

Requesting your Input for the Strategic Plan

March 8, 2026

Dear Plainview-Old Bethpage School Community,

Four years ago, members of our community helped shape the priorities that guide our current strategic plan. As we begin planning the next phase of this work, we are once again asking for your input.

We are starting this conversation through *ThoughtExchange*, where you can share what you believe our district should focus on in the years ahead, specifically, what we are doing well and where we can grow.

Your anonymous feedback will be shared at our annual Leadership Summit on Saturday, March 14, where members of the Board of Education, students, PTA members, clerical staff, teachers, and administrators will review community input and begin drafting the next strategic plan.

Thank you for taking a few minutes to share your thoughts and help shape the future of POB Schools.

[Submit your thoughts here.](#)

Sincerely,

Dr. Mary O'Meara  
Superintendent of Schools
