

**Dear Preschool Families,**

I am writing to share an important update regarding our preschool program.

Over the past several weeks, we have been reviewing the preschool environment, safety considerations, and program structure to ensure we are providing the best possible learning setting for our youngest students. After careful consideration, we have decided to relocate the preschool program to the **Rainier Elementary School building**.

We believe this move will allow us to provide a safer, more supportive environment while also improving access to resources, staff collaboration, and services that benefit our students.

The preschool program will begin operating at the elementary building on **Monday, April 13**. Please note that some program times may change slightly to support transportation, staffing, and classroom transitions. Your child's teacher will follow up with specific schedule details in the coming weeks.

We understand that changes like this can raise questions, and we are committed to making this transition as smooth as possible for students and families. Additional information about drop-off procedures, classroom locations, and other logistics will be shared soon.

Thank you for your continued support of our preschool program and for trusting us with your children each day. If you have any questions or concerns, please do not hesitate to contact the school office.

Thanks

Bryon
