- Teach topics such as keyboarding, coding, computational thinking, multimedia creation, digital research, and online safety.
- Differentiate instruction to meet the diverse academic and developmental needs of middle school learners.
- Incorporate project-based learning and real-world applications of technology.
- Assess student progress and provide timely, constructive feedback.
- Teach responsible and ethical technology use, including digital footprint awareness, online safety, and media literacy.
- Promote positive digital communication and collaboration practices.
- Ensure compliance with school policies regarding technology use.
- Collaborate with teachers to support technology integration across content areas.
- Provide guidance and support for digital tools and instructional technology platforms.
- Participate in professional learning communities and school improvement efforts.
- Establish a safe, structured, and inclusive learning environment.
- Maintain classroom equipment and ensure responsible use of devices and materials.
- Model professionalism, organization, and effective classroom management.
- Maintain accurate student records and communicate regularly with families.
- Participate in professional development to remain current in educational technology trends.
- Perform other duties as assigned by the Principal.

ADDITIONAL RESPONSIBILITIES

- Participate in regular professional development, the school's professional learning community and staff meetings to improve instruction.
- Work collaboratively and communicate professionally with school leadership and other staff members to maximize effective instructional activities and build positive school culture.
- Meet professional obligations by honoring schedules, deadlines, and all professional responsibilities.
- Demonstrate the standards for effective practices of teachers
- Any other assigned duties as assigned.
