

WMS COWBOY CONNECTION

WMS Families,

We hope everyone had a great Read Across America Week! In addition to our theme days and reading activities, we celebrated our third-quarter reward this past week, and students completed the spring MAP ELA assessment.

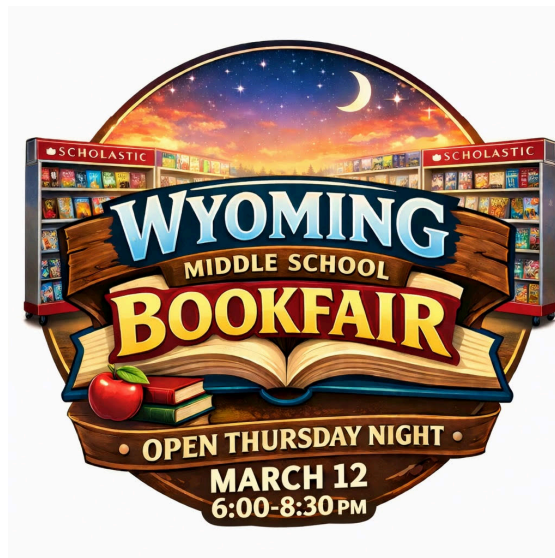

Have a great weekend,

Art Contest!

Wyoming Community in Action will be hosting its 6th Annual Juneteenth celebration on the Village Green in June, and after a one-year hiatus, we are excited to bring the Student Art Contest back to our community schools! This year's theme is "Belonging & Inclusion." The

contest will run from February 18 through March 16. Wyoming Middle School students are invited to design an original work of art to be featured on a commemorative tote bag for the event. Students should submit their artwork to their art teacher for consideration.

Green Your Schools Grant Application

The City of Wyoming is offering a grant opportunity to WCS to support environmental conservation and sustainability initiatives. The city earns money each year (as a rebate from Hamilton County) based on how much our community recycles. Wyoming is now reinvesting a portion of that rebate back into our schools. Students are encouraged to apply by proposing innovative ideas to improve their schools through projects such as reducing erosion, planting native species in school gardens, or decreasing energy or water use. You are also welcome to submit a completely original idea! Please read the [information sheet](#) and complete the planning sheet below before [submitting your application](#).

Cowboy Views

Six WMS students represented Wyoming at the league tournament. They were the six youngest players in a predominantly high school tournament. In the photo below, the front row includes 5th graders Alex Robbins, Tristan Algeo, and Ollie Sikes. Back row on the right is 7th grader Nolan Berner. Not pictured here are 6th graders, Zach Luebbe and Ben Chang.

Our 6th Grade scientists conducted a hands-on soil investigation lab to explore the properties of sand, silt, clay, loam and topsoil. Students collected data, made claims, and supported their conclusions with evidence from their investigation.

Two photos from the 7th and 8th grade French class trip to Quebec, where students got to experience French Canadian culture and history while using their French language skills in the real world. It was a great trip!
