REGIONAL INFORMATION CENTER

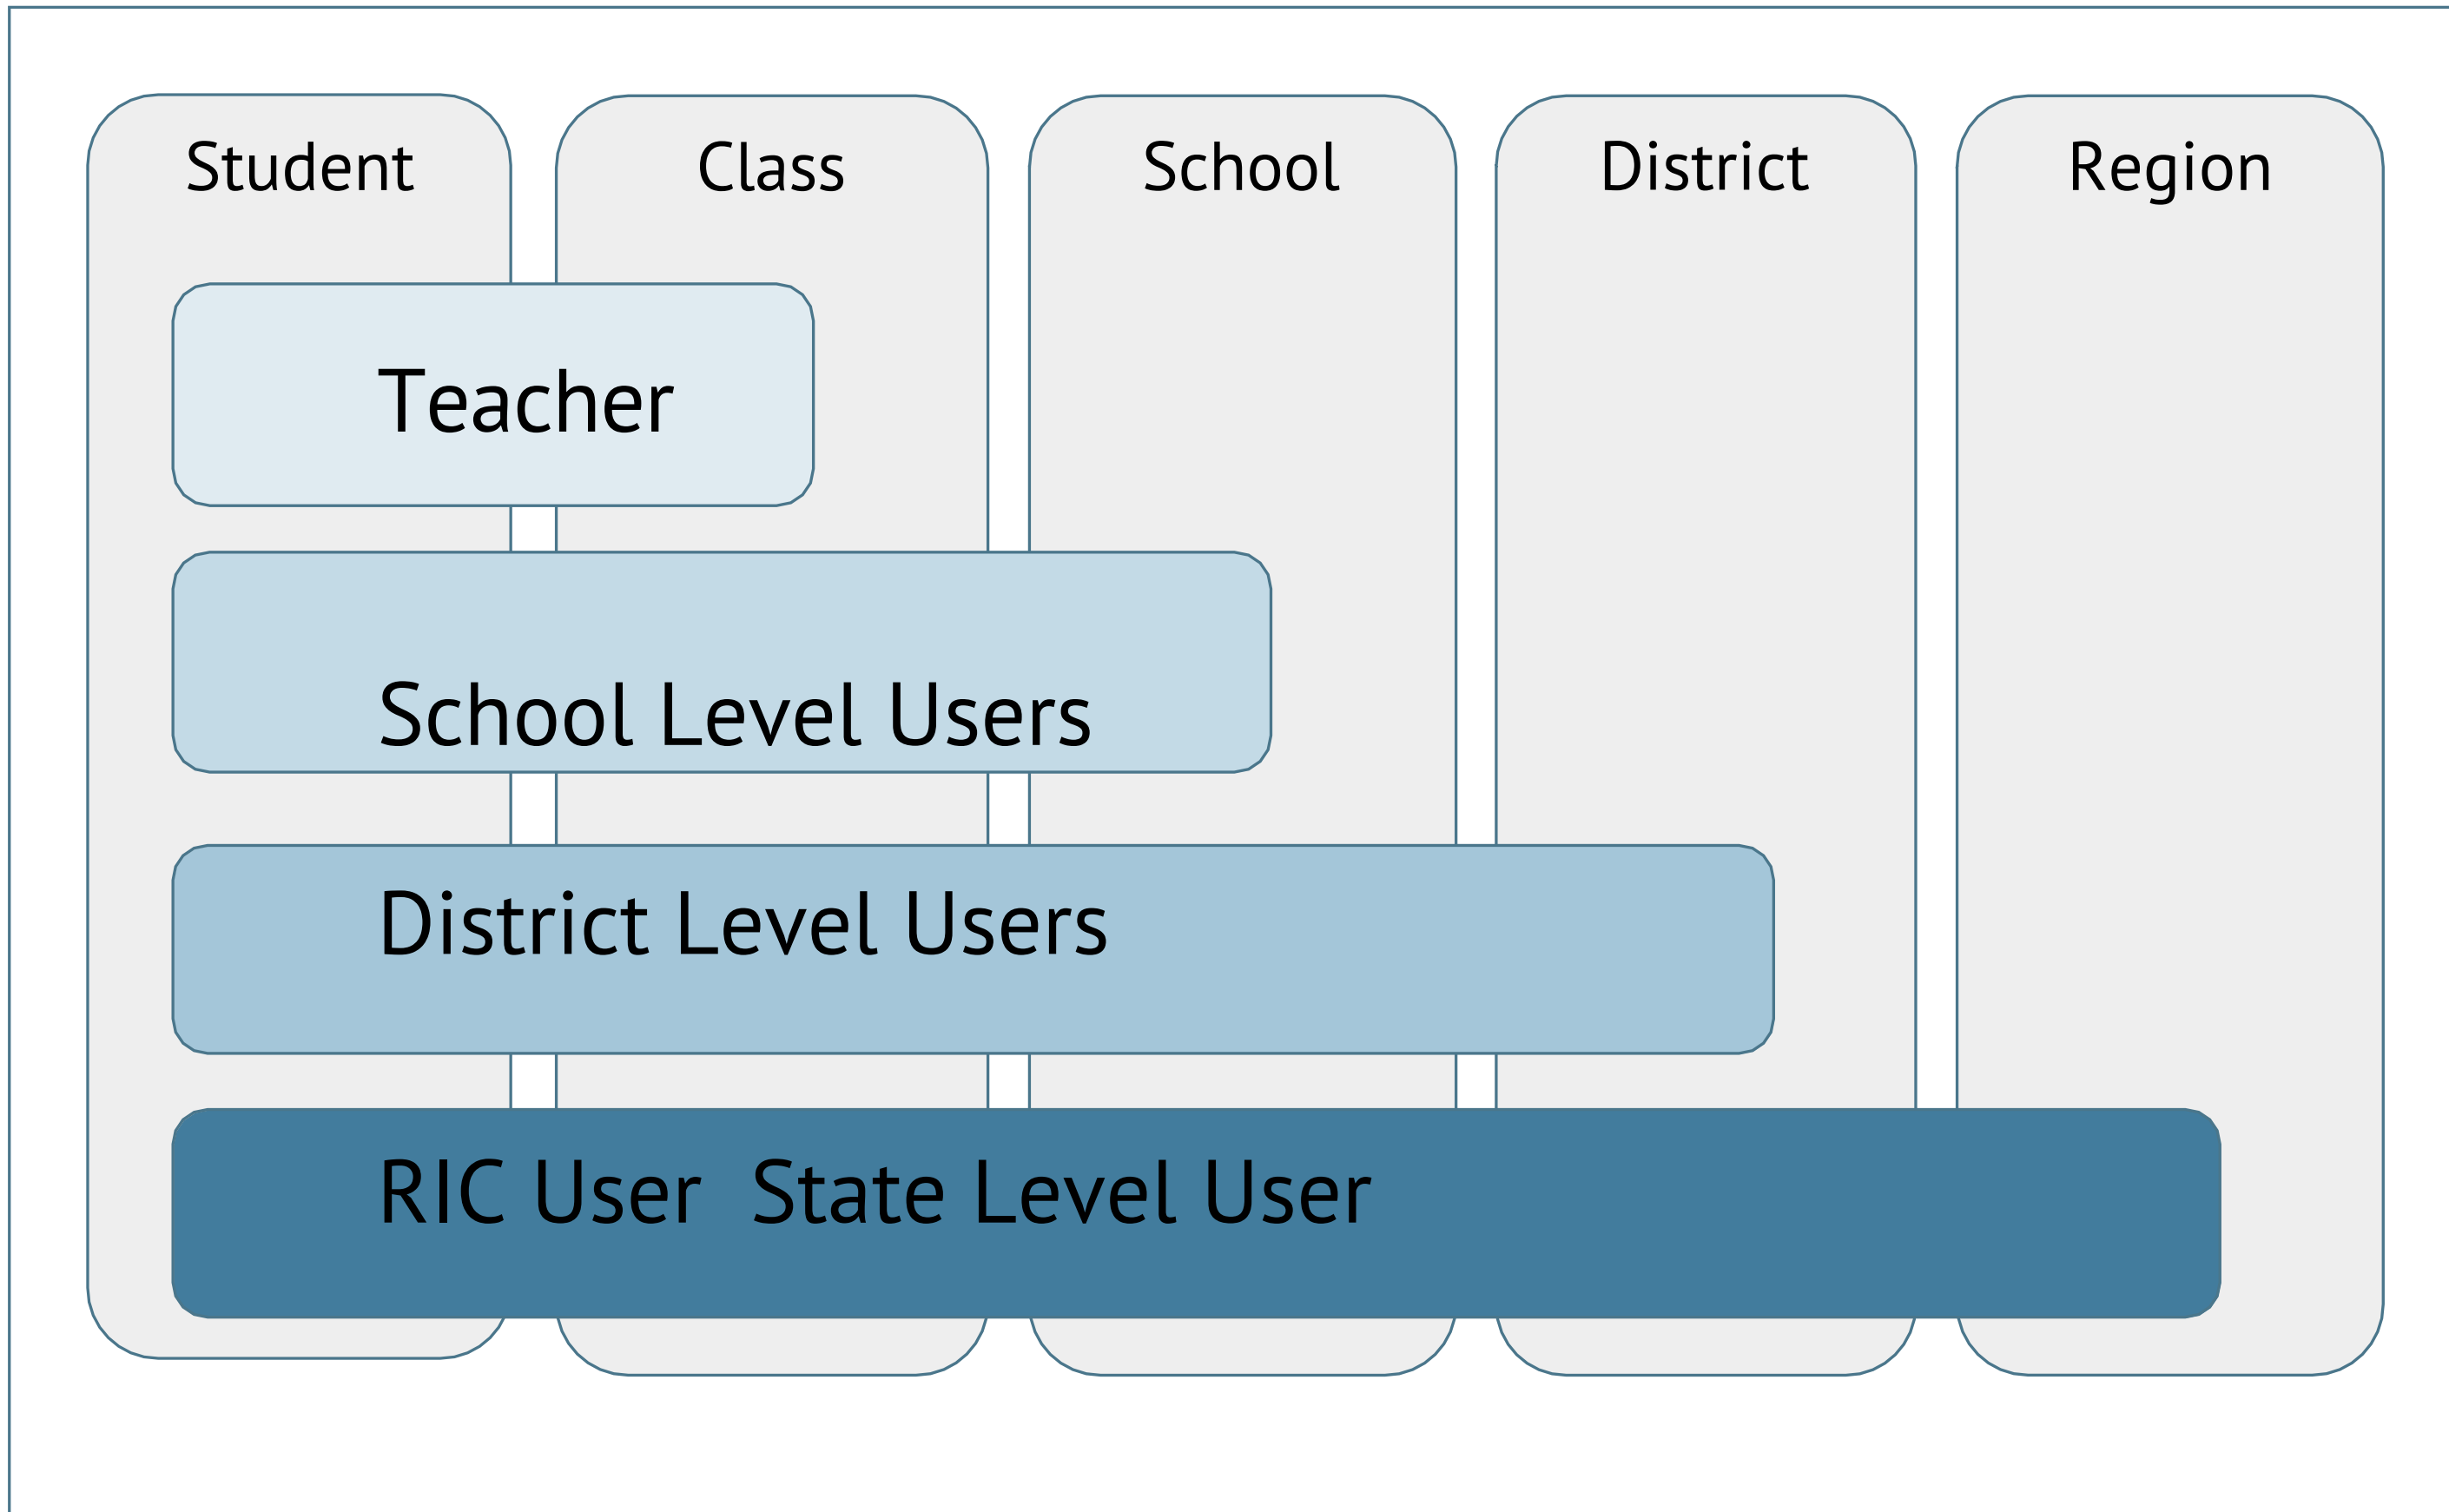

CBT WORKSHOP #3: OPERATIONAL EXAM MANAGEMENT

Presented by the Student Data Services
Department

Nextera Admin User Roles

Nextera Admin User Roles

District Level Roles

District Level Users

- **District Test Coordinator (DTC)** – Main point of contact at the district for Questar and schools, ensures accuracy of all student data in system, manages district-level accounts and sets up primary school level users
- **Superintendent (SUP)** – Adviser to the DTC, ensures all student data is correct in system, visibility to own district and school level information
- **District Level User (DLU)** – Same permissions as DTC, assists in managing district-level users and students
- **District Information Technology Coordinator (DITC)** – Information technology point-of-contact for district, can download the secure browser, helps to troubleshoot, does not have access to students or classes

School Level Roles

School Level Users

- **Principal (PRN)** – Responsible for Technology Readiness, visibility to their own school, classes, and students, can create school level users
- **School Test Coordinator (STC)** – Handles test coordinator responsibilities at school level, manages users and students, schedules tests at school level
- **Building Level User (BLU)** – Same permissions as STC, assists in managing school-level users and students
- **School Information Technology Coordinator (SITC)** – Information technology point of contact for school, can download the secure browser, helps to troubleshoot, does not have access to students or classes

Teacher Role (Not Required)

Teacher

- Can access their class and student information in Nextera Admin
- Responsible for leading the test administration
- Distributes login tickets and reads the directions from the *Teacher's Directions*
- Has the Proctor PIN on-hand for students who may need to pause the test
- There is only one teacher per class
- This is for organizational purposes only

DTC Important Information

- **PII Reminder:** When contacting [CBT Support](#) or [NWEA Support](#), do not send any Personally Identifiable Information (PII) for a student via email which, when unencrypted, is not a secure method of transmittal. This is to ensure that student PII is not released to those not authorized to receive them in compliance with the Family Education Rights and Privacy Act (FERPA).

What's New

Welcome to the Nextera Administration System (Nextera Admin) for the New York State Grades 3-8 English Language Arts (ELA) and Math and Elementary-level (Grade 5) and Intermediate-level (Grade 8) Science computer-based testing (CBT).

Nextera Admin is NWEA's test administration system where schools can manage computer-based testing for their students. Based on user roles, schools can make sure students are loaded into the platform, edit and manage student testing accommodations, and print login tickets in Nextera Admin. As a Nextera user, you play an important role in the successful execution of testing activities.

