

The Return of the **House Call**

Prominence is helping you get care where and when you need it, by providing mobile urgent care services through a partnership with **Doctoroo!**

Doctoroo brings urgent care in the comfort of your own home, helping avoid unnecessary trips to the emergency room.

- Saves a trip to the ER or urgent care - offering a more convenient way to get the care you need
- For Prominence members, the cost is the same as a PCP copay - often a more affordable option than a traditional urgent care or the emergency room
- Conditions treated include those of a typical urgent care* including common illness; eye injuries; ear, nose, and throat; respiratory; cardiac (non-emergency); skin conditions; muscular injuries; skin injuries; wounds; digestive; and urology issues
- A team of two medical professionals will visit your home, with an ER physician available on-call
- Available 7 a.m. to midnight, 365 days/year, and is an option for members age six months and older
- Services are available regionally in both northern and southern Nevada
