ARTICLE I – Definition

- A. The school committee, acting in accordance with the authority of Section 12 of Chapter 150 E of the Massachusetts General Laws, recognizes the Dudley-Charlton Teachers' Association for the purpose of collective bargaining as the exclusive representative of the Dudley-Charlton Regional School District employee unit.
- B. The school committee recognizes as the employee unit all professional teaching employees of the Dudley-Charlton Regional School District including teachers, department coordinators, teaching specialists, speech therapists, school psychologists, school adjustment counselors, occupational therapists, physical therapists, behavioral specialists, directors of alternative educational programs such as SOAR, SHARP, STARS, ACES, guidance counselors, and teachers of ESL/ELL, but excludes superintendent, finance director, principals, assistant principals, director of student resources, director of athletics, director of curriculum and student assessment K-12, special education administrator(s), director of technology, computer technicians, network computer technicians, instructional assistants and technicians, substitute teachers, and Title I personnel.
- C. For the purpose of this contract, the following are hereby defined:
 - 1. Teacher - any employee recognized by this agreement
 - 2. Evaluator - principal or assistant principal, department coordinator (where applicable), director of student resources (limited to evaluating guidance staff), administrator of special needs (limited to evaluating special education staff), superintendent or assistant superintendent.

ARTICLE II - Grievance Procedure

- A. **Purpose** - This grievance procedure is established for the purpose of granting employees recognized by this Agreement a formal channel for the presentation of grievances to their employer, and to provide them with a fair and orderly procedure for the processing of said grievances through the various administrative levels of the regional school district and regional school committee, including a right of appeal at each stage of the process to the next higher level, to the end that said employees will receive an expeditious resolution of the said grievance.
- B. **Definition of Grievance** - For the purpose of this contract, a grievance is defined as an allegation by an employee or a group of affected employees of a violation concerning the interpretation or application of the provisions of this contract relating to the wages, hours and other terms and conditions of employment of said employee or group of employees (hereinafter referred to as the aggrieved).
- C. **Procedure**
 - 1. An employee who elects to use the grievance procedure shall first discuss the matter with his/her principal or immediate supervisor with the object of resolving the matter informally.
 - 2. If this informal consultation does not result within five days in a resolution of the matter which is satisfactory to the aggrieved, he/she may submit the grievance in writing to his/her principal or supervisor, provided he/she does this within 10 days of the occurrence of the matter giving rise to the grievance. (For the purpose of this agreement, "days" are defined as calendar days exclusive of Saturdays, Sundays, and legal holidays.)

3. A hearing shall be granted by the principal at a time and place set by him/her outside regular school hours convenient to both parties, but no later than four days after the submission of the grievance.
4. Within three days after the date of the hearing, the principal shall deliver or mail his/her decision in writing to the aggrieved.
5. If the principal's decision is not satisfactory to the aggrieved, the aggrieved may, if he/she so elects, submit his grievance to the superintendent of schools, provided he/she does so within seven days following the receipt of the decision from the principal. A copy of the written grievance, together with a copy of the principal's decision shall constitute the entire grievance record at this point.
6. If a grievance involving substantially identical violations is made by one or more employees from two or more schools, Sections C2, C3 and C4 will not apply and such grievances will be submitted directly to the superintendent with a copy to each affected principal. All communications on the grievance will be made directly between the superintendent and all signed parties, with copies to the affected principals and all parties representing those making the grievance.

The disposition of said grievance will apply to all affected parties whether or not they signed the original grievance.

7. A hearing shall be granted by the superintendent outside regular school hours at a time and place set by him/her convenient to both the aggrieved and the superintendent, but no later than seven days after the filing of the grievance with the superintendent.
8. Within five days of the date of said hearing, the superintendent shall deliver or mail his decision in writing to the aggrieved.
9. If the superintendent's decision is not satisfactory to the aggrieved, the aggrieved may submit the grievance to the school committee, provided he/she does so at the next regularly scheduled school committee meeting following the receipt by the aggrieved of the superintendent's decision, provided such meeting does not take place less than three days after the receipt of the superintendent's decision. A copy of the written grievance, the principal's decision, and the superintendent's decision shall constitute the entire grievance record at this point.
10. Upon receipt of such a grievance, the school committee and the superintendent shall confer as to whether the issue presented is one within the jurisdiction of the school committee under the Education Reform Act of 1993. If so, the grievance shall be processed as provided in the following steps. In the event the school committee determines that the grievance is not within its jurisdiction, the association may apply to arbitration within 10 days. In the event that the school committee determines that the grievance is within its jurisdiction a closed hearing shall be granted by the school committee outside regular school hours at a time and place set by the school committee convenient to both the aggrieved and the school committee, but no later than the regularly scheduled meeting of the full school committee following submission of the grievance to it.
11. The school committee shall make its decision within seven days of the termination of said hearing, or at its next regularly scheduled meeting following the hearing, whichever occurs first. A written copy of the decision shall be delivered or mailed to the aggrieved within five days of the date on which the decision is made.