Verify Technology Readiness – Complete Technology Readiness Checklist

In order to participate in operational Computer-Based Testing (CBT) for any of the Grades 3-8 English Language Arts (ELA), Mathematics, Grades 5 and 8 Science Tests, the school administrator must verify CBT Technology Readiness of their school. **Verification is required for all schools for the 2024-2025 school year. Please complete your 2024-2025 Technology Readiness by Friday, December 27, 2024.**

The CBT Technology Readiness Checklist is located under the Help tab and must be verified every year by an administrator of any school participating in operational CBT to help the school prepare for a successful CBT administration.

It is the responsibility of the principal to ensure that the Technology Readiness Checklist is completed for their school each school year they are administering any operational tests by CBT. Completing the checklist helps ensure schools are properly prepared to administer the operational tests by CBT in the spring and helps identify any concerns that should be addressed before then.

Adding Online Testing Accommodations: Single Student

Online Testing Accommodations are provided within the Nextera platform
These accommodations must be set in Admin prior to testing

Select Accommodations

Student Name /Student Test

Content Area

Online Testing Accommodations Classroom Accommodations

Tap or click any option below to enable or disable it for this student.

 Answer Masking Tool This tool hides answers that the students select, allowing the students to focus on just the answers they want. Clicking on answer choices reveals them to the students.	 Text-to-Speech (online only) This feature reads the question and, for certain types of questions, the available answers using a device's speaker (headphones are recommended).
 Reverse Contrast When this setting is turned on, all text is white on black background. <i>It can't be used with Background Color.</i>	 Background Color This setting changes the color of the background and text based on the selection made. <i>It can't be used with Reverse Contrast.</i>
 Initial Page Zoom This adjusts the default zoom level of the testing area. It can be adjusted during the test at any time.	

Save **Cancel**

To add an accommodation, click the appropriate icon and then click Save

Students: Offline Testing Accommodation for ELL Students

- For Math and Science only
- Sets the CBT exam administered to match the paper exam

The screenshot shows the Questar 'Select Accommodations' interface for a student named Fiona Shrek. The 'Content Area' is set to 'Math'. The 'Offline Testing Accommodations' tab is selected, indicated by a red arrow. Below the tabs, a message states: 'Tap or click any option below to enable or disable it for this student.' Under the 'Print Variations' section, a dropdown menu is open, showing a list of languages: Spanish, Arabic, Bengali, Chinese (Traditional), Chinese (Simplified), Haitian Creole, Korean, Russian, and Spanish (highlighted in blue). A red circle highlights the 'Save' button. The background shows the 'New York' testing district and 'Math' content area, with a 'Science' section visible below. The 'Accessibility and Accommodation Options' section at the bottom right shows various settings like 'Answer Masking Tool', 'Text-to-Speech', 'Initial Page Zoom', 'Classroom Accommodations', 'Read Aloud', and 'Print Variations', all currently set to 'OFF'.

What is the Role of a Proctor for Computer-Based Testing?

What is the Role of a Proctor for CBT?

Proctors must follow all security protocols when supervising the test administration:

- Do not comment to the student on the correctness or sufficiency of any answer
- Proctors may give students assistance only in the mechanics of taking the tests, such as understanding the navigation of the Nextera Test Delivery System
- Have access to the 4 digit Access Code and the Proctor Pin
- Never take photos of the operational test, even if there is an issue that you need to report to NYSED and Questar
- Do not use cell phones or other photographic devices to duplicate test materials
- **Proctors should point out to the student if they have left one or more answers completely blank**

What is the Role of a Proctor for CBT?

- Circulate periodically around the room during the administration of each session of the test to ensure that students are not having difficulty navigating within the online test form
- Make sure that students are recording their multiple-choice and constructed-response answers in the Nextera® Test Delivery System
- Check that student testing devices for a full charge prior to testing
- Have power cords available for devices that need to be charged
- Actively proctor students as they are testing to ensure that devices are working and that students do not hit the power button to turn devices off while testing
- Before a student submits the test, proctors should observe the Review screen with the student to ensure the all of the questions have been completed
 - **Proctors should point out to the student if they have left one or more answers completely blank.**

What is the Role of a Proctor for CBT?

Review

You have answered **17 of 24** questions. Click on a question number to go back to it.

[Submit test](#)

unanswered(7) answered(17) bookmarked(2) notes(0)

