

GPPSS: SUPPORTING THE WHOLE CHILD

Understanding Grosse Pointe's Multi-Tiered System of Support (MTSS)

MTSS is a dynamic framework that ensures every student receives the specific help they need. It tailors support through data-driven collaboration.

How Our MTSS Process Works

We are committed to using data to support every learner.

THE THREE TIERS OF SUPPORT

How we provide individualized instruction and interventions

Tier 1: Core

Universal Support: High-quality, evidence-based instruction for all students in the classroom. This is the heart of our framework.

Resources: Arts and Letters, Lexia, Really Great Reading, Wordsmith.

Tier 2: Targeted

Added Support: Small-group instruction provided 3+ times a week for students needing extra help alongside core lessons.

Resources: Decodable text, Diagnostic testing, Increased progress monitoring.

Tier 3: Intensive

Individualized: Focused interventions targeting specific gaps, often provided by specialists outside the main classroom.

Resources: Reading Specialist, Orton-Gillingham, Reading Club, Fluency passages.

The MTSS process does not supersede Child Find.
