Job Description:

The science teacher is responsible as the primary instructional person in the classroom. Teacher must have strong relationship-building and communication skills and be well-versed in specific content area of science. Teacher also must be able to track student achievement and growth to reflect on practice with continuous professional improvement as a lifetime goal.

Job Requirements:

- Promotes educational experiences of students in grades 6-8 through developmentally appropriate resources and classroom differentiation
- Promotes active learning through a variety of instructional methods and strategies
- Implements district-approved curriculum maps for the content area of social studies for respective courses teaching
- Collaborate with department teachers and cross-curricular teachers for the improvement of overall instruction
- Develop lesson plans that are developmentally appropriate and engaging for students to be active learners
- Effectively communicate with all stakeholders, including students, parents, staff, etc., when necessary
- Supervise middle school students in a variety of settings
- Maintains professional qualities expected of an educator and maintains a continuous learning attitude toward the profession
- Maintain appropriate student records and grading as they relate to school policies and guidelines
- Ability to be either the sole instructor of a classroom setting or co-teach with respective staff members
- Perform other duties as assigned

Certification Requirements or Job Qualifications:

Valid Indiana Science Teaching License or ability to obtain license

Position Start Date:

August 1, 2026
