For additional information, see the Texas Performance Reporting System (TPRS) on the Texas Education Agency's website https://rptsvr1.tea.texas.gov/perfreport/tprs/tprs_srch.html. The TPRS integrates state and federal reporting requirements into a single reporting system that can be viewed at the campus, district, region, and state level. As the most comprehensive reporting system published by TEA, TPRS provides additional performance reports, results, and indicators for student groups not previously reported on state accountability data tables, the Texas Academic Performance Reports (TAPR), or the School Report Card.

District and campus TAPR reports are available on the district's website. <https://ryssorg-40-us-central1-01.preview.finalsitedcdn.com/about-us1/additional-information/archives/2025-tapr>

1.3 – STUDENT CODE OF Conduct

This section describes a broad range of behaviors considered to be student misconduct and should be viewed as representative of the misconduct that most frequently causes disruption to an orderly educational process. These acts of misconduct are listed in Levels I, II, III, IV, and V. The student who commits an act of misconduct that may be classified into any of the five levels will be subject to disciplinary action.

1.3.1 – When and Where These Rules Apply

- The policies and administrative procedures concerning student conduct apply to actions of students on school property (including before/after school, dismissal time, and after school care/activities) and school buses and, in some cases, for conduct occurring off of school property or within 300 feet of school property.
- These rules are applicable to students placed in the In-School Suspension Program (ISS). Under state law, a student may be expelled by RYSS for Level V misconduct that occurs on the property of another school district within Texas.
- The rules apply to the actions of students at all school-sponsored or school-related activities or events, such as field trips, sporting events, stadium assemblies, fairs, or evening, school-related activities.
- Students should be aware that the commission of any felony offense, whether at school or away from school, may result in the placement of the student in ISS or further disciplinary action determined by the administration.
- Students should be aware that administrators who are made aware of criminal activity, whether on or off of campus, will make a report to appropriate law enforcement agencies and that, in addition to these administrative rules, students may be subject to criminal charges for violations of the law.

1.3.2 – General Discipline Guidelines for Assessing Penalties

When administering discipline, RYSS personnel shall adhere to the following general guidelines:

1. Discipline shall be administered when necessary to protect students, school employees, or property and to maintain essential order and discipline.
2. Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of the circumstances of each case. Administrators should use caution and should ordinarily consider developmentally appropriate interventions for very young children who engage in misconduct. Factors that must be considered in each decision concerning suspension, placement in ISS, or expulsion may include such factors as:
 - The seriousness of the offense;
 - Student's age and intent or lack of intent at the time the student engaged in the conduct;
 - Student's disciplinary history;
 - Student's attitude;
 - The potential effect of the misconduct on the school environment;
 - State law requirements for certain disciplinary consequences;
 - Whether the facts of the case warrant consideration of self-defense as a mitigating factor in the assessment of any punishment;
 - Whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's misconduct.
3. Serious offenses are those that substantially disrupt or materially interfere with the orderly process in the classroom, RYSS transportation, the school, or any school-related activity and may include persistent

behavior of Level II or higher misconduct. An administrator may find, on the basis of the facts and circumstances of the case, that a Level III offense constitutes a serious offense. Finally, a finding that a student has engaged in any offense listed as an offense under Level IV or Level V constitutes a finding that the student has engaged in serious misbehavior.

1.3.3 - Levels of Offenses—Overview (For details on Levels of Offenses, see Section 1.4.)

Acts of misconduct are categorized into the following five levels of offense:

- **Level I – Violation of Classroom or Transportation Rules**
Offenses that generally occur in the classroom and can be corrected by the teacher.
- **Level II – Administrator Intervention**
Offenses that are more serious in nature or a continuance of Level I misconduct.
- **Level III – Off-Campus Suspension and/or Placement in In-School Suspension (ISS)**
Offenses that seriously disrupt the educational process in the classroom, in the school, and/or at school-related activities, or a continuance of Level I or Level II-misconduct. A finding that a student has engaged in a Level III offense may constitute a serious offense.
- **Level IV – Suspension and/or Expulsion**
Criminal offenses as defined in Level IV. This may include any felony, whether school-related or not unless it is one for which expulsion is required. A finding that a student has engaged in an offense listed under Level IV constitutes a finding that the student has engaged in serious misbehavior.
- **Level V – Expulsion for Serious Offenses**
Offenses that include those for which a student may or shall be expelled under state law. They include continued serious or persistent misbehavior that violates RYSS guidelines and policies while placed in ISS. A finding that a student engaged in an offense listed under Level V constitutes a finding that the student has engaged in serious misbehavior.

Staff members will use their professional judgment to determine the most effective way to correct student misconduct. Disciplinary actions apply equally to all students.

1.3.4 – General Procedures for Resolving School Problems

School problems can best be resolved at the campus level. In order to resolve problems, parents, guardians, and/or students can do the following:

- Meet with a teacher at appropriate times to discuss existing problems.
- If the parents, guardians, and/or students are dissatisfied with the teacher’s decision or explanation, they can meet with the principal or designee to review the area of concern.