D. Arbitration

1. If the school committee's decision is not satisfactory to the aggrieved and the association elects to submit a grievance to arbitration it must, within seven days of receipt of the decision of the school committee, notify the school committee in writing of its intention to seek arbitration and request from the American Arbitration Association a list of arbitrators to be presented to both the school committee and the association. The arbitrator will then be selected under the provisions of the AAA Voluntary Labor Arbitration rules.
2. The fees of the American Arbitration Association and of the arbitrators and the expenses of any required hearings shall be shared equally by the school committee and the Association, but each party shall bear the expenses of its representatives, participants, and witnesses, and for the preparation and presentation of its own case. The obligation of the school committee to pay shall be limited to the obligation that the school committee shall legally undertake, and in no event shall any present or future member of the school committee have any personal obligation for payment under the provisions of this agreement.
3. The arbitrator's award shall be in writing and shall set forth his/her findings-of-fact with reasoning and conclusions. He/she shall arrive at his/her decision solely upon the facts, evidence, and contentions presented by the parties through the arbitration proceedings. The arbitrator shall have no power to add to, subtract from, or modify any of the terms of this agreement, and in reaching his/her decision shall interpret the agreement in accordance with the commonly accepted meanings of words used herein and the principle that there are no restrictions intended on the rights or authority of the school committee other than those expressly set forth herein. Subject to the foregoing, the decision of the arbitrator shall be submitted to the school committee and the Association and shall be final and binding upon the school committee, the association, and the teacher or group of teachers who initiated the grievance, subject, however, to judicial review by a court of competent jurisdiction.
4. No teacher covered by this agreement shall be dismissed except in accordance with the provisions of Massachusetts General Laws, Chapter 71, Section 42, which is hereby incorporated by reference and made part hereof. No claim that the dismissal of any teacher covered by this agreement is in violation of the said statutory provision or of this agreement shall be subject to the arbitration provisions of this agreement.

E. Miscellaneous Provisions

1. All decisions rendered under the grievance procedure must be in writing.
2. Forms for submitting grievances, giving notice of decisions and making appeals, as well as other necessary documents, will be prepared by the superintendent of schools after consultation with and agreement of the Dudley-Charlton Teachers' Association and will be made available at reasonable times in every school in the district so as to facilitate operation of the grievance procedure.
3. The failure of an administrator at any level or of the school committee to hold a required hearing, make a decision or give notice of a decision to the aggrieved within the prescribed time limits shall enable the aggrieved to proceed to the next step as though the hearing had been held and decision made or notice of the decision given within the prescribed time limits.

4. If the aggrieved fails to follow the grievance procedure, including time limits, as specified in Article II, Section C above, the grievance will be deemed to have been waived.
5. In the processing of a grievance, the aggrieved may be represented or accompanied by an officer or member or representative of the Association. When appearing before the full school committee, the aggrieved may be represented in the handling of his/her grievance by an attorney of his/her own choosing, provided he/she notifies the full school committee in writing within three days of the submission of his/her grievance to the school committee that he/she will be so represented.
6. All arbitration hearings will be held after regular school hours, except by mutual agreement of the school committee and the Association. At Arbitration hearings held after school hours, both the aggrieved and the school committee may call witnesses and present testimony and evidence pertinent to the grievance.
7. All grievance hearings will be held in closed session.
8. No grievance application forms and records of grievance proceedings shall be filed in the personnel file maintained by the Dudley-Charlton Regional School District for any employee involved in presenting such grievance.

