CISD Special Board Workshop Meeting

President's Report

March 9, 2026

First, I would like to recognize an important accomplishment related to one of our highest priorities, campus safety and security.

Tonight, we want to congratulate Principal Shatina Lewis and the entire team at Carroll Senior High School for successfully passing their second Texas Education Agency intruder audit this school year. This is a significant achievement, and it reflects the diligence and commitment of the staff and students on that campus.

Even more notably, this year marks the first time Carroll Senior High School has passed an intruder audit since the TEA began conducting these audits in 2022. And they passed twice this year alone. That accomplishment speaks to the focus, preparation, and teamwork of everyone involved in ensuring that safety procedures are followed and that our campus remains secure.

I would also like to congratulate the other principals and campuses across Carroll ISD who have successfully passed their intruder audits this year, as they have done every year previously. These audits are unannounced and rigorous by design, and passing them requires consistent attention to protocols, training, and awareness by every member of the campus community.

As a Board, we want our families, staff, and community to know that school safety is not something we take lightly. The security and well-being of our students and staff remain among our most important responsibilities. We will continue to work closely with our district leadership, campus administrators, teachers, and local law enforcement to ensure that our schools remain safe places for learning.

To all of our principals, teachers, and staff members who work every day to maintain these standards, thank you for your vigilance and your commitment to protecting our students.

And again, congratulations to Principal Lewis and the entire Carroll Senior High School community on this important milestone.
