

Administrator's Guide to School-Connect Resources

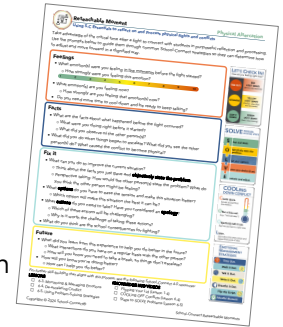

Your School-Connect subscription offers multiple solutions for common campus needs and issues

Attendance, Academic, and Behavior Issues

Targeted Intervention Guides to assist admin, counselors, and interventionists in guiding students through processing the incident, evaluating options, and determining the best actions to move forward. Topics include:

- Attendance Issues
- Classroom Issues (disruptions, cheating)
- Disrespecting Adults
- Failing Grades
- Ignoring Limits for Personal Devices
- Inappropriate Language
- Inappropriate Tech Use
- Physical Altercations
- Vaping & Other Substance Use
- Verbal Altercations and Disruptions

Tier 2 & 3 Group Intervention Sessions: 6-session series for targeted groups on common academic and behavior issues.

Digital Citizenship

Module 9: TEEN GUIDE to Surviving a Tech World explores the influences of social media and tech addiction, while also considering the consequences of academic cheating, cyberbullying, distracted driving, and digital footprints. Designed like a graphic novel, this module is especially engaging and relatable.

College, Career & Future-Ready Students

School-Connect aligns with Portrait of a Graduate objectives to help prepare students for success beyond their high school years and meet guidelines for College, Career, and Military Readiness (CCMR).

Module 7: Setting & Achieving Long-Term Goals

Module 11: Planning for Higher Education

Module 10: Developing Employability Skills

Module 12: Preparing for Adulthood

Educator Self-Care

S-C Teacher Self-Care provides mini lessons with educator insight, discussion, and reflective activities, making them ideal for staff or department meetings or individual viewing. Topics include shifting your paradigm around self-care, creating a soothing class environment, and self-care in the classroom. *Some districts offer continuing education credits for completing self-care lessons.

Progress Monitoring & Data Reporting

All School-Connect modules and group intervention sessions include student self-report and teacher observation forms to be effective and efficient pre- and post-assessments. School-Connect also has school climate surveys, project-based learning (PBLs), and application-based assessments to monitor program impacts.

Accommodations Guides

Increase accessibility for **absent students** and **students with IEPs** with School-Connect Accommodations Guides. These guides are designed to ensure every student can engage meaningfully with School-Connect lessons.

Parent & Family Resources

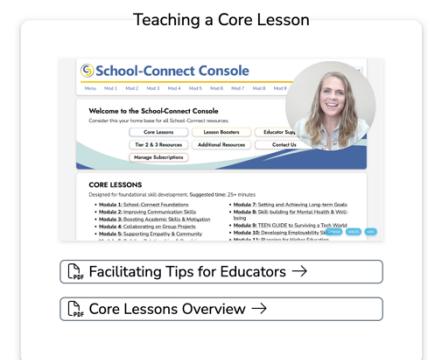

School-Connect's companion piece for parent and family involvement includes take-homes for parents for every module with conversation starters, family activities, and links to videos with accompanying discussion questions.

Training and Support

As part of your School-Connect school license, we provide a half-hour virtual consultation for your subscription manager and a small team to introduce our console, explain curriculum components, and answer questions. We also have an on-going support package and online or onsite training options.

Teacher Resource Section

Please see our Teacher Resource Section for brief demo videos and our *School-Connect Teacher's Guide*.
