

MERSD Strategic Plan Overview

Mission

The Mission of the Manchester Essex Regional School District (MERSD) is to provide a high quality, comprehensive, student-centered educational experience that prepares them for a post-secondary educational or service experience, a career, and life as an engaged member of society.

Vision

MERSD, with the partnership and support of member communities, will provide educational opportunities and resources so that all students can realize their individual, unique, and highest potential, achieve academic excellence, value integrity and honesty, and become intellectually curious and critical thinkers.

Core Values

Student Centered

We believe schools must establish a safe environment that supports the development of all students. Schools must engage all aspects of a child's development, including knowledge, a sense of self, emotional well-being, physical health, and skills and strategies to negotiate an ever-changing and unpredictable world.

Student Achievement

We believe MERSD should foster a learning environment that encourages academic achievement, social and emotional freedom and engagement, collaboration and creative problem-solving; the skills to confront new ideas with both rigor and sensitivity, and the awareness to and ability to extend the skills beyond the academic core to include experiential learning, the arts, cultural awareness, and physical and social emotional health.

Equity

We believe our schools must strive to create a just and equitable environment that respects individual differences and the diversity of our communities, country, and world.

Family & Community Partnerships

Schools are a reflection of their communities. We believe that providing a quality education that prepares our students for an unpredictable world is a shared responsibility, fostered by partnerships among the schools, families, educational non-profits, businesses and the community-at-large.

Resources

We believe the District and our community partners should collaborate to provide the necessary funding to equip our students with the essential critical thinking, analytic, communication, and problem-solving skills they need to be productive, contributing members of our local and global communities and deliver on the promise of our students' potential.