F. Effect of Grievance Decisions

1. This grievance procedure shall not be regarded as a delegation of authority to any administrative official of powers said official does not otherwise possess. It is understood that no grievance can be settled by any administrator in violation of the terms of this Agreement or established school committee policy.
2. Unless such decision falls within the authority of the person making the decision, said decision shall not be binding. If the decision is within the scope of the authority of the person making said decision, then said decision shall be final and binding subject to the right of the aggrieved employee to appeal said decision to the next higher level as provided for in this agreement.

ARTICLE III - Salaries

- A. The salary schedule of all persons covered by this agreement is set forth in Appendix A, which is attached hereto and made a part hereof. Annual increments are automatic provided the teacher displays satisfactory teaching performance as determined by the administration and department coordinators in accordance with the evaluation procedures established in Article IX of the agreement. Such increments shall be effective on the first pay date of each school year. No teacher shall be denied an increment without just cause.
- B. The salary schedule for extra-pay positions is set forth in Appendix B, which is attached hereto and made a part hereof. Any Appendix A negotiated wage increase would automatically be applied to any stipends in the agreement.
- C. Teachers appointed to full-time positions will be placed on the salary schedule according to their education and years of experience. Teachers will be given credit for each full year of teaching experience, and in the superintendent's discretion for experience in industry or such other occupation as the superintendent deems to be of at least equivalent value to the school system as

prior teaching experience, for placement. Under extenuating circumstances, the superintendent may hire a veteran teacher at a lower step salary than his/her respective years of experience would warrant. At the conclusion of the school year, teachers initially placed at the lower step salary may request in writing consideration for salary advancement. Teachers appointed to a less than full-time position will receive salary pro-rated in accordance with the proportion of a full-time schedule for which they are employed.

- D. For the purposes of determining the proper step on which to place teachers returning from approved leaves of absence, except as otherwise indicated in Articles XV, and XVI, 135 work days or more completed in any one school year shall be credited on the salary schedule as one full work year of teaching experience.
- E. Teachers may be advanced to the Bachelor's plus 30 column (for employees hired prior to the 2019-2020 school year), Master's plus 30 or Master's plus-60 column of the salary schedule once they have obtained 30 or 60 credits/equivalents in addition to those required for their respective degree. The credits/equivalents need not have been obtained subsequent to the receipt of their respective degree, but for salary advancement purposes, the superintendent must approve them as credits/equivalents which pertain to the teacher's area of teaching or as credits/equivalents which both enhance the teacher's professional qualifications and contribute to his/her capacity to perform his/her school assignments. As an alternative, four credits/equivalents may be earned as in-service credits awarded by the district in any five-year period. These district credits may be earned through active participation in in-service programs, curriculum study committees, grant writing, special curriculum projects and other activities approved in advance, in writing, by the superintendent. In order to receive one credit, the program or project should involve a minimum of 15 hours. A minimum of 30 hours involvement would be necessary to earn two credits, 45 hours to earn three credits, and 60 hours to earn four credits.

In order to be eligible for such credits the teacher must submit in writing to the superintendent his/her desire to use such credits for advancement purposes prior to February 1. The teacher will be notified in writing by the superintendent if the request has been approved and the number of credits that will be received upon successful completion. Regular attendance and active participation will measure successful completion.

- F. All documentation, such as official transcripts or other college and university documents, submitted as verification of course/equivalent and degree completion for purposes of advancing on the salary schedule, must be delivered to the superintendent by September 1 of each school year for adjustment of the teacher's salary for that school year. The superintendent may also approve courses/equivalents retroactively if said documents of course completion are not available from the college or university by the teacher's first workday.
- G. Teachers will have the option of receiving their salary in 22 or 26 equal payments, with payment to be made every other Thursday. Selection for salary option payments must be made prior to the school year and may not be changed until the following school year. Teachers who wish to elect the 22-payment mode will so notify the superintendent by August 1. Teachers who elect the 26-payment mode may elect to receive the remainder of their pay in a paycheck to be issued no later than five business days after the official closing of school.

All employees will receive their pay through *Direct Deposit* to their bank account. Employees are responsible for providing payroll with current banking information and for keeping payroll updated if changes occur.

- H. Extra-curricular salaries for full year positions will be received in two payments, one with the first paycheck in November and the second with the first paycheck in June.

Seasonal athletic positions will receive full payment as follows:

Fall Positions: first paycheck in December

Winter Positions: second paycheck in March

Spring Positions: last paycheck in June.