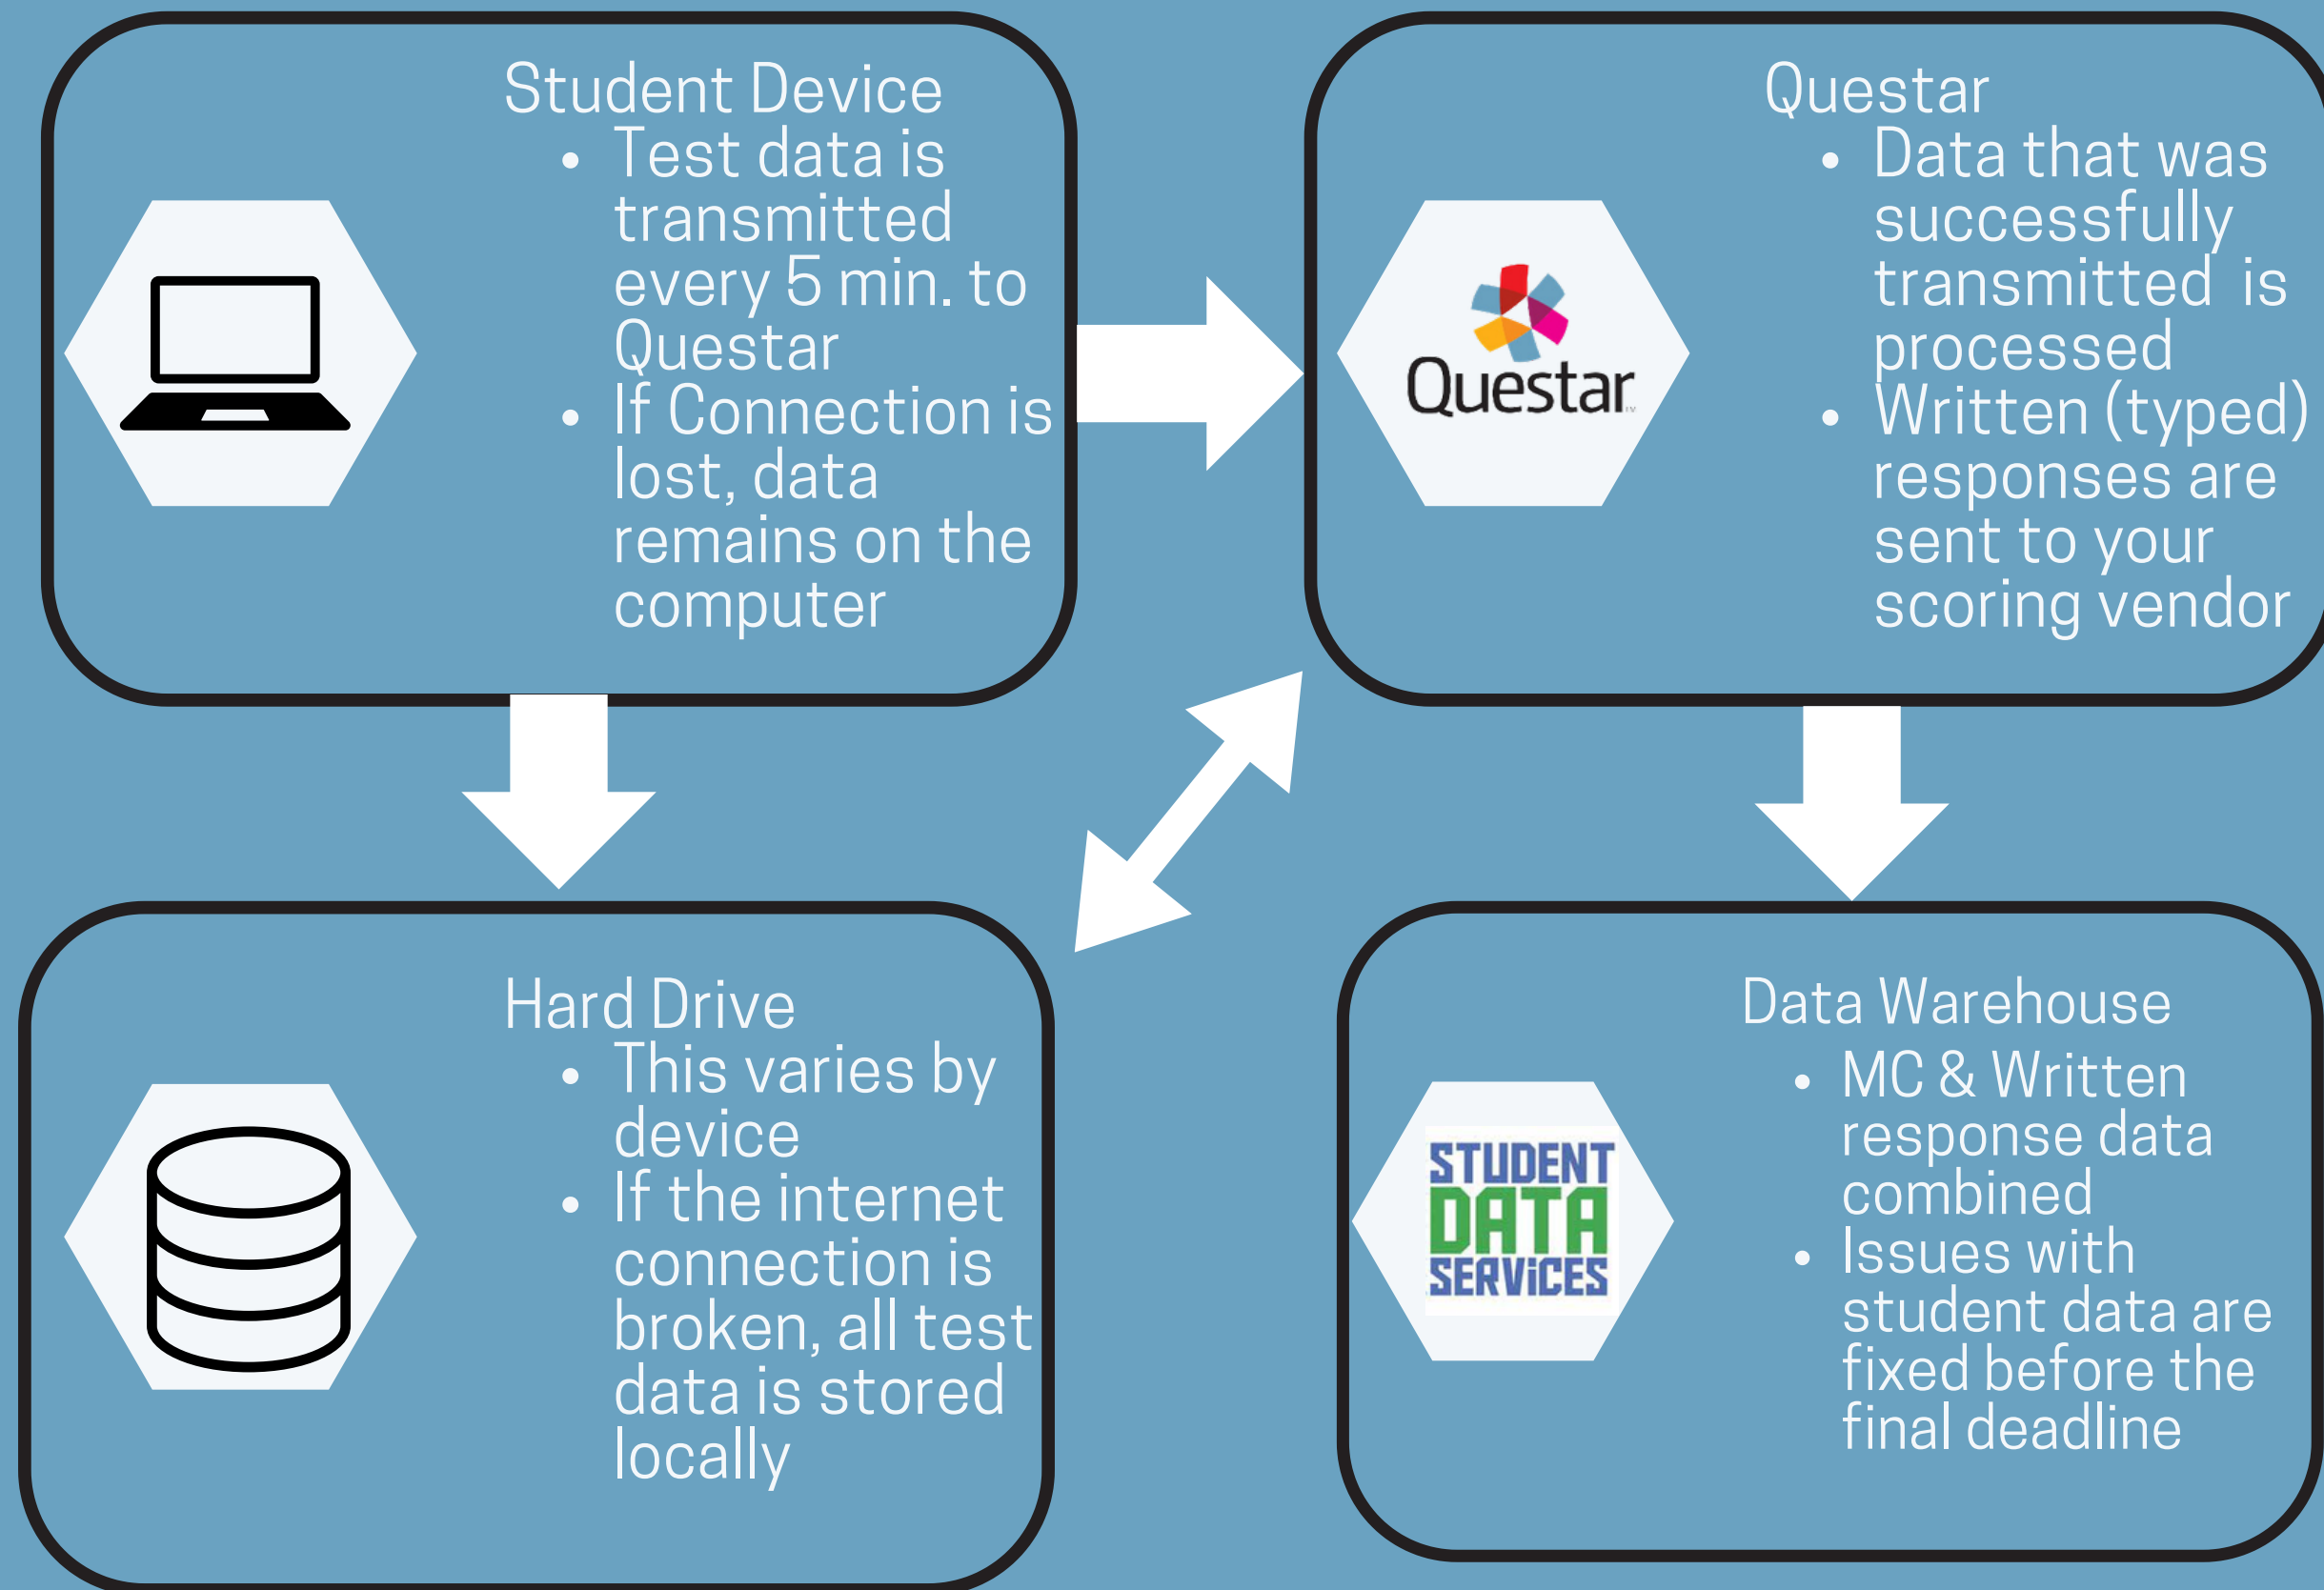

Cover	Tips	34	35	36	37	38	39	40
41a	41b	42a	42b	43a	43b	44a	44b	45a
45b	46a	46b	47a	47b	48a	48b	48c	

The proctor should be familiar with the Review & Submit screen in the Nextera Test Delivery System to assist students with identifying unanswered test questions.

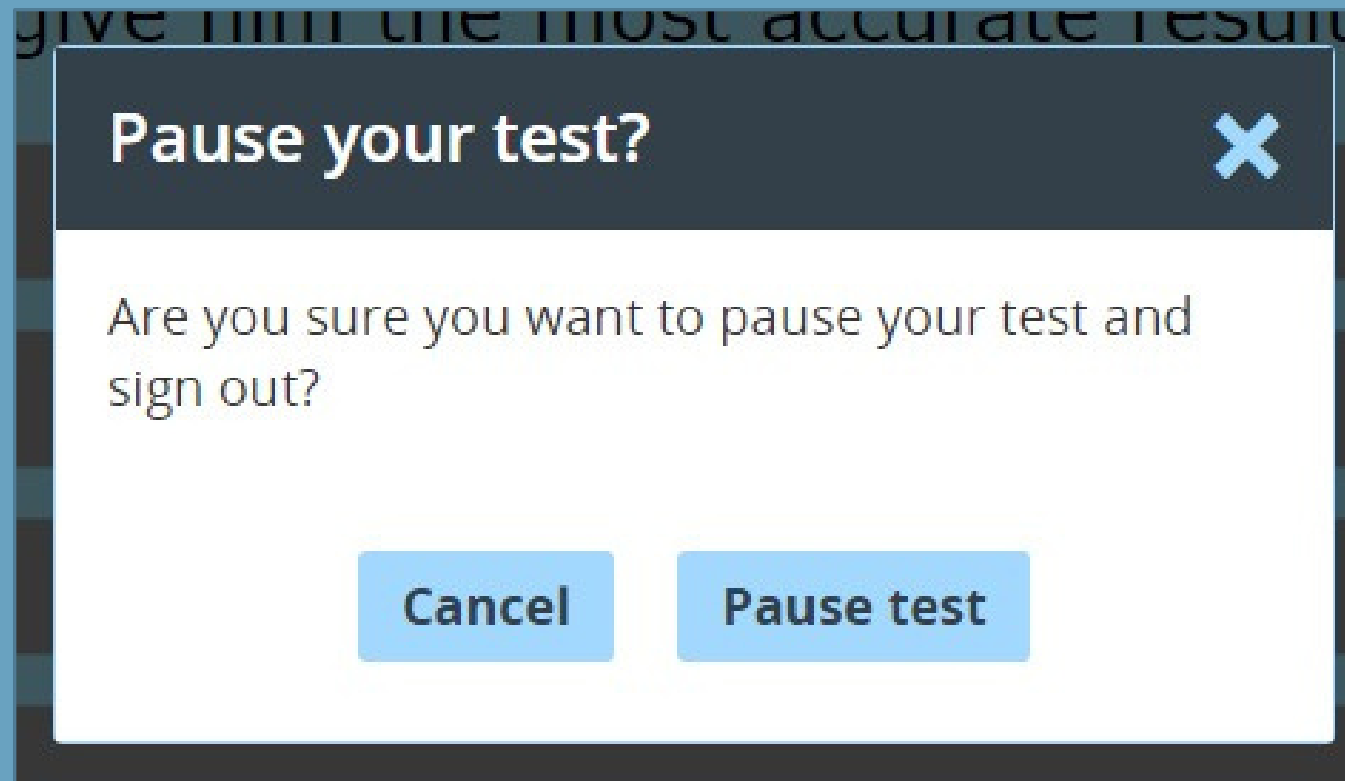

Required Materials for Proctors on Test Day

1. The Proctor Pin for the building
 - a. Located at the bottom of the Home Screen
 - i. Can be customized by the Principal or DTC
2. The Session Access Code
 - a. Located with the class info in the tests tab
 - i. Can be customized by the Principal or DTC
3. Log In Ticket for each student
4. Roster of students
5. Instructions for special accommodations

