Pine Lake Preparatory
104 Yellow Wood Circle
Mooreville, NC, 28115

Dear Pine Lake Community and Families,

Every parent I know at Pine Lake is grateful for the gift of this education, and I am no exception. We teach our children “to whom much is given, much is expected.” Our family has been given much, and I would welcome the opportunity to serve you on the board if my skills and experience can offer value to this special school. While I have experience in fundraising and governance, and a wide network with community partners, I am willing to serve wherever is needed. My work schedule is flexible and gives me the opportunity to commit time and energy to board service.

Aside from being Dad to four kids, I am a partner in a real estate development firm and the director of its charitable foundation. I also have experience chairing and serving on boards for local and global non-profits and NGOs. I spent 10 years on staff at a multi-site church, first leading youth and then local and global outreach partnerships, and I am an ordained pastor.

Two skills I developed through these experiences are (1) uniting diverse people under common values and (2) empowering leaders strategically to bring their vision to fruition. Putting those skills into service alongside others is a great privilege. When I see a loan recipient in our program in Zambia able to feed their family from their own business, or my kids’s babysitter graduating from Caterpillar Ministries and getting a full-ride to Davidson, or one more family in crisis surrounded by the support of Alongside Families, I picture every face that made it happen: wealthy funders, weekly drivers, homework helpers...beautiful (albeit unlikely) coalitions. There are few things as powerfully uniting as the future of our children, and I have seen firsthand the power of community at Pine Lake and what we can accomplish together.

Three months ago, our gratitude for Pine Lake reached unspeakable heights as the staff saved the life of our kindergarten son, Josh, who went into unexpected anaphylaxis at school. Regardless of this board position, our family is committed to expressing our thankfulness by serving at Pine Lake, and we look forward to many years of joyful partnership.

Sincerely,

Andy Muhich
