To: The Pennridge School District Safety Committee

From: Craig Bramble Jr.

RE: Safety Committee Meeting

3/10/2026

Agenda

1. Review Minutes from last meeting

2. Reports

- A. Maintenance
 - a. Building Inspection –
 - i.
- B. Transportation-
- C. Nurse Coordinator –
- D. Human Resources
- E. Nutritional Services –
- F. Athletics –
- G. Administration –
- H. Security –
- I. Information Technology –

3. Old Business –

- Educate your people/teams on safe tool/device practices, and how it can impact the workday. Teaching people about the correct way to use their trade tools/devices can make the difference between having a successful day or having people experience time out of work due to unneeded injuries that could've been avoided

4. New Business –

- As we return seasonable weather, please inspect areas of play (fields, playgrounds, blacktop play areas) for signs of wear/degradation. This could lead to injury or further breakdown of conditions. If you identify anything like this, please report it via FMX or to your building FM.

Our next safety committee meeting will be on 4/14/2026 at 1:30pm.

- a. **Old Business:** As we go through winter mitigation, sometimes incidents occur where a plow or a shovel damage walking surface. This can cause slip/trip/fall hazards if left unaddressed. Please point out as things thaw out from snow and ice if we see this on our journeys outside through parking lots and sidewalks. By entering a work order, maintenance can have it addressed.
- b. **New Business:** Educate your people/teams on safe tool/device practices, and how it can impact the workday. Teaching people about the correct way to use their trade tools/devices can make the difference between having a successful day or having people experience time out of work due to unneeded injuries that could've been avoided.
 - i. Nicole Foster added there have been injury incidents due to trips and falls from the latest weather conditions due to over abundance of snow build up. Grounds team has been informed to try and mitigate snow away from troublesome areas that were highlighted in Nicole's report.

The meeting ended at 1:44pm

Craig Bramble Jr.

The next Safety Committee meeting will take place via MS Teams on Tuesday March 10th, 2026
