Fax: (207) 209-6001

COORDINATION OF BENEFITS

Coordination of Benefits, also referred to as COB, is necessary each year to verify whether you and your dependents have other medical coverage.

For example, your spouse may have coverage through work, or your dependents may have coverage under both of their parent's plans. In these situations, one plan will be considered the primary plan and will pay claims first; the other insurance is considered secondary and will pay claims second, paying towards and remaining cost, depending on the plan.

Having COB information up front helps us process claim quickly and accurately. COB updates should be obtained once a year, even if your dependents have no other coverage. if you experience any changes during the year, please notify Sage TPA.

Easy ways to update your COB:

- During open enrollment
- At anytime complete the "Coordination of Benefits form" indicating other coverage
- Fill out and Email form (pg.2) to OUHealth@SageTPA.com
- Fill out and Fax Form (pg.2) to (207) 209-6001
