WHY GIRLS' SCHOOLS ARE:

RIGHT FOR YOU!

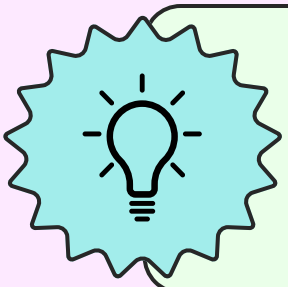
WHERE YOU BELONG

MOTIVATING

Nearly 80% of girls' school students say their classes push them to reach their full potential, while only 44% of girls in State schools feel the same way.

EMPOWERING

Every aspect of a girls' school is designed for girls, from teaching to pastoral care to sport, drama, and music. Girls are at the heart of everything that happens at school.



ASPIRATIONAL

Girls' schools are places of incredible innovation, ensuring you succeed in your studies and develop personally, setting you up for exciting opportunities once you finish school.

LIMITLESS

At a girls' school, you will learn in a place free of stereotypes, inspiring you to realise there are ***no limits to what you can achieve*** and giving you the confidence to make it happen.
