Parents/Guardians of KISD Elementary Students,

RE: Elementary Online Registration- March 9<sup>th</sup>-March 25<sup>th</sup>

All Elementary students will enroll for the 2026-2027 school year through the online registration process in Skyward Family Access. Parents will need to know their Skyward Family Access login information to complete online registration. Please contact your student's campus if you do not know your login to Skyward Family Access. The online registration window opens Monday, March 9, 2026.

Enrollment is limited or "capped" at each grade level per campus. When enrollment caps are reached, elementary students will be sent to another school within the district where space is available. To secure your child's seat at your home campus, complete the online registration process early! Registration is dated and timestamped. Spaces at each campus will be filled based on the timestamp for each completed online registration.

If your address has changed and your student will be attending a different campus next year, please contact your student's current campus and provide proof of residency to change your address. All changes to address must go through the student's current campus. Please note: Registering on a desktop, laptop, or tablet is a better format- it is difficult on a phone. Some fields are set as "read only"- if there are changes, please contact the campus.

Each campus will have computers and assistance available during the registration window. Please contact your child's campus for assistance in registering your child for next year!

Thank you,
