## WHAT YOU'LL BE DOING:

Every mother wants their baby to be healthy, happy, and loved. Being a mother can be hard, but for some mothers, it is even harder. Mother's Day is coming up and Seeds of Caring wants to do something special for new mothers spending Mother's Day weekend in the NICU with their baby. Join us as we show our appreciation for all moms, make cards, decorate gift bags, and then assemble Mother's Day NICU bags filled with comfort and self-care items that will be donated to local hospitals.

## WHY IT MATTERS:

Understanding the challenge mothers face in balancing caring for others with self-care builds empathy in children. Hands-on activities show kids they are never too young to make a difference in someone's life.
