Since 2007, the Summer Law Intern Program has sought to develop and nurture an interest in the legal profession among young people who may be first-generation college students and/or law students and others who have limited exposure to the practice of law

The legal profession includes many different kinds of law and many different types of practice, ranging from trial attorneys to in-house corporate counsel.

Students in the program will gain perspective of the legal practice in Memphis by accompanying lawyers to court; assisting with case preparation; observing the negotiation or closing of a business transaction, etc.