1.3.5 – Corporal Punishment

RYSS prohibits corporal punishment as a disciplinary method. Anyone who suspects a student has experienced corporal punishment is directed to file a report with a teacher, principal, or other RYSS personnel.

1.4 – LEVELS OF STUDENT MISCONDUCT AND DISCIPLINARY OPTIONS

1.4.1 – Level I – Violation of Classroom or Transportation Rules

Each teacher or staff member establishes the rules for the classroom and for school-related activities. The classroom teacher can manage most of the behavior. The teacher may use any of the disciplinary options listed below in maintaining discipline.

Level I acts of misconduct include such behavior as:

- Refusal to participate in classroom activities
- Unexcused tardiness or absences to class
- Failure to bring required classroom learning tools or assigned work to the class
- General misbehavior, such as eating in class, horseplay, making excessive noise, general disruption, or violating campus dress codes
- Any other act that disrupts the classroom or interrupts the educational process of the class
- Failure to deliver or return written communications between home, office, and school

- Other appropriate in-class disciplinary action
- Restriction of school-bus privileges by the bus operator and RYSS administration

Level I procedures:

- Any RYSS staff member who observes a student violating class rules or other school rules may correct the student.
- A record of the offenses and disciplinary actions should be maintained by the teacher or staff member on the appropriate form.
- The teacher should discuss the misbehavior with the parent, an administrator, or support personnel.
- Level I behavior violations and disciplinary options/responses are not limited to those provided. Serious, repeated violations may result in a more severe response or referral to Level II.

1.4.2 – Level II – Administrator Intervention

Some infractions will result in a referral to the principal or designee. The disciplinary response depends on the offense, previous misbehaviors, and the seriousness of the misbehavior. Level II acts of misconduct include those student acts that interfere with the orderly educational process in the classroom or in the school. A teacher who observes a student engaged in Level II or higher misconduct will fill out a discipline/referral form for the principal or designee. The intervention specialist will forward an oral or written report to the parents.

Level II acts of misconduct include such behavior as:

- Any infraction that goes against the RYSS Academic Code of Honor
- Repeated violation of classroom or transportation rules under Level I
- Cheating, plagiarism, or copying the work of other students

- Use or operation of paging devices, including beepers, cell phones, electronic pagers, or any other type of electronic communication system on school campuses or at functions during school hours. In addition to disciplinary action, the unauthorized use or operation of electronic devices will result in confiscation. The Intervention Specialist or other administrator will notify the parent. An administrative fee payable to RYSS will be charged. **NOTE: RYSS is not responsible for any confiscated items.**
- Cafeteria disturbance
- Violation of a school's [mandatory school-dress code policy](#)
- Disruptive behavior on a school bus or at a school bus stop

- Accessing materials and sites on the Internet that are deemed to be inappropriate by RYSS
- Sending or forwarding inappropriate email, including emails containing offensive language, cyberbullying, untruthful statements, junk email, or jokes

- Exclusion from extracurricular activities, such as field trips and commencement exercises/award ceremonies
- Removal of school transportation privileges
- "Behavior," "behavioral," and/or "conduct" contracts
- Teacher removal of the student from the classroom
- Suspension of transportation privileges
- Any other appropriate disciplinary actions determined by the intervention specialist or administration.

Level II procedures include:

 3. Engaging in any conduct punishable as a felony other than one defined in Title 5 of the Penal Code that occurs more than 300 feet from the campus and is not related to a school-based activity or function if the principal reasonably believes that the student has engaged in such felony and the principal also determines that the continued presence of the student in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

Level IV misconduct also includes a finding that the student has engaged in the following conduct on a school campus, at a school-related activity, or within 300 feet of school property:

- Engaging in an assault, which is defined as intentionally, knowingly, or recklessly causing bodily injury to another and which may include causing bodily injury by recklessly or intentionally pointing a laser pointer or laser pen at another student or a staff member (Section 22.01(a)(1) and Section 1.07(a)(8), Penal Code)

1.4.5 – Level V – Expulsion for Serious Offenses

Level V acts of misconduct include serious misbehavior and/or illegal acts that threaten to impair the educational efficiency of the school and/or that most seriously disrupt the orderly educational process in the classroom and/or school. Under state law, students may be expelled for any violation listed under this section. Expulsions may occur if the Level V act of misbehavior occurs on school property or at a school-related or school-sponsored activity on or off school property. Expulsion means the removal of a student from school for more than three days but not longer than one calendar year.

