an automated external defibrillator (AED) at least once to students enrolled in in grades 7-12. The instruction can be provided as part of any course and is not required to result in CPR or AED certification.

The district will annually offer students in grades 7-12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see Stop the Bleed Texas (<https://stopthebleedtexas.org/>).

***Emergency Medical Treatment and Information***

All parents are asked each year to complete a medical care authorization form, providing written parental consent to obtain emergency treatment and information about allergies to medications or drugs. Parents should contact the school nurse to update emergency care information (name of doctor, emergency phone numbers, allergies, and the like).

The district may consent to medical treatment, including dental treatment, if necessary, for a student if all of the following requirements are met:

- The district has received written authorization from a person having the right to consent
- That person cannot be contacted
- That person has not given the district actual notice to the contrary

The emergency care authorization form will be used by the district when a student's parent or authorized designee cannot be contacted. A student may provide consent if authorized by law or court order.

Regardless of parental authorization for the district to consent to medical treatment, district employees will contact emergency medical services to provide emergency care when required by law or when deemed necessary, such as to avoid a life-threatening situation.

### ***Emergency School Closing Information***

Each year, parents are asked to complete an emergency release form to provide contact information if the district needs to notify parents of early dismissal, delayed opening, or restricted access to a campus because of severe weather, a security threat, or another emergency cause.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number changes. State law requires parents to update contact information within two weeks after the date the information changes.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: ***school district will call parents, school will notify news agencies, school will email parents, school will post info on school web page.*** [See **Parent Contact Information** and **Automated Emergency Communications.**]

### **SAT, ACT, and Other Standardized Tests**

See Standardized Testing.

### **Schedule Changes (High School Grade Levels)**

A request for a schedule change must be made to the guidance counselor within the first full week of school. Schedule changes must have the approval of the student's parent to be considered and approved by the guidance counselor. The counselor's office will review each request and make the change official within the first two weeks of school. The principal will approve the schedule change before it becomes official. It is important to note that multiple factors are present when it comes to determining the outcome of a schedule change request. A student's individual graduation plan takes precedence over student choice when it comes to requesting schedule changes.

## **School Facilities**

### ***Asbestos Management Plan (All Grade Levels)***

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's asbestos management plan is available in the central administrative office. If you have any questions or would like to examine the district's plan in more detail, please contact the district's designated asbestos coordinator:

***Darrin Stansberry***

***District coordinator***

***PO Box 38***

***Westhoff, Texas 77994***

***dstansberry@westhoffisd.org***

***830 236-5519***

### ***Food and Nutrition Services (All Grade Levels)***

The district participates in the School Breakfast Program and National School Lunch Program and offers all students nutritionally balanced meals daily in accordance with standards set forth in state and federal law **at no cost**. All students will be offered the same meal options as their peers and will be treated the same.

The following information is published as required by the USDA for participation in the National School Lunch Program:

“In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.”

“Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

“To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

**1. mail:**

U.S. Department of Agriculture

Office of the Assistant Secretary for Civil Rights  
1400 Independence Avenue, SW  
Washington, D.C. 20250-9410; or

**2. fax:**

(833) 256-1665 or (202) 690-7442; or

**3. email:**

[Program.Intake@usda.gov](mailto:Program.Intake@usda.gov)

“This institution is an equal opportunity provider.”

The responsible state agency that administers the program is the [Texas Department of Agriculture](https://www.texasagriculture.gov/Home/Contact-Us) (<https://www.texasagriculture.gov/Home/Contact-Us>), which can be reached at (800) TELL-TDA (835-5832) or (800) 735-2989 (TTY).

The local agency that administers the program is the district. [See **Nondiscrimination Statement (All Grade Levels)** for the name and contact information for the Title IX coordinator, ADA/Section 504 coordinator, and superintendent for other concerns about discrimination.]

***Pest Management Plan (All Grade Levels)***

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area.

Parents who have questions or who want to be notified of the times and types of applications prior to pesticide application inside their child’s school assignment area may contact the district’s IPM coordinator:

***Dustin Kenne***

***District coordinator***

***PO Box 38***

***Westhoff, Texas 77994***

***dkenne@westhoffisd.org***

***830 236-5519***

***Conduct Before and After School (All Grade Levels)***

Teachers and administrators have full authority over student conduct at before- or after-school activities. Whether a school activity is on or off district premises, students must

follow the same rules of conduct that apply during the instructional day. Misbehavior will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

### ***Library (All Grade Levels)***

The library will be open for independent student use during the day with a teacher permission.

The district provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal, and a variety of points of view. The district follows the Texas State Library and Archive Commission's standards for school library collection development.

Parents are the primary decision makers regarding their student's access to library material. The district encourages parental involvement in library acquisition, maintenance, and campus activities. Parents are encouraged to communicate with the **librarian** and their child's teacher about special considerations regarding library materials self-selected by their student.

