2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

At Cope Middle School, students, parents, and staff collaborate to foster mutual respect, critical thinking, and problem-solving skills. Committed to cultivating personal potential and strong work ethics, Cope strives to prepare students for future success. The school emphasizes a positive campus culture through SOAR—Safe, Organized, Accountable, and Respectful—its PBIS program that reinforces schoolwide expectations and student growth.

Serving approximately 1,200 sixth through eighth-grade students, Cope Middle School is one of four middle schools in the Redlands Unified School District. Located in Redlands, the school also welcomes students from Loma Linda and parts of San Bernardino. Cope offers a rigorous academic program, integrating AVID strategies to enhance literacy and writing across the

curriculum, alongside technology-driven instruction. Students engage in various extracurricular activities, including award-winning performing arts programs, academic clubs like Math Club and Chess Club, and leadership opportunities through ASB and WEB. The athletics program provides competitive sports and intramurals, ensuring every student finds a connection on campus.

Cope's mission is to empower students academically, socially, and emotionally while fostering self-advocacy and preparing them for college and career success. With a focus on providing a safe, inclusive, and engaging environment, the dedicated staff ensures that all students benefit from meaningful learning experiences and have opportunities to grow both in and beyond the classroom.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The California State Board of Education reviews textbooks and adopts those that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District through a committee of teachers and administrators. They review the materials that have been approved for purchase. Teachers at each site have an opportunity to preview texts prior to selection, and to pilot the textbook programs for a period of time in their classrooms with their students. Textbooks are selected and purchased on a seven-year cycle, rotating by content area. Copies of student books are available at the Instructional Resource Center for parent review. Both programs feature a variety of instructional materials and technology to enhance the instructional program for our students. Sufficient textbooks are available for all students regardless of English proficiency or disability.

The Science books/curriculum are the most recently updated textbooks.

School Facility Conditions and Planned Improvements

Description of the safety, cleanliness, and adequacy of the school facility:

Safety: The school facilities are inspected weekly, and needed repairs are submitted to the District to ensure rooms and buildings are all adequately prepared to meet the needs of students. The governing board has adopted maintenance and cleaning standards.

Cleanliness: The governing board has adopted cleaning standards for all schools in RUSD. The Assistant Principals work regularly with the custodial staff to develop cleaning schedules to ensure a clean and safe school, and students and staff work hard to keep the campus clean and safe as well.

Adequacy: Built in 1956, Cope Middle School has 48 permanent classrooms and 18 relocatable classrooms. All core subject classrooms are equipped with computer carts containing 35 Chromebooks with internet access and a Newline Board for class projection and integrated technology. Wellness spaces have been enhanced with the Cope Wellness Center (Eagle Oasis) in a new portable, a PE Fitness Room, and a Mat Room. Major upgrades were made to the new photography classroom using Prop 28 funds.

Description of any planned or recently completed facility improvements:

Ongoing facilities upgrades include repair to buildings and walkways, installation of windows in doors and storage rooms, upgraded office and classroom air conditioning, painting additional campus murals, providing additional student seating and covered areas, and completing campus watering systems and vegetation in the campus planters.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent involvement is a priority at Cope Middle School, with many opportunities for parents to stay informed and engaged in school activities. The school website serves as a central hub, offering an updated calendar of events and a daily Student Bulletin to keep parents and students informed. Through the Aeries Parent Portal, families can access their student's report card grades, attendance, and emergency contact information. Most teachers manage their gradebooks and assignments on Aeries, providing parents with up-to-date information about their student's academic progress. Cope also uses Instagram, Twitter, and Parent Square (Aeries Communication) to share important dates, reminders, and updates with the school community. Parents are regularly surveyed for input on topics such as campus culture, school safety, and facility improvements. Additionally, the Assistant Principals involve parents in the Safety Committee, School Site Council, English Learner Advisory Committee, and other key groups.