Level V Required Expulsion

A student shall be expelled from school if the student, on school property or while attending a school-sponsored or school-related activity on or off school property, engages in any act of misconduct that qualifies for expulsion, such as:

- Uses, exhibits, or possesses** a firearm, which is defined as any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use (Section 46.01(3), Penal Code)

Section 921, that includes any weapon, including a starter pistol, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device. Students violating this section shall be expelled for at least one year except that:
 - a) The superintendent of schools may modify the length of the expulsion in the case of an individual student.
 - b) The district must expel the student for one year but may modify the expulsion in order to provide educational services to the expelled student in ISS.
 - c) Federal law requires the expulsion of any student who brings a firearm to school for a minimum term of one year.
 - State law does not allow students under the age of 10 to be expelled. The district or other local educational agency shall provide educational services to an expelled student under the age of 10 in a disciplinary alternative education program.
 - The district or other local educational agency may provide educational services to an expelled student who is 10 years of age or older in a disciplinary alternative education program.

- Restitution or restoration as applicable
- Referral to principal or designee, counselors, and/or appropriate agencies
- Referral to juvenile court for legal action
- Suspension for up to three consecutive days per occurrence
- Expulsion (more than three consecutive school days per occurrence, but not longer than one year). In cases of a student who engages in sexual assault or aggravated sexual assault against another student, there is no limitation on the length of the expulsion or the length of the placement in ISS.

Level V Procedures:

1. The administrator contacts the police to investigate the school infraction and/or illegal act and confers with the student after consulting with law enforcement. If the student is arrested, the parents should be notified within one hour. Any expulsion must include an official police or law-enforcement investigation. However, it is not necessary to await the results of the investigation before proceeding to an expulsion hearing.
2. The investigating building administrator notifies the student and parents or guardians in writing of the reasons for the proposed expulsion and of the disciplinary response to the conduct. If the student withdraws from the district prior to the imposition of an expulsion, the administrator may proceed with determining an appropriate punishment for the offense.
3. A school administrator who is an impartial hearing officer will conduct a full hearing before a decision to expel a student is made.
4. The district shall inform the student's teacher(s) of the conduct of a student who has engaged in any violation listed in this section. The teacher shall keep this information confidential.
5. Students expelled from RYSS are entitled to receive educational services but are not entitled to participate in any regular or extracurricular district programs during the period of the expulsion.

1.4.6 – Zero Tolerance of Criminal Charges

All students who unlawfully possess a firearm, illegal knife as defined by state law, explosive, or any other dangerous object or weapon on RYSS property, on school buses, and/or in attendance at RYSS-related activities shall be recommended for expulsion. In every case where students engage in conduct that contains the elements of an offense in violation of the Texas Penal Code or Education Code, RYSS will pursue arrest and charges.

1.4.7 – Reports to Local Law Enforcement

RYSS has an obligation under the law to notify local law enforcement if the principal has reasonable grounds to believe that any of the following offenses have occurred in school, on school property, or at a school-sponsored or school-related activity on or off school property.

1.4.8 – 86th Legislation TEC Chapter 37

Beginning with the 2023-2024 school year going forward in accordance with the 86th Legislative Session as it relates to Student Discipline under the Texas Education Code Chapter 37, the following will be implemented in all RYSS schools:

1. The out-of-school suspension of homeless students is prohibited unless the student engages in certain behaviors defined by TEC §37.005(c)(1)-(3) while on school property or while attending a school-sponsored or school-related activity on or off school property (Ref. House Bill 692).
2. Two new conditions must be considered to determine what is in the best interest of the student before ordering a suspension, removal to an alternative disciplinary education program (DAEP), expulsion, or placement in a juvenile justice alternative education program (JJAEP) (House Bill 811, TEC §37.001(a)(4) amendment), which are:
 - a. (E) a student's status in the conservatorship of the Department of Family and Protective Services; or
 - b. (F) a student's status as a student who is homeless.
3. A transition plan for students being released from a DAEP, JJAEP, or a juvenile detention center will be implemented. The school will create a personalized transition plan developed by the campus administrator and other specified persons (House Bill 2184, TEC §37.023 addenda).
4. The school will provide an alternative means of receiving all course work provided in the classes in the foundation curriculum that the student misses as a result of an in-school or out-of-school suspension. Also, it will include the conduct that contains the elements of the offense of a terroristic threat as described by Penal Code 22.07(c-1), (d), or (e), as a reason that a student must be served academically by a JJAEP during the term of the removal (House Bill 3012, TEC §37.005 Subsection (e) and TEC §37.011(b) amendments).
5. The school will post on the district's Internet website, for each district campus, the designated person, e-mail address, and dedicated telephone number of the campus behavior coordinator under TEC §37.0012) according to Senate Bill 1306, Texas Education Code §26.015.
6. In all schools, the duties for school district peace officers, school resource officers, and security personnel be included in:
 - (1) the district improvement plan under TEC §11.252;
 - (2) the local student code of conduct adopted under TEC §37.001;

- (3) any memorandum of understanding providing for a school resource officer; and
- (4) any other campus or district document describing the role of peace officers, school resource officers, or security personnel in the district (Ref. Senate Bill 1707, TEC §37.081(d)).

