

Summer School Registration Preview

Viewing Courses & Selecting Course Favorites

You may login to the summer school system prior to registration and select class “Favorites” for each student. On registration day, you can sort by your favorites, so they appear at the top of the course listing and are easier to find in the list.

Choosing a class favorite doesn't guarantee registration in the class, it just allows you to find the class easier on registration day.

1. To select class favorites, login to your account and click on “Review Course Listings.”

The screenshot shows the user interface for the Waunakee Summer School registration system. At the top, there is a teal header with the Waunakee Community School District logo on the left, the text 'Waunakee Summer School' in the center, and 'Test Family | Log Out' on the right. Below the header is a navigation bar with three buttons: 'Dashboard', 'Courses', and 'Settings'. The main content area is titled 'Dashboard' and contains four grey rectangular cards. The top-left card is 'Manage Your Account' with the text 'Prior to registration, make sure to add students to your account. You'll need your child's Student ID Number'. The top-right card is 'Review Course Listings', which is circled in black, and contains the text 'Before registration day, you can review the course listings and even 'favorite' your preferred courses and sections to make them easier to find later.' The bottom-left card is 'Course Review and Cost' with the text 'Once you have registered your child for classes, you can review total cost of course expenses here'. The bottom-right card is 'Add/Drop Courses' with the text 'Registration is live.'

- Select the student you'd like to set favorites for. Once on the Course Listings screen, use the dropdown to move between students.

You can also filter by class name. The system is not able to filter for two things at the same time. You are not able to look for Legos PES. You would either need to filter for Legos or PES.

Helpful Hints for Using the Filter:

- If you have an elementary student and want to see only classes at their school, set the filter for AES, HES, or PES.
- Camp Invention is located at Arboretum Elementary. It will not show under available courses if you have the filter set to HES, PES or IS. To find that class, change the filter and enter Camp Invention in the filter.
- Swimming classes will not show under available courses if you are using AES, HES, or PES in the filter. Swimming classes are at the High School. Changing the filter to HS would show available swimming lessons.
- For swimming lessons, you may use the filter in two different ways. Setting the filter to HS will show you all available swimming lessons. If you want a narrower search, you can also filter by your student's swimming level to see only those swimming lessons. For example, setting the filter to Level 3 would show you only level 3 swim lessons.

- To select a class as a favorite, click on the star to the left of the class.

- Once you've selected all of your favorites for this student, use the dropdown to complete the process for the rest of your children.
(You may want to choose more than one favorite for each hour due to classes filling up quickly.)

Note: The main dashboard page will have a countdown to registration clock located in the Add/Drop Courses box. Once the first Summer School registration opens, the countdown clock will go away and "Registration is live" will be displayed instead. That means Waunakee Summer School Registration is live **for some classes**. Refer to the Information at a Glance page of the catalog to see when registration opens for the courses you want.
