In June 2017, a lawsuit called *J.R. v. Oxnard School District et al.*, Case No. 2:17-cv-04304-JAK-DTx was filed against the Oxnard School District (District). This lawsuit alleged that the District failed to identify and evaluate students who were suspected of having a disability that would require special education services.

In 2025, the Parties settled this lawsuit. In the Settlement, the District agreed to take steps to improve the way that the District identified, referred, and assessed students with suspected disabilities.
