Noncertified Salary Information

PAY GRADES

Pay grades define the position of employment. Pay grades are separate and distinctive by class (see below). Similar pay grades within a class differ based on education, training or proficiency an individual may possess or demonstrate. Changes in pay grade, unlike performance level changes, may occur within a fiscal year (i.e. paraprofessional achieves ninety quarter hours during the year while taking night courses or an employee transfers to another pay grade class position).

<u>Class</u>	<u>Pay Grades</u>
Paraprofessional (See page 18)	Rank I Rank II Temporary
