- 40% discount on complete eyeglass purchases after your plan benefits have been fully used (includes prescription sunglasses).
- 15% discount on conventional contact lenses after your plan benefits have been fully used.
- Members can purchase eyeglasses online and apply their in-network eyeglass benefits at [www.glasses.com](http://www.glasses.com), [lenscrafters.com](http://lenscrafters.com), [targetoptical.com](http://targetoptical.com), or [rayban.com](http://rayban.com).
- Members can purchase contact lenses online and apply their in-network contact lenses benefits at [www.contactsdirect.com](http://www.contactsdirect.com).

### How to Maximize Your DeltaVision Plan

- Use providers participating in your vision plan network; your benefit dollars will go farther at participating providers. For an up-to-date listing of EyeMed providers in your area, visit our website at <https://www.deltadentalwi.com/vision> or call EyeMed's Customer Care Center at 844-848-7090.
- For laser vision correction, LASIK*Plus* is the network provider offering members additional benefits. Additional information can be obtained by calling 1-800-988-4221 or visiting [eyemedlasik.com](http://eyemedlasik.com).
- Use your full benefit allowance. Frames and lenses (plastic or contact) each have an annual benefit allowance. The benefit allowance must be used on a single day purchase; there is no remaining balance if entire allowance is not used after initial purchase.
- Frequency of benefits: your benefit frequency is based on calendar year. For example, you'll be covered for another pair of glasses as of January 1 of the next calendar year.
- Participating providers may offer promotional pricing on vision materials. You can partake in either the DeltaVision Network Benefit or the promotional price available, but not both. Your provider can help you to determine which is best for you. If you select the promotional pricing you can submit your expenses for Out-of-Network Reimbursement.
- Prescription sunglasses can be purchased with your benefit allowance for frames and plastic lenses.
- A 20% discount may be available on selected brands of non-prescription sunglasses from participating providers — ask your vision provider.
- Premium progressive lenses are more costly than standard progressive lenses. Please discuss your costs for progressive lenses with your vision provider.

\*\*\*Medically necessary contacts require authorization from a vision doctor when some conditions are present. Please contact the plan for more information.
