

Schoollinks: A comprehensive, modern college and career readiness platform for students, where every student will have their own account.

**Please see below for Log in and helpful navigation instructions*

Log In

- Access through ClassLink
- Find and click on the Schoollinks application.

College Search

- To Access School Search – select *College* in the Navigation Panel on the left
- Select *School Search* at the top of the list
 - The School Search will have three default filters applied: New York (colleges in New York state), Public and Private

You can remove these filters and/or add in additional filters

- Additionally, you can search for a school directly from the search bar at the top or apply a new location filter. You can also apply a program filter (this is your college major or area of interest).
- Once you narrow down your search criteria by applying filters appropriate to you, you can begin to favorite schools by clicking the heart icon.
- To read more information about the school you can click the school card to open up the school profile.
- You are encouraged to create lists of schools based on different search criteria. You create lists by clicking on the college card and then select *Add to list* in the upper right corner. You can create a new list, or add a college to a list you previously created.
 - Examples of different lists are: Public vs. Private. Different locations. Different College Majors. Athletics.
- Access your Favorites and Lists by clicking *College* from the Navigation Panel, then select *Favorites and Lists*

Resume Writing

- Select *Student* from Navigation Panel
- Select *Profile and Resume*
- Click + Add Buttons in corresponding areas to add to your Resume

Career Exploration

- Click *Career* from Navigation Panel
- Select *Career Center*
- You are encouraged to explore the careers and career clusters. You can also search careers you are interested in the *Search Careers* search bar

Unsure of what path you want to take after high school?

- Select *Explore* from the Navigation Panel. This panel has assessments you can take which will provide results that will guide you in a direction based on your answers. You can also utilize the Learning Hub and Game of Life tabs to help best prepare you for your future endeavors.