ARTICLE IV - Teaching Hours and Teaching Load

- A. The quality of an education program reflects the ideals, motives, preparation and conduct of the members of the teaching profession. It is important, therefore, for the teachers of our school system to recognize their great responsibility and to work together to accomplish the goals of the schools.
- B. Since a teacher is a professional person, the school committee expects him/her to exhibit the qualities of ability, personality and integrity.
- C. The professional task of teachers involves considerably more than actual classroom instruction. Some of these duties are:
- Study and research to keep abreast of new knowledge and techniques.
 - Evaluation of students' needs and performance.
 - Individualized Educational Plans (IEP)
 - Lesson planning and preparation.
 - Conference with students and parents and principal
 - In-service training meetings
 - Pupil supervision outside the classroom.
 - Special education evaluation, report writing
 - After school or evening events
- D. It is most unlikely that a professional, competent teacher can accomplish these tasks in a 40-hour work week. A rigid regulation of duty hours of teachers would tend to imply that there was a specific amount of time within which the job could be done.
- E. All teachers will strive to exhibit the District Performance Standards.
- F. The school day of the employees recognized by this agreement will begin at the employees' assignment 15 minutes before the students' school day starts and will end 15 minutes after school is dismissed. Said employees may leave school immediately after students leave on Fridays and the day preceding a holiday or vacation. However, the building principal may require additional time whenever the safety and protection of students require such. If extra help is deemed necessary by a teacher and/or by a student, a time and place in the school will be mutually agreed upon for such help.
- G. Full faculty meetings will be held the 2nd Monday of the month throughout the year, or Tuesday of the same week if Monday is a holiday, to discuss building procedures, curriculum, methods of instruction, and other items relating to the education of pupils. Department or grade level meetings will be held the 1st or 3rd Monday of the month throughout the year or Tuesday of the same week if Monday is a holiday.

No staff meetings shall start more than one-half hour before the start of the school day or more than 15 minutes after the end of the school day, and will not exceed one hour except by mutual agreement between staff and administrators.

- H. The teachers' association will be given an opportunity to meet and discuss with the superintendent its views on the following year's calendar prior to its adoption. If any changes are recommended by the association they should be put in writing and will be given consideration but it is agreed that the final determination of the calendar will remain the decision of the school committee.
- I. The school year for teachers (other than new personnel or personnel assigned to a new school who may be required to attend additional orientation days) will be three days more than 180 days when pupils are required by the school committee to be in attendance. All full-time and part-time professional employees are required to work the three additional days beyond the 180 days when pupils are required by the school committee to be in attendance. Teachers under contract for less than a full year will have the annual salary pro-rated based on 183 days. All absences for reasons other than those specifically provided for in the agreement shall be deemed unexcused. Reductions in salary shall be made on the basis of 1/183rd of annual salary for each day of unexcused absence.

Teachers who agree to a request by the school committee or the superintendent to work in excess of the above dates will be compensated for each day at a rate of 1/183rd of their yearly salary. To qualify for this rate a day shall consist of at least seven hours of actual work; for any such day not consisting of at least seven hours of actual work a teacher shall be paid for such hours actually worked at the school committee's or superintendent's direction at the rate of $1/183 \times 7 \times \text{number of hours actually so worked}$. Voluntary participation in curriculum or other study groups, which meet on days outside or beyond the school year, shall be without pay over and above the teacher's annual salary. This does not preclude payment of stipends available from grants received by the district.

- J. Teachers will have a duty-free lunch period of at least the same length as the students. All full time and part-time professional employees are required to work the three additional days beyond the 180 days when pupils are required by the school committee to be in attendance.
- K. All professional staff members will have, in addition to their lunch period, one preparation period daily during which they will not be assigned to any other duties. Any assignment other than this will be by mutual agreement between the teacher and the administrator. All teachers shall have one continuous preparation period of no less than 40 minutes daily during the professional employee's workday.
- L. Academic subject area teachers at Shepherd Hill will not be assigned to more than five teaching periods per day except by mutual agreement. Academic subject area teachers at the middle schools will not be assigned to more than four teaching periods (each period 1 hour on average) per day, except by mutual agreement. Unified arts, reading/literacy and foreign language teachers will not be assigned to more than six teaching periods (40 minutes each on average) per day, except by mutual agreement. Responsibilities will consist of a daily team collaborative (40 minutes) and either an exploratory class (40 minutes) or a duty assigned by the administration. Teachers may be assigned an exploratory or duty per quarter.
- M. In accordance with Massachusetts Department of Elementary and Secondary Education regulations, teachers may be assigned up to 20% of their schedule outside their licensed area.