A parent who wants to access to the school's library or any available online catalog should submit a request to the district coordinator, Dustin Kenne. A district employee or parent may request the reconsideration of a library material by contacting the superintendent or another administrator.

For more information, see EFB(LOCAL).

### ***Use by Students Before and After School (All Grade Levels)***

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

Students must leave campus immediately after dismissal of school in the afternoon, unless the student is involved in an activity under the supervision of a teacher or other authorized employee or adult.

### ***Meetings of Non-curriculum-Related Groups (Secondary Grade Levels Only)***

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

## **School-Sponsored Field Trips (All Grade Levels)**

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student's medical provider and insurance coverage and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

## **Searches and Investigations**

### ***Searches in General (All Grade Levels)***

In the interest of promoting student safety and drug-free schools, district officials may occasionally conduct searches and investigations.

District officials may conduct investigations in accordance with law and district policy and may question students regarding a student's own conduct or the conduct of others. [For questioning of students by law enforcement officials, see **Law Enforcement Agencies (All Grade Levels).**]

District officials may search students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion or voluntary consent or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student's person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

### ***District Property (All Grade Levels)***

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item found in district property provided to the student that is prohibited by law, district policy, or the Student Code of Conduct.

### ***Telecommunications and Other Electronic Devices (All Grade Levels)***

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed. [See **Electronic Devices and Technology Resources (All Grade Levels)** and policy FNF(LEGAL) for more information.]

### ***Trained Dogs (All Grade Levels)***

The district may use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

### **Drug Testing**

District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and District policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner.

District officials may initiate a search in accordance with law, including, for example, based on reasonable suspicion, voluntary consent, or pursuant to District policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on District property.

The district's policy FNF(LOCAL) will address board authorization for drug testing of students as described in the policy

<https://pol.tasb.org/PolicyOnline/PolicyDetails?key=515&code=FNF#localTabContent>

[See Steroids.]

### **Vehicles on Campus**

If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the district will contact the student's parents. If the parents also refuse to permit the vehicle to be searched, the district may turn the matter over to law enforcement. The district may contact law enforcement even if permission to search is granted.

### **Sexual Harassment**

[See **Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)**.]

### **Special Programs (All Grade Levels)**

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, emergent bilingual students, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations.

A student or parent with questions about these programs should contact:

***Dustin Kenne***

***District coordinator***

***PO Box 38***

***Westhoff, Texas 77994***

***dkenne@westhoffisd.org***

***830 236-5519***

The Texas State Library and Archives Commission's [Talking Book Program](https://www.tsl.texas.gov/tbp/index.html) (<https://www.tsl.texas.gov/tbp/index.html>) provides audiobooks free of charge to [For information on library books and other resources students may access voluntarily, see **Library (All Grade Levels).**]

## **Standardized Testing SAT/ACT (Scholastic Aptitude Test and American College Test)**

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT more information can be obtained on these assessments from the school counselor.

NOTE: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

## **TSI (Texas Success Initiative) Assessment**

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through the District

as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

## **Transfers**

The principal is authorized to transfer a student from one classroom to another.

The superintendent is authorized to investigate and approve transfers between schools.

## **Transportation (All Grade Levels)**

### ***School-Sponsored Trips***

Students who participate in school-sponsored trips are required to use school-provided transportation to and from the event. However, in accordance with campus procedures, a parent may provide written consent for their child to ride with or be released after the event to the parent or another adult designated by the parent. [See **School-Sponsored Field Trips (All Grade Levels).**]

### ***Buses and Other School Vehicles***

The district makes school bus transportation available to all students living two or more miles from school and to any students who are experiencing homelessness. This service is provided at no cost to students.

Bus routes and stops will be designated annually. Any changes will be posted at the school and on the district's website. For the safety of the driver and all passengers, students must board district vehicles only at authorized stops and drivers must unload passengers only at authorized stops.

A parent may designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for their child. The designated location must be an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, contact **830-236-5519**.

Students are expected to assist district staff in ensuring that buses and other district vehicles are clean and safe. When riding in district vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct.

Students must:

- Observe all usual classroom rules
- Follow the driver's directions at all times
- Enter and leave the vehicle in an orderly manner at the designated stop
- Keep feet, books, instrument cases, and other objects out of the aisle
- Not deface the vehicle or its equipment
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle
- Be seated while the vehicle is moving
- Fasten their seat belts, if available

- Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle
- Follow any other rules established by the operator of the vehicle
- No student cell phones allowed in classes

Misconduct will be punished in accordance with the Student Code of Conduct, including loss of the privilege to ride in a district vehicle.