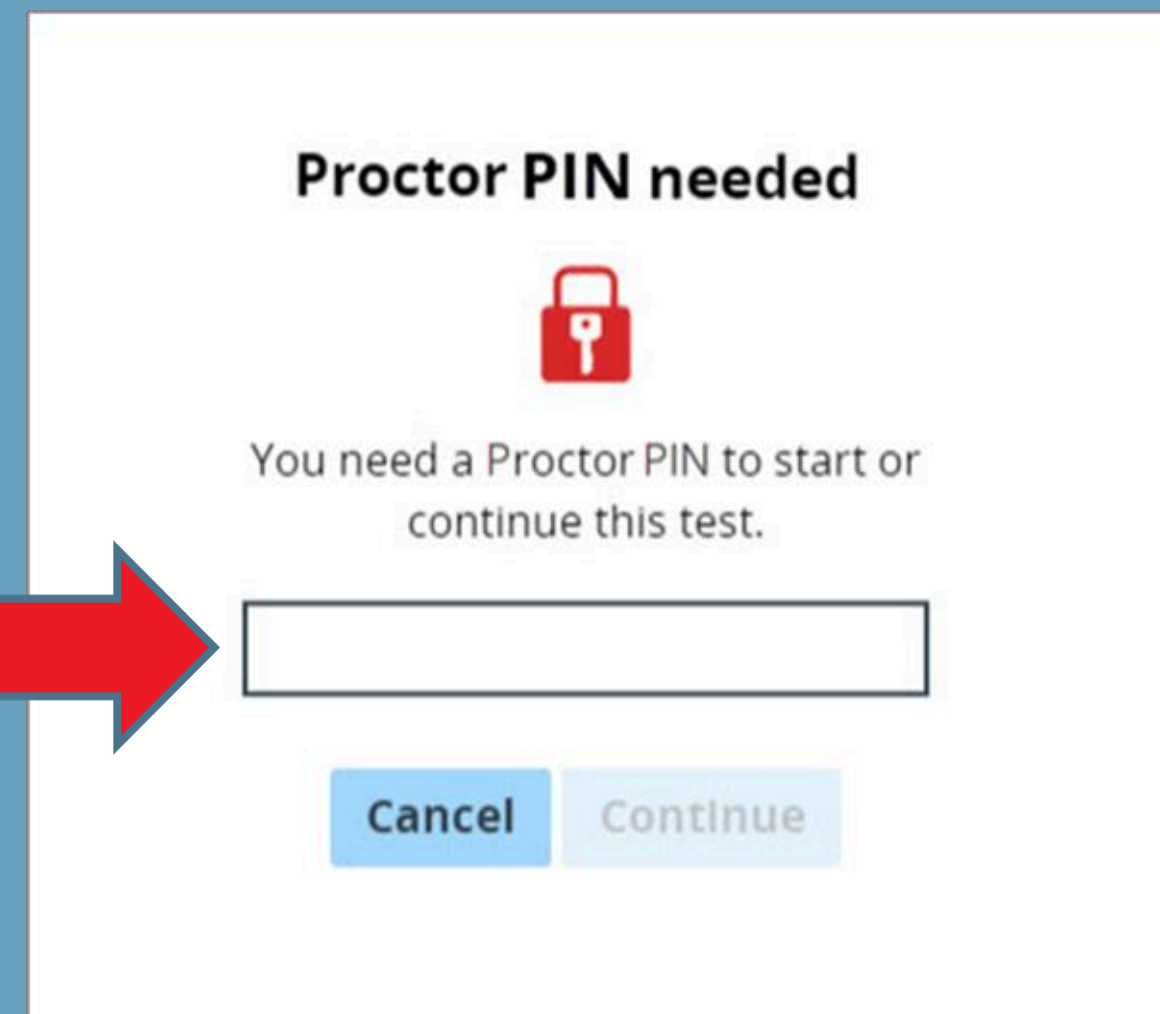

MOVEMENT OF STUDENT RESPONSES DURING COMPUTER BASED TESTING

Proctor PIN

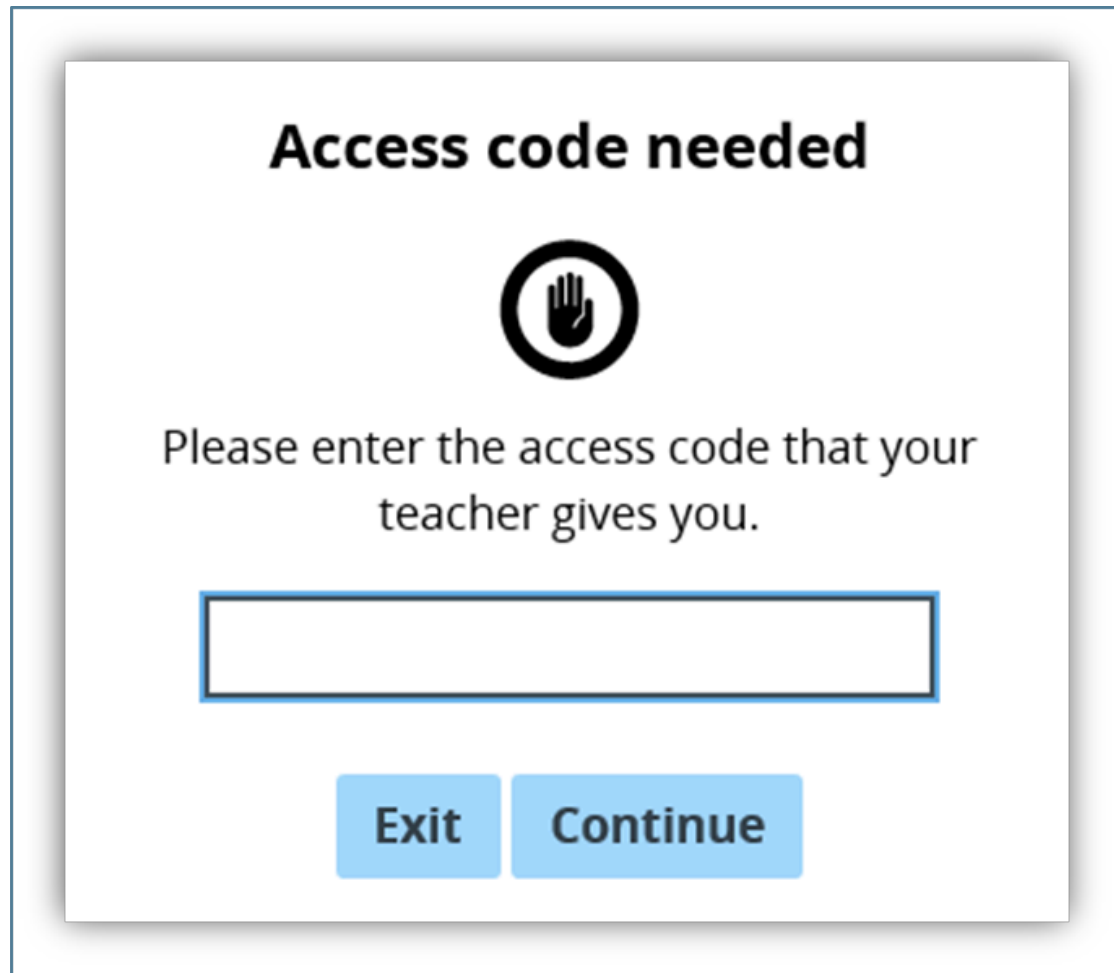

Once a test is Paused, the Proctor PIN is required to log back into the test.

Access Code vs. Proctor PIN

The Access Code and Proctor PIN pop-up boxes look similar in the Nextera Test Delivery System but require different codes.

A white rectangular pop-up box with a thin blue border. At the top, the text "Access code needed" is centered in bold. Below it is a black circular icon containing a white hand with the index finger pointing up. The text "Please enter the access code that your teacher gives you." is centered below the icon. Underneath is a white rectangular input field with a blue border. At the bottom are two blue buttons: "Exit" on the left and "Continue" on the right.