- N. Teachers will not be required to hand score standardized group placement tests that are required by the administration, except by mutual agreement.
- O. In-service workshops conducted on released time will not be scheduled for more than 30 minutes beyond the length of the regular teaching day as defined in this Article. District wide professional development days will run 8:00 AM - 3:00 PM.
- P. The school committee shall schedule early release days when parent-teacher conferences are scheduled as permitted by Department of Elementary and Secondary Education Time and Learning Regulations.
- Q. The teachers' association will be given an opportunity to meet and discuss, with a building principal, its view on a proposed master schedule change prior to final adoption. If adjustments to the proposal are recommended by the association they will be put in writing and will be given consideration but it is agreed that the final master schedule change will remain the decision of the building principal.
- R. Any teachers who accept an additional class/prep in lieu of their duty period or preparation period will receive remuneration equal to one-fifth of their current salary for the duration of the time that they do not have a preparation period or duty period.
- S. Preschool Sessions, Duties, Preparation, and Student Assessment/Evaluations
 - a. For half-day preschool programming, sessions with students will be two-hours and thirty minutes
 - b. One day per week will be dedicated to Play Based Assessments, Assessments/Evaluations, Team Meetings and classroom setup.
 - c. Preschool duties are inclusive of the preschool program and other building-based duties will not be assigned unless by mutual agreement between the teacher and the administrator.
- T. Members will be required to attend parent teacher conferences (2) during the school year (fall/spring). All parent teacher conferences will be held by appointment only. Conferences for elementary level will be held on the same date and time in all elementary schools. Conferences for middle schools will be held on the same date and time for both schools. All parent teacher conferences will be held either in-person or virtually, based on parent/guardian requests.
- U. Every effort will be made to distribute all duty assignments equitably.
- V. Special educators can request discretionary time as needed. Discretionary time is for assessments and report writing only. Discretionary time is not team meeting time, preparation time, or lunch time. Special education staff will work with their building principal and special education coordinator to access up to 12 hours of discretionary time to conduct assessments annually. Discretionary time may be taken in a manner determined by a mutually agreed upon schedule with the special educator, building principal, and special education coordinator.

ARTICLE V - Assignment and School Calendar

- A. Teachers will be notified in writing of their program for the coming school year, including the school to which they will be assigned, the grades, and/or subjects that they will teach as soon as possible, but not later than August 1, and a copy of the calendar for the school year shall be included. The assignment will be subject to change by the superintendent (whenever necessary to provide for an adequate, educational program, or in cases of emergency).
- B. Although changes in grade assignment in the elementary schools are discretionary with the superintendent or the superintendent's designee, no involuntary transfers shall take place without prior discussion with the teacher to be transferred, who upon request shall have the right to have a representative of such teacher's choice present during the discussion.

ARTICLE VI - Reimbursement for Inter-School Travel

- A. In arranging schedules for teachers who are assigned to more than one school, an effort will be made to limit the amount of inter-town travel. Such teachers will be notified of any changes in their schedules as soon as practical. Teachers who are assigned to more than one school in any school day will receive the IRS approved rate per mile for all inter-school driving.
- B. The system rate will be the IRS approved rate per mile.

ARTICLE VII - Non-Teaching Duties

- A. The school committee and the association acknowledge that a teacher's primary responsibility is to teach and that his/her energies should, to the extent possible, be utilized to this end. Therefore, they agree as follows:
 - 1. Teachers will not be required to collect money from students for non-educational purposes, except in sealed envelopes. Teachers may collect and transmit money to be used for approved educational purposes.
 - 2. Teachers will not be required to keep attendance registers.
- B. Teachers will not be required to drive pupils to activities that take place away from the school building. Teachers may voluntarily do so, however, with the advance approval of their principal or immediate supervisor.

ARTICLE VIII - Vacancies and Promotions

- A. Whenever any vacancy in a professional position occurs during the school year, it will be adequately publicized by the superintendent by means of a notice emailed to all staff. During the months of July and August, written notice of any such vacancy will be emailed to all staff. In both situations, the qualifications for the position, its duties, and the rate of compensation will be clearly set forth. No vacancy will be filled, except on a temporary basis, within 5 school working days from the date the notice is posted and emailed to all staff.
- B. All qualified teachers will be given opportunity to make application for such positions and the principal shall give due weight to the professional background and attainments of all applicants. In filling such vacancies, preferential consideration will be given to qualified teachers already employed by the district.