- 7. When determining whether there is a reasonable belief a student has engaged in conduct defined as a felony offense by the Penal Code, the superintendent or the superintendent's designee may consider all available information, including the information furnished under Article §15.27 (related to a notification to schools by law enforcement agencies of the arrest or referral of children), Code of Criminal Procedure, and upon request, the information included in new TEC §37.006(k-1):

In addition to the information provided under Subsection (k), the law enforcement agency shall provide to the superintendent or superintendent's designee information relating to the student that is requested for the purpose of conducting a threat assessment or preparing a safety plan relating to that student. A school board may enter into a memorandum of understanding with a law enforcement agency regarding the exchange of information relevant to conducting a threat assessment or preparing a safety plan. Absent a memorandum of understanding, the information requested by the superintendent or the superintendent's designee shall be considered relevant (Ref. Senate Bill 2135, TEC §37.006(e)).

- 8. The schools will consider new reasons for which a student must be placed in an alternative disciplinary setting. A student who engages in conduct that contains the elements of the offense of harassment under Texas Penal Code §42.07(a)(1), (2), (3), or (7) against an employee of the school district must be placed in a DAEP. Penal Code §42.07(a):

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic means, or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or in a vehicle operated by RYSS and that:

- Will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or damage to the student's property;
- Is so sufficiently severe, persistent, or pervasive that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct; or
- Interferes with a student's education or substantially disrupts the operation of a school.

1.5.1 Cyberbullying

Cyberbullying is defined as the use of the Internet, cell phones, or other devices to send, post, or text message images or material intended to hurt or embarrass another person. This may include, but is not limited to:

- Sending threatening and harassing texts, instant messages, or emails to the victim
- Posting or sending rumors of gossip to instigate others to dislike and gang up on the target, which is determined to have material and substantial interference with school activities or with the rights of students and teachers.

1.5.2 Reporting of Bullying

Anyone (parents, students, employees) who suspects bullying is occurring or has occurred shall report this as soon as possible after the alleged act or knowledge of the alleged act. A report of the alleged act should be made to a teacher, counselor, principal, or other RYSS employee. Any RYSS employee who receives a report of bullying is required to immediately notify the principal or designee. A record of all reports of bullying shall be reduced to written form. RYSS employees are obligated under penalty of law to report any incident of suspected or actual bullying, and the principal or designee must timely respond to any report, up to and including taking disciplinary action as described in [Section 1.4](#). Absent extenuating circumstances, the investigation should be completed within ten business days from the date of the report; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

1.5.3 Bullying and the Special Education Student

In all cases of suspected bullying in which a student enrolled in Special Education is involved, no disciplinary consequences shall be imposed until an admission, review, and dismissal (ARD) committee meeting has been held to review the conduct.

1.5.4 Examples of Bullying

Behaviors that are not acceptable and considered as bullying include, but are not limited to:

- Indecent/unsolicited sexual proposal/sexual harassment

- Engaging in assault not involving bodily injury, which is defined as intentionally or knowingly threatening another with imminent bodily injury
- "Sexting" or using a cell phone or other personal communication device to send a text or email messages or possessing text or email messages containing images reasonably interpreted as indecent or sexually suggestive while at school or at a school-related activity.

Student Performance in Postsecondary Institutions

Report of 2022-2023 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2024

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2022-2023 high school graduates who attended public four-year and two-year higher education in FY 2024. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2023, spring 2024, and summer 2024 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2024, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2024 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at <http://www.txhighereddata.org/Interactive/HSCollLink>. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

Please note: In May 2012 the 2006-2007, 2007-2008, and 2008-2009 versions of the *Report of High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education* were updated to reflect a minor correction in how the GPA data are distributed across ranges.

2025 Accountability Rating: The overall rating earned by the district or campus for 2025.

2025 Special Education Determination Status (district TAPR only): This label represents an integrated determination level status based on an evaluation of each local educational agency’s (LEA) Results Driven Accountability (RDA) indicators in the special education program area and four Federally Required Elements (FREs), which include the State Performance Plan (SPP) compliance indicators 9, 10, 11, 12, and 13; data integrity; uncorrected noncompliance; and financial audit findings. Each LEA receives one of four special education determination levels (DLs):

Meets Requirements

Needs Assistance

Needs Intervention Needs

Substantial Intervention

2025 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration) (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter. (*Data source: PEIMS ArmedServicesVocAptBattery E1625*)

Performance

STAAR: A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

Other Important Information:

STAAR (with and without accommodations) and STAAR Alternate 2. The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

Spanish STAAR. All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

Rounding of STAAR results. STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

Masking. STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2025/masking.html>.

