OMS Campus Overview

Our campus has 5 buildings:

Building 1 is the main office and music and technology classrooms

Building 2 is the cafeteria/multipurpose room

Building 3 is the gym

Buildings 4 has two floors (1st floor is art and ese classrooms, 2nd floor is mostly 8th grade classrooms)

Building 5 also has 2 floors (1st floor is 6th grade and 2nd floor is 7th grade classrooms)

6th Grade Transition

At OMS the transition is smooth as we offer several opportunities for students and families to learn about and explore our campus prior to the 1st day of school.

Teaming model for 6th grade consisting of 2 teams of core content teachers who share common students. This allows all students to have a school within a school experience with classrooms close in the same hallway and the ability to feel supported and receive common classroom expectations from their teachers.

Recommended Supplies

It is our expectation that all OMS students bring their fully charged laptops and a 3' binder to and from school every day. This will help keep all students organized and allow students to have access to materials. In order to protect student laptops and make it easy for students to carry laptops and binders to every class, we suggest all families purchase a **3-inch binder with** a laptop case all-in-one. **Student Laptop Dimensions are 12.5 by 8.5 inches.**

The only other recommended supplies for you to purchase are **packs of loose leaf paper, 6 dividers for the binder, at least 3 spiral notebooks, and writing utensils of your choice.** There may be a few additional recommended classroom supplies communicated by individual teachers on the opening days of school. However, we are trying to keep them limited to offset the cost of purchasing a binder/laptop case.
