(214) 932-7000

soc.dallasisd.org
Serving grades 9-12

This is a

RATED CAMPUS!

MISSION

We are committed to knowing every student by name and serving their social, emotional, and academic needs.

VISION

South Oak Cliff High School will be a premier campus that prepares SOC Nation graduates for a lifetime of learning.

LEGACY SCHOOL

Benefits to enrolling:

- Extracurricular activities
- Free meals
- Highly qualified teachers and staff
- Transportation
- Special education services
- Wraparound services

South Oak Cliff High School has a rich legacy of excellence in the classroom and on the athletic field. Through our innovative programs, students graduate college and career ready.

South Oak Cliff P-TECH students can earn hours of college credit through an Associate of Applied Science in ITG degree or Associate of Arts in Sports Management from Mountain View Community College. Students can engage in internships while completing their high school coursework.

Applications
accepted:

November through
end of January.

South Oak Cliff High School students are innovative thinkers and risk takers who are eager to learn and who possess a passion to excel. As representatives of "The School of Champions," students in every grade are challenged to exemplify the performance of champions in both academics and character. South Oak Cliff P-TECH students can earn hours of college credit and an Associate of Applied Science degree in ITG/computer information technology from Mountain View Community College and engage in internships while completing their high school coursework. Just as our students make strong efforts to achieve academic success, the faculty and leadership of South Oak Cliff strive to create a family-oriented school climate where students enjoy a high level of academic and emotional support from the entire professional staff.

THE EXPERIENCE

South Oak Cliff High School provides a range of challenging and rigorous academic programs to develop and support students' academic interests, goals and aspirations.

Our academic programs provide college preparation, career experiences and a foundation to help every student successfully transition to life after high school.