Progress (Annual Growth, Accelerated Learning and STAAR Progress Measure)

School Progress Domain—Annual Growth is the percentage of students who grew academically by at least one school year. For STAAR assessments (with or without accommodations), annual growth is measured by a transition table. Individual student growth is calculated as the change between Low Did Not Meet Grade Level, High Did Not Meet Grade Level, Low Approaches Grade Level, High Approaches Grade Level, Meets Grade Level, and Masters Grade Level performance from the prior year to the current year.

School Progress Domain—Accelerated Learning is the percentage of students who earned Did Not Meet Grade Level in the prior year and were accelerated to Approaches Grade Level or above in the current year.

The above measures were used to determine the Annual Growth and Accelerated Learning in the Bilingual Education/ESL report.

Bilingual Education/ESL

Bilingual Education (BE): Dual-language program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the development of literacy and academic skills in the primary language and English. This category includes the following:

- *BE Trans Early Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than two or later than five years after the student enrolls in school.
- *BE Trans Late Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school.
- *BE Dual Two-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are integrated with non-EB/non-EL students and are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in English and

2024–25 Texas Academic Performance Report (TAPR) Glossary

another language with at least half of the instruction delivered in the non-English program language for the duration of the program.

- *BE Dual One-Way*. Bilingual/biliteracy program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in the students' primary language as well as English, with at least half of the instruction delivered in the students' primary language for the duration of the program.

English as a Second Language (ESL): An English acquisition program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the integrated use of second language acquisition methods. This category includes the following:

- *ESL Content-Based*. An English acquisition program that serves students identified as EB students/ELs through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies.
- *ESL Pull-Out*. An English program that serves students identified as EB students/ELs through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model.

Alternative Language Program (ALP): An alternative language program provided to emergent bilingual (EB) students/English learners (ELs) for whom the local education agency (LEA) does not have the appropriately certified teachers for the required bilingual education or English as a second language (ESL) program for the current school year. This category includes the following:

- *ALP Bilingual (Exception)*. An alternative language program to the required bilingual education (BE) program approved by the TEA for the current school year due to the LEA's submission of a bilingual education exception application.
- *ALP ESL (Waiver)*. An alternative language program to the required English as a second language (ESL) program approved by the TEA for the current school year due to the LEA's submission of an ESL waiver application.

Emergent Bilingual (EB) Students/English Learner (EL): The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. As a result of the 87th Texas Legislature, the term "emergent bilingual student" replaced the term of "limited English proficient (LEP) student" used in the Texas Education Code (TEC), Chapter 29, Subchapter B, and thus, will be changing the term of "English learner (EL)" used in 19 TAC Chapter 89, Subchapter BB. These terms describe the same group of Texas students. In the revised Texas Education Data Standards (TEDS), the terms of "emergent bilingual" and "English learner" have been bridged as EB/EL. The term "English learner" is still used in federal regulations and guidance. This category includes:

- *EB/EL with Parental Denial*. Students identified as emergent bilingual (EB) students/English learners (ELs) whose parents have denied all bilingual and ESL program services.
- *Never EB/EL*. Students who have never been identified as EB students/ELs (non-EB/non-EL students).

2024–25 Texas Academic Performance Report (TAPR) Glossary

- *Total EB/EL (Current)*. Students currently identified as EB students/ELs, including those served in a standard or alternative bilingual or ESL program as well as those with a parental denial of services.
- *Monitored & Former EB/EL*. Students who were once identified as EB students/ELs but have reclassified as English proficient, including students within their four years of state and federal monitoring and those beyond monitoring years.

STAAR Participation (2024–25)

This Texas Academic Performance Report (TAPR) provides the State Assessment participation rate as used in State Accountability. This participation rate includes students who are considered participants for state reporting purposes but are excluded from the federal participation rate. The report details the participation rate by All Tests, Reading, Mathematics, Science, Social Studies, and Accelerated Testers and which assessments and students are included or excluded from accountability.

Assessment Participants

- STAAR Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "S."
- STAAR Alternate 2 Assessments:
 - Includes assessments with a score code of "N."
- STAAR Reading Language Arts (RLA) Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S."
- STAAR Mathematics Assessments:
 - Includes assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S" for year 1 asylees/ refugees or students with interrupted formal education (SIFEs).
- Accelerated Testers:
 - This includes Evidence-Based Reading and Writing (EBRW) SAT, English Language Arts (ELA) ACT, ACT science, and mathematics SAT and ACT results for students who complete a STAAR End-of-Course (EOC) assessment at the Approaches Grade Level or above in Algebra I, English II, and/or Biology before grade 9.

Included in Accountability:

- This represents the state assessment participation rate used in state accountability measures.
- Includes all of the participants listed above, except for students classified as "Mobile" or under "Other Exclusions."

