*\*Dental Clinics are held onsite during regular school hours\**

### On-site Dental Services

Students receive preventive dental services to prevent and control dental decay

### Dental Treatments Include

- Toothbrush cleanings and scaling
- Sealants
- Fluoride Varnish Application
- Oral Hygiene Instruction
- Silver Diamine Fluoride Application

### Classroom Education

Students are taught an oral health curriculum based on the science of a healthy oral lifestyle

### Dental Referrals

RSS contact families of urgent-need children to refer them to our partner clinics for comprehensive care
