Administrator Board Reports

Technology Update 3/11/26

Jeffrey Ryan - Director of Information Technology

IT Performance

- Network (Feb 2026)
  - LAN uptime at 99.99% - 926,682 polls with 104 lost (based on 98 monitored critical devices monitored 24/7). Up slightly from last month. Internet uptime was very good this month with no in-school outages.
  - .Average LAN latency (speed) at .448 milliseconds (based on a 98 internal device average). Slightly faster than last month. Internet latency continues to be great (For 6 critical sites with 24/7 monitoring - 8.68ms Latency and 1.13ms Jitter).
  - Average daily use (school hours only) of the Internet at 787.95 GB. Up 5.5% from last year
  - Wireless - 3,702 unique clients with an average of 1521 clients per day (clients averaging 4.06 GB of usage with a total of 14.67 TB transferred). Wireless latency and signal strength has been very good as well (on average approx. <10 ms and >45 dB respectively).
- Website (Feb 2026)
  - 48,458 views (1,430,000+ since launch in August 2023!) and 11,538 total users - Down slightly from last month and down from last year (anything over 10,000 views per month for a small school is good).
  - 45.53% bounce rate (rate at which people immediately leave upon entering the site - anything under 40% is good).
  - 5 minute 20 second average session duration (over 2 minutes is considered very good).
  - 32.5% of traffic this month is cell phones and the top source is Google search (4,338 search clicks).
  - Most popular search terms this past month are employment and calendar.
  - Translations - To date we've had 19,359 words on our site translated to Spanish, 6,456 to Chinese, and 5,571 to Arabic (We offer 5 languages).
- Printing (Feb 2026)
  - 537,413 pages printed/copied - Down slightly compared to last year (537,641)
  - Print 163,406 and Copy 374,007 (laser printer usage down 37% from last year)
- Helpdesk (Feb 2026)
  - 112 documented tickets in the last month with 127 fully completed.
  - 2.82 day average resolve time (includes weekends and holidays)

Current IT...

- General Technology in February
  - Good month with no major issues or outages
  - Switch configured and installed (PS)
  - Cisco Duo and Fortinet EDR testing continues
  - New cart with a distributed power system tested and approved - $500 less per unit. Will save us at least $5K when equipping 6th grade with carts and will not overload circuits.
  - New WiFi targeted monitoring probe installed and already used to test areas
  - 25-26 Chromebooks received (early order resulted in $20K savings)
  - 2 new SCView forms rolled out (Grant Request Form and Teacher Column Movements)
  - ERATE 470 accepted for 5Gb of Internet Bandwidth (Zito - 2Gb more for $100 less per month)
  - Testing on PS room AV replacement options continues
  - New contact system implemented on the website. This should reduce exposure to phishing by taking off the email addresses and replacing them with a contact form (prevents bot scraping)
- Policy and Procedures
  - Cyber Security policies and guidelines in review
  - Software procurement process and guidelines work continues
  - AI Steering committee continues (5 meetings to date) to work on the AI 5-phase plan
  - Arconic Grant proposal created and submitted
  - RFP in development for Copier contract - Consolidated all leases to one end date so we now can go out to a competitive bidding process in December. We anticipate an annual savings of over $10K.
  - New Technology Advisory Council in development
- Digital Assessments/Testing
  - 3-8 Firefly testing completed with no major issues.