ARTICLE IX - Teacher Evaluation

Purpose: The Dudley-Charlton Regional School Committee and Dudley-Charlton Teachers Association agree and recognize that the purpose of evaluation is to provide information to promote professional effectiveness and growth. The process will be a continuous, constructive, and cooperative one stressing the need for interaction and communication between the administration and the teachers. The evaluation will be accomplished through an exchange of information between the person being evaluated and the evaluator to provide a record of facts and assessments.

- A. All monitoring and/or observation of the work performance of a teacher will be conducted openly and with the knowledge of the teacher. While it is not the intent of this article that any evaluation be conducted covertly, and it is agreed that such shall not be the case, it is understood that the task of evaluating a teacher is a day-to-day ongoing, continuous process, which goes far beyond the system of periodic formal, written evaluations. Teachers will be given a copy of any evaluation report prepared by their supervisors through formal and informal observations and will have the right to discuss such report with their evaluator. Teachers will be given a copy of their summative evaluation by May 15th.
- B. The performance of each professional employee shall be evaluated by his/her supervisor(s) in accordance with the evaluation process set forth in the document entitled, Dudley-Charlton Regional School District Planning and Implementation Guide. A copy of the guide is available to all staff on the district website under Staff Access.
- C. No one may evaluate a teacher who is an immediate relative or spouse.
- D. In the case of a summative evaluation report relative to a teacher's classroom performance rating, the evaluator(s) making the report must consider multiple categories of evidence.
- E. Teachers have the right, upon request, to review the contents of their personnel file.
- F. Teachers will be notified of all new material, of which the teacher would otherwise have no knowledge, to be placed in their personnel file which relates to the teacher's conduct, service, character or personality. The teacher will, upon request, have the opportunity to meet with the appropriate administrator, review the material and submit a written response to it for the file. The teacher will be required to sign the material placed in the file by the administration and the superintendent will be required to sign the teacher's response. Neither signature will indicate agreement with the other's material but will only signify that each has had the opportunity to review it
- G. Any complaint regarding a teacher from a parent, student or any other person shall be brought to the attention of the teacher within five days.
- H. No teacher shall be reprimanded or suspended without cause.

ARTICLE X - Teacher Facilities

- A. Each school will have the following facilities:
 - 1. Space in each classroom in which teachers may safely store instructional supplies.
 - 2. A teacher work area containing adequate equipment and supplies to aid in the preparation of instructional materials.

3. An appropriately furnished room to be reserved for the exclusive use of the teachers as a faculty lounge. Said room will be well-lighted and clean.
4. A telephone will be installed at the cost of the school committee. The Dudley- Charlton Teachers' Association must pay for any toll calls. Primary use of the telephone shall be for school business.
5. A serviceable desk and chair for the teacher in each classroom.
6. An adequate portion of the high school parking lot will be reserved for teacher parking.

ARTICLE XI - Use of School Facilities

- A. The association will have the right to use school buildings without cost at reasonable times for association meetings. The principal of the building in question will be notified in advance of the desire for such a meeting and will cooperatively arrange for time and place of all such meetings.
- B. There will be one bulletin board in each faculty lounge for the purpose of displaying notices, circulars, and other material pertaining to education and association business.
- C. The association will have the right to use district athletic facilities and equipment without cost once each week. The schedule and other related matters will be arranged in advance with the superintendent. The association will assume any further cost.

ARTICLE XII - Sick Leave

- A. Teachers will be entitled to 15 sick leave days each year. Sick leave days may be accumulated from year to year up to 180 sick leave days. On or before September 30 of each school year, teachers shall be notified of the amount of accumulated sick leave they possess.
- B. An employee may use up to eight of his/her sick days per school year to tend to the emergency illness or injury in the employee's immediate family.
- C. A medical certificate may be required for sick leave of any duration, if a teacher's absence from duty recurs frequently or habitually, and when in the judgment of the principal evidence indicates reasonable cause for requiring such a certificate.
- D. If a teacher works for less than one-half of a teaching day, a full day shall be deducted from his or her sick leave if his or her partial absence is due to illness, and a full day shall be deducted from his or her total personal days if the partial absence is for reasons other than illness. If a teacher works for more than one-half of a teaching day, but less than a full teaching day, only one-half sick or personal day will be deducted.
- E. The number of sick days provided for a teacher in a year will be prorated for those teachers who begin employment after the start of the school year and for those who go on leave or resign before the school year is completed.
- F. Teachers will be entitled to a sick leave incentive based upon the following: Teachers will be paid \$400 if no sick leave has been used during the school year, and \$200 if no more than two days of sick leave has been used during the school year. Teachers who are eligible will receive their attendance incentive either at the end of the fiscal year or at the start of the following school year at the discretion of the school committee.

