Average Daily Attendance

This schedule reports our projected Revenue Limit ADA. Average Daily Attendance, ADA, is calculated by dividing the actual days of attendance by the possible days. Thus, if pupil attended 150 days out of a possible 180 days, the pupil would generate 0.84 ADA for funding purposes.

Days attended divided by days possible.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Pupil Transportation

Pupil Transportation Fund (Fund 15) refers to a specific fund used by school districts to account for revenues and expenditures related to the transportation of students. This fund was historically classified as Fund 15, Pupil Transportation Fund, and was used by districts that wanted to separately track transportation-related financial activities.

The use of the Pupil Transportation Fund is optional for districts. Transportation-related revenues and expenditures can also be recorded within the General Fund (Fund 01) using appropriate resource and object codes.

Capital Project Fund

The Capital Project Fund for Blended Component Units (Fund 49) in the California School Accounting Manual (CSAM) is used by school districts to account for financial resources and expenditures related to capital projects managed through blended component units of the district.

Blended component units are legally separate entities (e.g., joint powers authorities, financing corporations, or nonprofit entities) that are financially integrated with the school district and, therefore, included in the district's financial statements.

Self - Insurance Fund

The Self-Insurance Fund (Fund 67) in the California School Accounting Manual (CSAM) is used by school districts and county offices of education to account for resources and expenses related to self-insurance programs. These programs cover risks such as health benefits, workers' compensation, property and liability insurance, or other insurable risks that the district chooses to self-fund rather than purchasing insurance from an external provider.