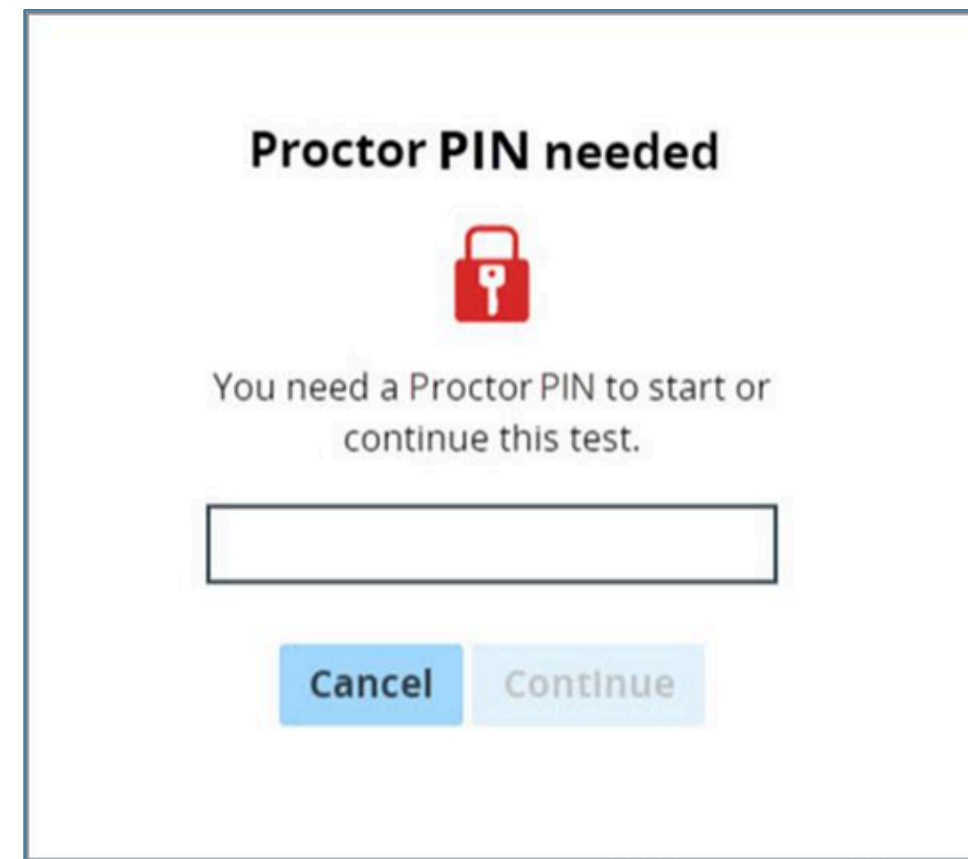

Access code needed

Please enter the access code that your teacher gives you.

Exit **Continue**

The Access Code is required every time a student logs into the test.

A white rectangular pop-up box with a thin blue border. At the top, the text "Proctor PIN needed" is centered in bold. Below it is a red padlock icon with a white keyhole. The text "You need a Proctor PIN to start or continue this test." is centered below the icon. Underneath is a white rectangular input field with a blue border. At the bottom are two blue buttons: "Cancel" on the left and "Continue" on the right.

Proctor PIN needed

You need a Proctor PIN to start or continue this test.

Cancel **Continue**

The Proctor PIN is required when a student logs back into a previously started test the was paused.

Login Ticket Printing

Classes or no classes that is the Question

Sorting the Data

- A Login Ticket is needed by each student to login into the Nextera testing system
- A Login Ticket and the Access code will be needed for each testing session
- A Login Ticket consists of the student's NYSSIS ID and a password
- A Login Tickets and Access Codes can be found in Nextera Admin under the Test tab
- Login Tickets can be printed on labels or plain paper

All accommodations must be set before printing

View Test

Sorting the Data

- The data is loaded into Nextera by SED
- In Nextera, all students will be grouped by building, by subject and grade when Nextera Admin opens
- The students can be left in the one grouping or classes can be created
 - For classes to be created, Teacher accounts must be created first

All accommodations must be set before printing

Printing Options

- If the students are all left in the Grade Level preliminary classes, the Login Tickets can be printed and manually sorted (this option is best in a small district)
- If classes are created, the Login Tickets must be printed by each class
- If a new student is entered or an accommodation is changed, individual tickets can be printed
- [Printing Login Tickets Guide](#)

New Option

- *Student Data Services is offering to print your Login Tickets by school, homeroom or test room just as sheets and labels were printed for PBT*

Introduction to Not Tested Codes

AKA Testing Status Codes

- Required for **EVERY** student who does not begin a test
- Required for anyone who misses at least 1 session of ELA or Math
- Must be set for Session 1 **and** 2 for ELA and Math
- Must be set for the 1st session of Science
- Can be set by a SUP, DTC,DLU,PRN, STC and BLU
- In some cases, students will be counted as “Not Tested” for accountability calculations

