- Biggest thing we are focusing on is getting the extra expenditure of \$29k check written to cover the cost of the kitchen foundation. Emergency vote will be Wed, 1/2

School Site Council Minutes

DAC Report:

- The DAC was visited by Westlake High School's Coffee Cart, *Warrior Joe on the Go!*
It is part of their LEAP program ("Life Essentials.."). These programs are at a couple other high school sites and teach students job prep and life skills. They do things like weekly budgets to see what they've earned and what expenses they have upcoming with upgraded equipment, signage and product for orders. Teachers and staff place orders throughout the week and the coffee cart is also available in person on campus at various times.
- We were also presented to by Mrs Sarah Cummings, Teacher on Special Assignment (TOSA) for Inclusion in CVUSD. She presented CVUSD's Strategic Plan and explained the mindset throughout the district is "do all students feel like they belong" at sites across CVUSD. She discussed how inclusion benefits students with disabilities and students without disabilities. She also discussed newer language and words and why words matter. Things are always changing but it's important to try and follow along especially because the words or changes are coming from the represented groups themselves, such as the Autistic Community, Deaf Community - as examples.
- In regards to law, CVUSD follows LRE and IDEA. LRE is the Least Restrictive Environment for students with disabilities. The goal in the district is to be at 80% inclusion or integration and we have come a long way - currently at 62%. There are a handful of CVUSD Elem. school sites that have fully integrated programs for mainstream gen ed with Students with Disabilities and these classes are always staffed with 2 teachers.
- We learned about Unified PE and Unified Sports, as well as *Sparkles Cheer* (integrated sports programs at these schools) - all 3 CVUSD high schools have this.
The 1st week of December will continue to be Inclusive Schools Week and there was a suggestion that these programs visit elementary schools that do not have a mainstream/ integrated Special Education programs during Inclusive Schools Week going forward for the main purpose of exposure and inclusion. We also learned that there are about 2,400 IEP's throughout the district.

How can we advocate for our specific school sites?

- Model inclusive attitudes and language into everyday school routine and spirit
- Invite the opportunity to integrate more inclusion into SIPSA each year

Board of Education

School Site Council Minutes

- 12/17 meeting celebrated Inclusions Heroes awards across school sites and also Athletic Awards, especially at Westlake High School
- Announced new Board Members for the coming year. Declared Tues Jan 27th *Holocaust Remembrance Day*