Cope's PTSA plays a vital role in supporting various school activities and organizing fundraisers such as dine-out nights and spirit wear sales. In collaboration with school administration, the PTSA hosts Parent Education Nights throughout the year to address topics of interest. Parents of English Learners meet with the site ELD Coordinator to discuss academic and social-emotional support for their children. The School Site Council also convenes monthly to review the school's mission and oversee the allocation of categorical site funds. Parents are encouraged to participate in these committees and events, ensuring they remain active partners in their child's education.

2025-26 School Safety Plan

Cope Middle School's Comprehensive School Safety Plan (CSSP) is reviewed, updated, and approved annually to ensure the safety and well-being of all students and staff. The plan was most recently reviewed with staff and a student representative in February 2026, approved by the School Site Council in February 2026, and received board approval from the Redlands Unified School District in February 2026.

The CSSP includes key components such as school discipline policies and procedures, dress code guidelines, suspension and expulsion policies, sexual harassment reporting procedures, child abuse and bullying reporting protocols, dangerous pupil notification procedures, and comprehensive disaster response plans. Classroom emergency backpacks and schoolwide emergency supplies, stored in the land/sea container, are updated annually. Water bottles and snacks are replenished each year with the support of PTSA funds.

To promote safety, campus monitors, teachers, counselors, and administrators supervise the school grounds before school, during all three lunches, and after school. All entrances to the campus are locked during the school day, and visitors must check in through the Raptor system by providing identification and obtaining a visitor pass. Staff members wear visible identification to ensure easy recognition, and directional signage and cones guide student movement across campus. Quarterly School Safety Committee meetings, led by the Assistant Principal, review campus infrastructure, facilities, and safety material needs to address ongoing and emerging concerns.

Cope's Positive Behavior Interventions and Supports (PBIS) program, SOAR (Safe, Organized, Accountable, Respectful), fosters a positive campus culture. Expectations are promoted through campus banners, classroom posters, and daily reminders, and students are rewarded with SOAR Bucks & Talon Tickets for demonstrating positive behavior. Anonymous reporting systems such as "See Something, Say Something" and Sprigeo encourage students to report safety-related issues, reinforcing a safe and supportive environment for the entire school community.

Fiscal Year 2024-25 Types of Services Funded

In 2024-2025, Cope Middle School received approximately \$470,008 in special funds to support supplementary educational programs. These funds, sourced from Title I, the School Improvement Plan, and the General Fund, were used to enhance instructional materials, intervention programs, personnel, and enrichment opportunities through the Extended Learning Opportunities Program (ELOP). These resources allow Cope to address diverse student needs and foster academic success.

Cope offers a comprehensive academic program tailored to students at all grade levels. Sixth-grade students benefit from a team-teaching model and targeted reading and math interventions. Exploratory classes such as college and career exploration, fine arts, and digital skills provide enrichment for students not enrolled in interventions. Advanced classes in English, math, and science are offered for seventh and eighth grades, alongside electives such as ASB, Yearbook, Theater, and Robotics. Daily physical education promotes lifelong wellness, and music programs are structured to ensure students receive core academic instruction without disruption.

To support students beyond the classroom, Cope provides after-school tutoring in math, academic support and enrichment through ELOP, and the ASES program, which includes tutoring and transportation. These efforts align with Cope's 2024-2025

Fiscal Year 2024-25 Types of Services Funded

goals of fostering equitable access to programs in a safe, positive environment and delivering high-quality, standards-based instruction with tiered supports to ensure all students thrive.

Professional Development

Cope staff is committed to ongoing professional growth, utilizing weekly early-release Mondays for 1.5 hours of collaboration and professional development. During this time, staff focus on understanding student needs, fostering academic rigor, and engaging with Depth of Knowledge levels across subjects. Additionally, emergency response planning is a key component of professional development. Staff regularly work together to refine practices, align curriculum, and discuss strategies for improving student outcomes.

Professional development is also integrated into department meetings and annual full-day training sessions with other district middle schools. This training is led by outside presenters, expert teachers, counselors, and administrators, and is tailored to various instructional strategies. Teachers are further supported through follow-up training, consistent reminders in department meetings, and a master schedule that allows for ongoing collaboration and planning.