Not Included in Accountability:

- *Mobile*: Refers to the percentage of assessments excluded from the "Included in Accountability" rate because the students enrolled in the district or campus after the Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) fall snapshot date.
- *Other Exclusions*: Refers to the percentage of assessments excluded from the "Included in Accountability" rate for the following reasons:

2024–25 Texas Academic Performance Report (TAPR) Glossary

- STAAR Assessments (STAAR and STAAR Alternate 2) with score codes "A" or "O" that do NOT have a corresponding TELPAS or TELPAS Alternate assessment with a score code of "S."
- STAAR Alternate 2 assessments with a score code of "N."
- Answer documents of students who are an Emergent Bilingual/English learner (EB/EL) who has been in school in the U.S. for one year.
- Other exclusions specified in the 2025 Accountability Manual — [Appendix G](#).

Not Tested

- Assessments that are not considered in the participation rate include:
 - Absent: Assessments with a score code of "A."
 - Other: Assessments with a score code of "O."
 - Accelerated Testers: Accelerated testers who did not take an SAT/ACT assessment.

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%.

Attendance, Graduation, and Dropout Rates (2024–25)

Attendance Rate: The percentage of days that students were present based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation.

Attendance is calculated as follows:

$$\frac{\text{total number of days that students in grades 1–12 were present during the 2023–24 school year}}{\text{total number of days that students in grades 1–12 were in membership during the 2023–24 school year}}$$

(Data source: PEIMS 42400)

Chronic Absenteeism: The unduplicated number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days. Chronic Absenteeism is calculated as follows:

$$\frac{\text{total number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days during the 2023–24 school year}}{\text{total number of K–12 students enrolled for at least 10 days during the 2023–24 school year}}$$

(Data source: PEIMS 42400)

Annual Dropout Rate: The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

2024–25 Texas Academic Performance Report (TAPR) Glossary

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided services by an open-enrollment charter school exclusively as the result of having been detained at the facility
- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services
- Is a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

Annual Dropout Rate (Gr 7–8). This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2023–24 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2023–24 school year}}$$

Annual Dropout Rate (Gr 9–12). This includes grades 9 through 12. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9–12 during the 2023–24 school year}}{\text{number of students in grades 9–12 in attendance at any time during the 2023–24 school year}}$$

2024–25 Texas Academic Performance Report (TAPR) Glossary

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the Secondary School Completion and Dropouts in Texas Public Schools reports, available on the TEA website at [Completion, Graduation, and Dropout | Texas Education Agency](#).

For detailed information on data sources, see Appendix H in the [2025 Accountability Manual](#). (Data source: PEIMS 40203, 40110, 42400, and 42500)

Longitudinal Rates: The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2020–21. They are followed through their expected graduation with the Class of 2024.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2019–20. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2023.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2018–19. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2022.

Additional Information on Cohorts:

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2020–21 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2020–21 but takes 5 years to graduate (i.e., graduates in May 2025) is still part of the 2024 cohort; he or she is not switched to the 2025 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2024. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

4-Year Longitudinal Rate

number of students from the cohort who received a high school diploma by August 31, 2024

number of students in the 2022 cohort**

** The cohort in the denominator above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, or 90. Students with leaver codes 88 and 89 are included in the federal rates.

A student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district is excluded from district and campus graduation rates calculated for federal accountability purposes. Students served by special education who graduate with an individualized education program (IEP) are included as graduates.

College, Career, or Military* Readiness (CCMR) (2024–25)

Annual graduates demonstrate college, career, or military readiness in any one of the following ways:

College Readiness

- 1) **Texas Success Initiative (TSI) Criteria:** Meet Texas Success Initiative (TSI) Criteria in RLA and Mathematics. A student meeting the TSI college readiness standards in both RLA and mathematics; specifically, meeting the college-ready criteria on the TSIA1 and/or TSIA2 assessment, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014 and TEC §51.338, in both RLA and mathematics. The

2024–25 Texas Academic Performance Report (TAPR) Glossary

criteria for successful completion of a college prep course should be in alignment between an LEA and the partnering IHE(s). In accordance with TEC §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported as successfully completing a course if they have met TSI exemption requirements. The assessment results considered include TSIA1 and/or TSIA2 assessments through October 2024, SAT and ACT results through the July 2024 administration, and course completion data via TSDS PEIMS. See Appendix H for additional information. A student must meet the TSI requirement for both RLA and mathematics but does not necessarily need to meet them on the same assessment. For example, a student may meet the TSI criteria for college readiness in RLA on the SAT and complete and earn credit for a college prep course in mathematics. *(Data source: PEIMS 43415, THECB, College Board, and ACT, Inc.)*

- 4) **Earn an Associate Degree:** A graduate earning an associate degree by August 31 immediately following high school graduation. *(Data source: PEIMS 40100)*
- 5) **Earn OnRamps Course Credits:** A graduate completing an OnRamps dual enrollment course and qualifying for at least three hours of university or college credit in any subject area. *(Data source: OnRamps program)*
- 6) **Graduates under an Advanced Diploma Plan and Identified as a current Special Education Student:** A graduate who is identified as receiving special education services during the year of graduation and whose graduation plan type is identified as a Recommended High School Plan (RHSP), Distinguished Achievement Plan (DAP), Foundation High School Plan with an Endorsement (FHSP-E), Foundation High School Plan with a Distinguished Level of Achievement (FHSP-DLA), or Texas First Early High School Completion Program (Texas First-DLA) *(Data source: PEIMS 40203 and 40110)*

