## Volunteer Opportunities with Nature Vision

Nature Vision is an environmental education nonprofit that brings place based, experiential nature programming directly to schools and local greenspaces. We serve over 70,000 Pre-K through 12th grade students each year in King and Snohomish Counties. In the summer, we run day camps in Redmond, Shoreline, and Bothell that foster appreciation and stewardship of our environment by educating and connecting our communities to the world around us.

Nature Vision is looking for volunteers (ages 16+) to assist our Summer Camp Educators in providing an educational, fun, and safe camp experience for campers. Volunteers provide additional supervision, help lead games and activities, and support campers' overall learning and experience.

Our goal is to help provide practical experience to individuals interested in pursuing the fields of education, environmental education, and/or natural sciences.

Volunteers will be on site for a morning shift (9am-12pm) or afternoon shift (1pm-3:30pm), Monday-Friday. Camp sessions occur between 6/30/25-8/22/25, and volunteers choose their weeks (1-week slots).

For more information, visit https://naturevision.org/volunteer.