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

### **Vandalism (All Grade Levels)**

Littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

### **Video Cameras (All Grade Levels)**

For safety purposes, the district uses video and audio recording equipment to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings as needed and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The district will provide notice before placing a video camera in a classroom or other setting in which a child receives special education services. For more information or to request the installation and operation of this equipment, contact **Dustin Kenne, District coordinator**, that the district has designated to coordinate the implementation of and compliance with this law.

[See policy EHBAF(LOCAL) for more information.]

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** for video and other recording by parents or visitors to virtual or in-person classrooms.]

### **Visitors to the School (All Grade Levels)**

#### *General Visitors*

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must:

- Request entry to the school at the primary entrance unless otherwise directed by a district employee
- Report to the main office

- Be prepared to show identification
- **All visitors must wear an issued visitor pass while in the school building**
- Exit the school at the primary entrance and leave all exterior doors closed, latched, and locked unless actively monitored by a district employee
- Comply with all applicable district policies and procedures
- Each visitor must provide identification such as a driver's license, other picture identification issued by a government entity, or employee or student identification issued by the district.
- A person who refuses to provide identification and who reasonably appears to have no legitimate reason to be on district property will be ejected from district property.

Individuals may visit classrooms or observe virtual instruction during instructional time only with approval of the principal and teacher. Visitors may not interfere with instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior or violations of student privacy will not be permitted.

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** for video and other recording by parents or visitors to virtual or in-person classrooms.]

#### *Unauthorized Persons*

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and either of the following applies:

- The person poses a substantial risk of harm to any person
- The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL).

[See the Student Code of Conduct.]

#### *Visitors Participating in Special Programs for Students*

##### **Business, Civic, and Youth Groups**

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

#### **Volunteers (All Grade Levels)**

The district invites and appreciates the efforts of volunteers who are willing to serve our district and students.

If you are interested in volunteering, please contact:

**Dustin Kenne**

**District coordinator**

**PO Box 38**

**Westhoff, Texas 77994**

**[dkenne@westhoffisd.org](mailto:dkenne@westhoffisd.org)**

**830 236-5519**

Subject to exceptions in accordance with state law and district procedures, the district requires a state criminal history background check for each volunteer, including parents, guardians, or grandparents of a child enrolled in the district. The volunteer must pay all costs for the background check.

### **Withdrawing from School (All Grade Levels)**

To withdraw a student under age 18 from school, the parent or guardian must submit a written request to the Superintendent specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the Administration office.

Please provide the school at least three days' notice of withdrawal so that records and documents may be prepared.

## Glossary

**Accelerated instruction, including supplemental instruction**, is an intensive educational program designed to help an individual student acquire the knowledge and skills required at their grade level. It is required when a student does not meet the passing standard on a state-mandated assessment. Accelerated instruction may be provided by assigning a student to a classroom teacher who is certified as a master, exemplary, or recognized teacher or by providing supplemental instruction in addition to regular instruction.

**ACT**, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

**ACT-Aspire** is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

**ARD** stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and their parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

**CPS** stands for Child Protective Services.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**DFPS** stands for the Texas Department of Family and Protective Services.

**DPS** stands for the Texas Department of Public Safety.

**DSHS** stands for the Texas Department of State Health Services.

**ED** stands for the U.S. Department of Education.

**Emergent bilingual student** refers to a student of limited English proficiency. Other related terms include English learner, English language learner, and limited English proficient student.

**EOC (end-of-course) assessments** are state-mandated and are part of the STAAR program. Successful performance on EOC assessments is required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

**ESSA** is the federal Every Student Succeeds Act.

**FERPA** refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 years of age or older directs the school not to release directory information.

**IEP** stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services.

**IGC** is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**PGP** stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after beginning grade 9.

**Safe and Supportive School Team** is a team established at each campus that is responsible for conducting a threat assessment regarding individuals who make threats of violence or exhibit harmful, threatening, or violent behavior and determining appropriate intervention, and providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

**SHAC** stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to help ensure that local community values and health issues are reflected in the district's health education instruction, as well as assist with other student and employee wellness issues.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

**STAAR Alternate 2** is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

**STAAR Spanish** is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

**State-mandated assessments** are required of students at certain grade levels and in specified subjects. Except under limited circumstances, students must pass the STAAR EOC assessments to graduate. Students have multiple opportunities to take the tests, if necessary, for graduation.

**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle; sets out the

conditions that authorize or require the principal or another administrator to place the student in a DAEP; and outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

**TAC** stands for the Texas Administrative Code.

**TEA** stands for the Texas Education Agency, which oversees primary and secondary public education in Texas.

**TELPAS** stands for the Texas English Language Proficiency Assessment System, which assesses the progress that emergent bilingual students make in learning the English language and is administered for those who meet the participation requirements in kindergarten-grade 12.

**TSI** stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

**TXVSN** stands for the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors and are equivalent in rigor and scope to a course taught in a traditional classroom setting.
