

## Ways to Get to 24<sup>th</sup> and Stark

### Go by Shuttle! (Currently Westside Only)

We are pleased to offer a shuttle service for students who live on the west side of Portland. The shuttle offers two pickup and dropoff locations: Sylvan Overpass at Highway 26 and Garden Home. There is a fee to reserve your spot on the shuttle. Reservation forms, pricing, and locations for the upcoming school year will be shared in Summer of 2026.

### Go by Carpool!

In August, we will send a Google Sheet for families interested in carpooling to enter their home address and contact information. The sheet is intended for families to have a way to see who might live in their area, who might also be interested in arranging a carpool, and have the information to connect and create a carpool that works.

### Go by Bike!

We have several bike racks located INSIDE of the gates at SE 26<sup>th</sup> and Stark Street; please bring your own lock and never leave your bike outside of the gated area.

### Go by Bus!

TriMet's 20-Burnside/Stark and 15-Belmont/NW 23<sup>rd</sup> have stops very close to campus! Plus, TriMet offers our students free summer passes.

### Go by Car!

Students who are licensed drivers may park a car in the neighborhood, following our neighborhood agreements. At the start of the school year, all students are sent the information to register their car and understand the do's and don'ts of neighborhood parking.
