E-rate Funding Year 2026

RFP Addendum 1

Vendor Questions:

“Installation and Configuration Services” are called out in the RFP BoM. Will the district and/or ESD be racking and stacking the switches or does “install” mean physical on-site resources by the bidder?

District Response:

The physical installation (racking and stacking) will be done by GPSD7.

The services we are potentially looking for are for the configuration of the switches themselves in the Mist to ensure a smooth transition to the new hardware.
