

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.

**Charlotte - Mecklenburg Schools - Membership by Student Group, Month 1 Revised of School Year 2025-2026**

Districts are required to report student membership to the North Carolina Department of Public Instruction on a monthly basis. Disaggregations by student groups are reported based on Membership Last Day (MLD), which is a snapshot of membership on the last day of the reporting period. MLD includes all students in membership on the last day of the reporting month except students who are still out on an extended unexcused absence on that date. This is due to the state's Ten Day Rule, which does not count students in membership when they are out on an unexcused absence of at least 10 consecutive days. Note that students in Pre-K and students with visitor status (like foreign exchange students) are not included in membership. Student race/ethnicity and sex are based on what was self-reported by the family when the student was first enrolled.