Career/Military Readiness

- 7) **Earn an Industry-Based Certification (IBC):** A graduate earning an IBC under 19 TAC, §74.1003 and earned credit in a level 2 course or higher in an aligned Program of Study applies to the 2024 graduates. Alignment is determined by the IBC Crosswalk, which maps approved IBCs to their corresponding Programs of Study. The student must have earned the IBC associated with the Program of Study and also met the phase-in requirement. See Appendix J for a complete list of approved IBCs. The sunseting IBC limit applied within the Student Achievement and School Progress, Part B: Relative Performance domains is not applied within Closing the Gaps. For prior graduating class IBC requirements please refer to [“Chapter 2—Student Achievement Domain”](#). *(Data source: PEIMS 40100)*

High school students may take one or more of these examinations, ideally upon completion of AP or IB courses, and may receive advanced placement or credit, or both, upon entering college. Generally, colleges will award credit or advanced placement for scores of 3, 4, or 5 on AP examinations and scores of 4, 5, 6, or 7 on IB examinations. Requirements vary by college and by subject tested. *(Data source: College Board and IB)*

Other Postsecondary Indicators (2024–25)

Advanced/Dual-Credit Course Completion (Grades 9–12): The percentage of students who completed and received credit for at least one advanced or dual-credit course. Decisions about awarding high school credit for college courses are described in Texas Administrative Code §74.25.

Appendix A lists all courses identified as advanced courses. Courses for which a student can earn dual credit are not listed because they vary from campus to campus.

Course completion information is reported by districts through the PEIMS after the close of the school year. For example, the values, expressed as percentages for grades 9–12, are calculated as follows:

Student Information (2024–25)

Please note, the Enrollment section of this report was added beginning with 2019–20. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year’s report to reports prior to 2019–2020, use the data displayed under Membership.

Enrollment: Students reported as enrolled as of the last Friday in October

Membership: Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

Total Students: The total number of public school students who were reported at any grade from early childhood education through grade 12. (Data source: PEIMS Student Entity)

Students by Grade: The count of students in each grade divided by the total number of students. (Data source: PEIMS StudentSchoolAssociation Entity)

Ethnic Distribution: The number and percentage of students who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Male/Female: The number and percentage of students who are identified as male or female. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Section 504 Students: The count and percentage of students identified as receiving section 504 services. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Emergent bilingual students/English learner (EB/EL) : The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” (EL) and “Emergent Bilingual” (EB) are used interchangeably.

The percentage of EB/ELs is calculated by dividing the number of EB/ELs by the total number of students in the district or campus. Not all students identified as EB/ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

Students with Disciplinary Placements: The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

number of students with one or more disciplinary placements

number of students who were in attendance at any time during the school year

For 2024–25, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: PEIMS DisciplineAction Entity)*

(A) individuals who lack a fixed, regular, and adequate nighttime residence [within the meaning of section 11302(a)(1)]; and

(B) includes —

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings [within the meaning of section 11302(a)(2) (C)];

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(iv) migratory children (as such term is defined in section 6399 of title 20) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

(Data source: PEIMS StudentEducationOrganizationAssociation Entity)

Immigrant: The count and percentage of students identified under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term ‘immigrant children and youth’ is defined as, “individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic years.” The term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

Mobility: The count and percentage of students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

number of mobile students in 2023–24

number of students who were in membership at any time during the 2023–24 school year

This rate is calculated at the state, region, district, and campus level and is disaggregated by race/ethnicity, economically disadvantaged status, special education status, and emergent bilingual students/English learner status. The mobility rates shown are based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the same district or from outside the district. The region mobility rate reflects school-to-school mobility within the same region or from outside the region. *(Data source: PEIMS BasicReportingPeriodAttendanceExtension Entity)*

Attrition Rate: The percentage of students enrolled in fall 2022-23 who did not return to the same campus in the fall of 2023-24. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if the campus in which they were enrolled in 2022-23 did not offer the next grade they were expected to move into in 2023-24 or if they were at a campus in 2022-23 that was no longer active in 2023-24. Students who were retained in grade, including those in Grade 12, remained in the calculation.

Some campuses may not receive an attrition rate because all of their students are excluded from the attrition denominator due to their subsequent grade level not being offered at that campus in 2023-24. Examples of such campuses are campuses that serve single grade levels or campuses that changed the grades offered in 2023-24. Attrition Rate is calculated as follows:

2024–25 Texas Academic Performance Report (TAPR) Glossary

number of students enrolled in fall 2023 – number of students who returned in fall 2024

number of students enrolled in fall 2023

Aggregations of campus denominators and numerators are created for district, region and state levels, and rates for each of those levels are calculated from these sums.

