

Application for Families Who Are Currently Living Out-of-District but Who Will Be Moving into the Dublin City School District

- Families who are not currently residents of the Dublin City School District but who will be moving into the Dublin City School District must complete the following application.
- Information will be reviewed by the Superintendent or the Superintendent's designee, and a determination will be made regarding attendance and tuition.
- Students from families building or buying a home in the district who are waiting for possession and are non-residents will have 50 calendar days from date of enrollment to establish residency in the Dublin City School District. In order to maintain continuity of education, parents provide a certified check covering one month's tuition for each of their students. Failure to provide a certified check for one month's tuition and failure to establish residency prior to the 51st day will result in withdrawal of the student. If the family moves into their new home within fifty days after enrollment, the full amount of their tuition deposit will be returned to them. If the family moves into their new home after the fifty-day period, they will be charged daily tuition, and any unused portion of their tuition deposit will be returned to them (see Board of Education Policy 5111).

Please list children in order of oldest child to youngest.

Student Name(s)	School	Grade Level
_____	_____	_____
