**MAP, DIRECTORY,
& EXPO GUIDE**

WELCOME TO THE 4TH ANNUAL MUSTANG NATION LEARNING EXPO!

Thank you for visiting the 4th Annual Mustang Nation Learning Expo this evening! This event, pioneered in 2023 seeks to offer a first hand look into education in the Governor Mifflin School District, guided by those who live it each and every day: our teachers and students.

Through the course of the night, **you will see more than fifty exhibitions from across a wide range of grade levels, subject matter, and disciplines representing all six schools within our district.** Through presentations, performances, interactive experiences, entrepreneurial endeavors, live demonstrations, and more, we will seek to answer the pressing question: “what are our students learning about and how are they learning about it?”

This year, our Expo is thematically aligned to our Governor Mifflin Portrait of a Graduate, a document which details the values which we seek to instill in all students in order to ensure that, when they graduate our district and leave our campus, they are college, career, and future ready. In four areas of our Expo, there is a “Checkpoint” table, highlighted on our maps in GOLD. **If you would like to learn more about our Portrait of a Graduate and the values outlined in this document, please stop by and ask to learn about each area’s value.** We also invite you to ask our instructors which value, or values, their exhibition aligns with.

Should you have any questions or require directions during the course of the night, please feel free to visit these checkpoints or our greeters, located in the main lobbies of both Governor Mifflin High School and GMACC. Thank you for attending this event, we hope you have an excellent evening seeing learning in action!

¡Gracias por visitar la cuarta edición anual de la Mustang Nation Learning Expo esta noche! Este evento, iniciado en 2023, tiene como objetivo ofrecer una visión de primera mano de la educación en el distrito escolar Governor Mifflin, guiada por quienes la viven cada día: nuestros profesores y alumnos.

A lo largo de la noche, podrá ver más de cincuenta exposiciones de una amplia gama de niveles académicos, materias y disciplinas que representan a las seis escuelas de nuestro distrito. A través de presentaciones, actuaciones, experiencias interactivas, iniciativas empresariales, demostraciones en vivo y mucho más, trataremos de responder a la pregunta candente: «¿Qué están aprendiendo nuestros alumnos y cómo lo están aprendiendo?».

Este año, nuestra Expo está alineada temáticamente con nuestro Retrato de un graduado del gobernador Mifflin, un documento que detalla los valores que buscamos inculcar en todos los estudiantes para garantizar que, cuando se gradúen de nuestro distrito y dejen nuestro campus, estén preparados para la universidad, la carrera profesional y el futuro. En cuatro áreas de nuestra Expo, hay una mesa de «control», resaltada en nuestros mapas en DORADO. Si desean obtener más información sobre nuestro Retrato de un graduado y los valores descritos en este documento, por favor, pasen por allí y pregunten sobre el valor de cada área. También les invitamos a preguntar a nuestros instructores con qué valor o valores se alinea su exposición.

Si tiene alguna pregunta o necesita indicaciones durante la noche, no dude en visitar estos puntos de control o a nuestros recepcionistas, ubicados en los vestíbulos principales de la escuela secundaria Governor Mifflin y del GMACC. Gracias por asistir a este evento, ¡esperamos que tenga una excelente velada viendo el aprendizaje en acción!
