About the Clinic

Whether your child has been playing field hockey for years or is new to the game, this clinic will be geared toward all experience levels! With over a decade of experience coaching middle school and rec programs, Coach M and Coach Daly are excited to implement one of the few Field Hockey summer clinics in the area. We will be introducing and building upon core field hockey skills such as possession, stops, passing, and dodging as well as strategic aspects like positioning, strategy, and game play. This clinic will be a great way to prepare for the upcoming Field Hockey season and learn from experienced coaches and high school athletes!