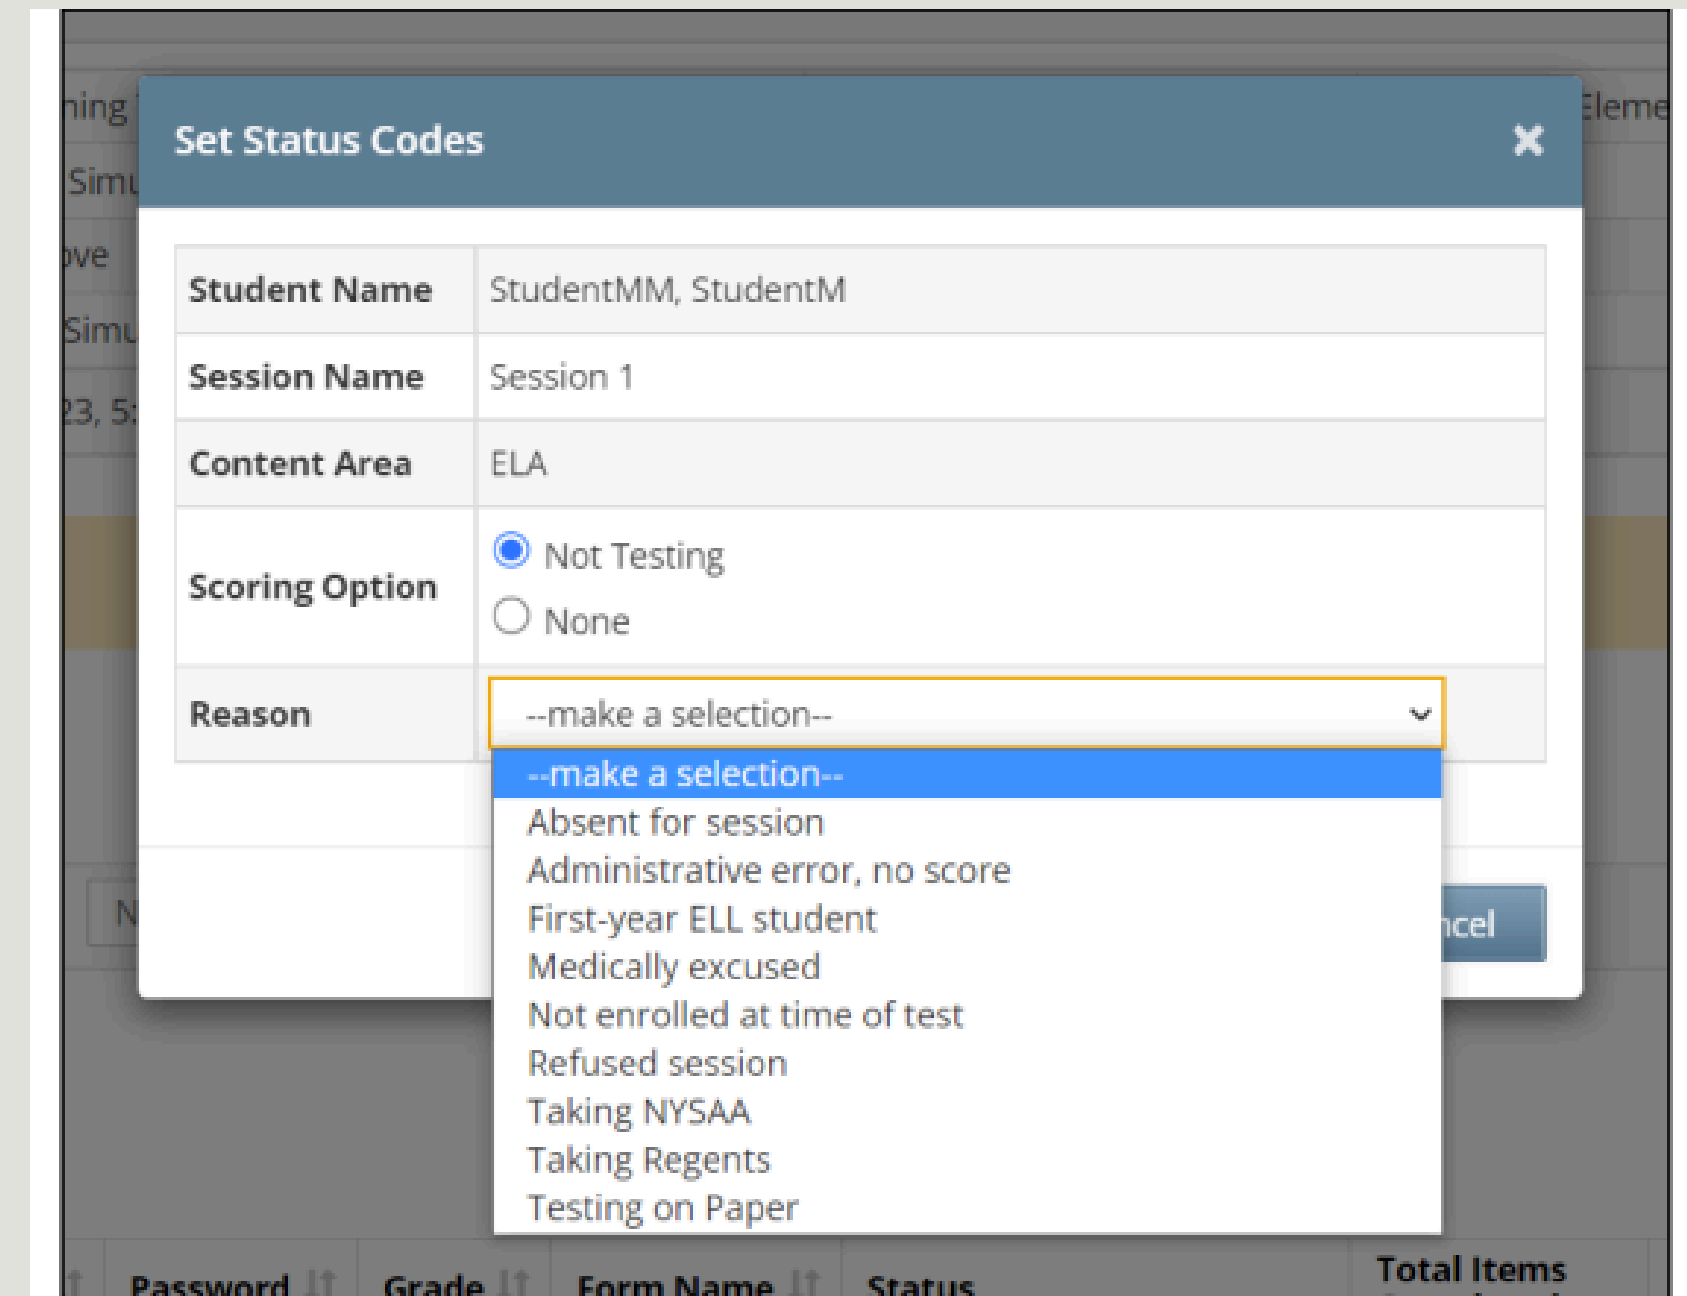

Set Status Codes

Student Name	StudentMM, StudentM
Session Name	Session 1
Content Area	ELA
Scoring Option	☒ Not Testing ☐ None
Reason	--make a selection-- --make a selection-- Absent for session Administrative error, no sco First-year ELL student Medically excused Not enrolled at time of test Refused session Taking NYSAA Taking Regents Testing on Paper

7

How to Set Not Tested Codes In Nextera

- Set Nextera to **District and School**
- Go to the **Test** tab
- Select the **Class** and click **View**
- Select the appropriate student and click **Set**
- Click **Not Testing**
- Pick the reason from the drop down

The screenshot shows the 'Set Status Codes' dialog box in the Nextera application. The dialog has a title bar with a close button (X). It contains the following fields:

Field	Value
Student Name	StudentMM, StudentM
Session Name	Session 1
Content Area	ELA
Scoring Option	☒ Not Testing ☐ None
Reason	--make a selection-- --make a selection-- Absent for session Administrative error, no score First-year ELL student Medically excused Not enrolled at time of test Refused session Taking NYSAA Taking Regents Testing on Paper

The 'Reason' dropdown menu is open, showing a list of reasons. The first two options are '--make a selection--'. The other options are: Absent for session, Administrative error, no score, First-year ELL student, Medically excused, Not enrolled at time of test, Refused session, Taking NYSAA, Taking Regents, and Testing on Paper.

Reason Not Tested Descriptions

- **Absent**-The student was Absent for one or both sessions.
 - Absent will override any answers and the student will not receive a score.
- **Refused**-The student Refused one or both sessions.
 - Refused will override any answers and the student will not receive a score.
- **Administrative Error**- Use for students for whom errors were made in the administration of the test.
- **Medically Excused**-The student was incapacitated by illness or injury during the test administration and make-up periods and have, on file, documentation from a medical practitioner regarding the illness or injury.
- **Not Enrolled**-The student left the district prior to the test administration.
- **First Year ELL**-Exemption from ELA only.
- **Taking NYSAA**-Student has an IEP that says they must take the alternate assessment.
- **Taking Regents**-Can be used for Math 6-8 and Science 8.

Reason Not Tested

Students Taking PBT in a CBT World

Code 08: Testing on Paper

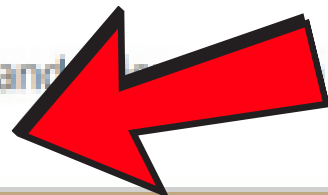

Remember: *Those taking a test via PBT must have the “Testing on Paper” code in Nextera. Students must take the entire test on EITHER paper OR computer, and cannot switch between the two.*