G. A Sick Leave Bank ("Bank") shall be maintained for DCTA unit members ("members") as recognized in Article I. Section B. Unit members who have used up their personal sick leave to which they are entitled and who are "members" of the "Bank" may apply to draw on the bank after they have been an employee of the district for 90 days. The operations of the bank and withdrawals there from shall be carried out by the Bank Committee composed of an equal numbers of persons, not to exceed more than three members on each side, designated by the superintendent and by the Association and in accordance with the following guidelines:

1. All deposits in the "Bank" are to be voluntary; however, any "member" who desires not to participate in the "Bank" must affirmatively notify the superintendent's office using the Sick Leave Bank Non- Participation Form as listed in Appendix C ("Non-Participation Form") within the time limits set forth herein.
2. Each newly hired "member" shall be provided the Sick Leave Bank Non- Participation Form upon which the newly hired " member" may select to designate his/her desire not to join the "Bank" and thus not donate his/her personal sick day(s) in accordance with this section. Any newly hired "member" must submit the Sick Leave Non - Participation Form no later than thirty (30) school days following the first day of the school year for unit members. If the newly hired employee does not submit the Sick Leave Non-Participation Form to the superintendent's office within the 30-school day time period, he/she shall have two sick days deducted from his/her sick leave entitlement and deposited into the "Bank."
3. Unit members who are already members of the "Bank" need not deposit on an annual basis to retain membership unless the "Bank" falls below 400 days. An employee who takes child rearing leave may not return during the school year.

A teacher so injured shall be paid by the district the difference between the compensation provided under "the Act" and the teacher's full salary or wages, such payment to be paid from any accumulated sick leave to which the teacher is entitled.

The parties, in agreeing to this article, are aware that Section 69 of "the Act" provides in pertinent part that no cash salary or wages shall be paid by a district to any person for any period for which weekly total incapacity compensation under this chapter is payable, and that "the Act" is not one of the statutes enumerated in Massachusetts General Laws, Chapter 150E, Section 7(d) as being overridden in the event of a contrary provision in a Collective Bargaining Agreement, and the parties therefore agree that to the extent any provision of this Article is in conflict with "the Act," such provision shall be null and void, but that the remainder of the Article shall remain in full force and effect.

In the event that it becomes necessary to layoff teachers with professional status, the least senior teacher in an affected area shall be the first to be laid off and subsequently Jay-offs shall proceed in the reverse order of seniority. Paid leaves of absence (such as long-term disability or sabbatical) shall count toward seniority. Unpaid leaves of absence shall not constitute a break in continuous service but shall not count toward seniority.
- E. Cases of identical seniority in the same area will be resolved by granting preference to the teacher with the highest academic degree (in descending order: Doctorate, CAGS, Master's, Double Bachelor's). If these are identical, the decision will be made by the superintendent upon review of evaluations. If no significant difference exists in the evaluations, the superintendent will exercise his/her discretion.
- F. Licensure shall mean that the teacher has on file with the office of the superintendent, evidence that he/she possesses from the Massachusetts Department of Education license in the appropriate area. Evidence must be furnished to the superintendent's office no later than the expiration date for challenges to the official seniority list.
- G. Recall Procedure:
1. Teachers laid off under provisions of this article shall be entitled to recall to the district as positions for which they are qualified under Section C become available. Recall shall proceed in reverse order of lay-off.

- C. This agreement constitutes school committee and association policy for the term of said agreement, and the school committee and association will carry out the commitments contained herein and give them full force and effect as school committee and association policy.
- D. The superintendent will meet with the Dudley-Charlton Teachers' Association president once in the fall before November 15, and once in the spring before May 15 to review Appendix B of this agreement.

In witness thereof, the parties hereto have caused these present to be executed by their agents hereunto duly authorized, and their seals to be affixed hereto, as of the day and year first written above.