Retention Rates by Grade: The percentage of students in Texas public schools who enrolled in fall 2024 in the same grade in which they were reported for the last six-week period of the prior school year (2023–24).

number of students enrolled in the same grade from one school year to the next

number of students enrolled from one school year who return the next year or who graduate

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR and TPRS show retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools](#) available from TEA. (*Data source: PEIMS StudentSchoolAssociation Entity*)

Data Quality (not on campus profile): The percentage of errors made by the district in the PEIMS Student Leaver Data.

Percent of Underreported Students. Underreported students are 7th–12th graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas public school district, or returned to the district by the end of the school start window. (For 2023–24 the end of the school-start window was September 27, 2024)

Class Size Averages by Grade and Subject: The average class size by grade (elementary) or selected subjects (secondary classes).

2024–25 Texas Academic Performance Report (TAPR) Glossary

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, the average is determined based on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the “SR” prefix are not included.
- Teacher roles coded as “teacher” and/or “substitute teacher” are included.
- Only class settings coded as “regular class” are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

Staff Information (2024–25)

Total Staff: The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Professional Staff: The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Educational Aides: The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed

2024–25 Texas Academic Performance Report (TAPR) Glossary

as a percentage of the total staff FTEs. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS StaffEducationOrganizationAssignmentAssociation Entity and StaffSectionAssociation Entity)*

Auxiliary Staff *(not on campus profile)*: The count of full-time equivalent (FTE) staff reported in PEIMS employment and payroll records who are not reported in the PEIMS StaffEducationOrganizationAssignmentAssociation or StaffSectionAssociation Entities. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: PEIMS PayrollExt Entity and StaffEducationOrganizationEmploymentAssociation Entity)*

Librarians and Counselors (Headcount): The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, if an FTE count is less than or equal to .85, the part-time headcount is equal to 1). Counselor includes PEIMS Staff Classifications 008 and 117. Librarian includes PEIMS Staff Classifications 013.

Librarians and counselors are headcounts, not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report, the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix B for PEIMS Staff Classifications (Professional Support Staff). *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Total Minority Staff: The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Ethnicity and Sex: The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Highest Degree Held: The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Years of Experience: The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Experience of Campus Leadership: The average years of experience for principals and assistant principals.

Average Years as Principal: The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

Average Years as Principal with District: The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

Average Years as Assistant Principal: The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

Average Years as Assistant Principal with District: The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

(Data source: PEIMS StaffEducationOrganizationEmploymentAssociation Entity)

Average Years Experience of Teachers: The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Average Years Experience of Teachers with District: The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: PEIMS StaffEducationOrganizationEmploymentAssociation Entity)*

Average Teacher Salary by Years of Experience (regular duties only): Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS PayrollExt Entity)*

2024–25 Texas Academic Performance Report (TAPR) Glossary

Average Actual Salaries (regular duties only): For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix B for lists of the PEIMS staff classifications included in each category.

Teachers. Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

Professional Support. Therapists, nurses, librarians, counselors, and other campus professional personnel.

Campus Administration (School Leadership). Principals, assistant principals, and other administrators reported with a specific school ID.

Central Administration (not on campus profile). Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

Instructional Staff Percent (district profile only): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2024–25 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Turnover Rate for Teachers (not on campus profile): The percentage of teachers from the fall of 2023–24 who were not employed in the district in the fall of 2024–25. It is calculated as the total FTE count of teachers from the fall of 2023–24 who were not employed in the district in the fall of 2024–25, divided by the total teacher FTE count for the fall of 2023–24. Teachers include PEIMS Staff Classifications (Role IDs) 087 and 047. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (Data source: PEIMS 2023-2024 PEIMS 30040 and 30090, 2024-2025 PEIMS Staff Entity StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)

Staff Exclusions (not on campus profile): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

Shared Services Arrangement (SSA) Staff are staff who work in schools located in districts other than their employing district or whose assigned organization (in PEIMS) shows a code of 751, indicating that

2024–25 Texas Academic Performance Report (TAPR) Glossary

they are employed by the fiscal agent of an SSA. Only the portion of a person’s total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

Contracted Instructional Staff (District and Campus Profiles) refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. *(Data source: PEIMS ContractedInstructionalStaffFTEExt Entity and PayrollExt Entity)*

Contracted Instructional Staff: The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis. *(Data source: PEIMS ContractedInstructionalStaffFTEExt Entity)*

Teacher Incentive Allotment (TIA): The headcount of teachers who received incentive allotment per House Bill 3 and TEC Sec. 48.112 and average TIA payout by categories of Recognized, Exemplary and Master for the 2024–25 school year. *(Data source: Division of District Talent Systems)*

Teachers by Program (population served): The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*
