Meeting adjourned at 2:25pm

Next meeting scheduled for: November 19, 2025, 1-3pm

New Business

EHMS-School Community Council

Front Office Conference Room
Wednesday, October 15th 1-3pm

Minutes in Blue Italics

Meeting Notes:

First order of business. We need to vote in a Chair and Co-Chair. They will officially lead, and open/close the meetings. Emily Huser has agreed to continue as Chair. Robert Heck will continue as Co-Chair. All approved to both nominations.

Formal Rules of Procedure were shared with all members, and linked [here](#). Mr. Folau asked each member to read through the Rules and make any notes necessary. These Rules will then be updated and become our guideline for Committee work.

Motion to approve the Rules of Procedure, all approved, none opposed.

25/26 School Improvement Plan was distributed for discussion. Funding was explained.

Explanation about MTSS and what it means and covers, including iTime.

What kind of support is given to students through MTSS, iTime and MLL push-in areas.

Questions about SpEd/504 transitioning from elementary school.

Same for 8 to PCHS, and all 5 to 6 students/families.

Counseling Update: Counselors just finished presenting in classes about bullying and our reporting platform, 'Blue Sheet.' Kindness reports were also presented to students. Wellness Day is in the initial stages of planning, it will happen in the Spring.

Upcoming meeting ideas:

- *MTSS

- *iTime

- *Instructional Support

- *Interventions

- *Student transitions between buildings, 5 to 6; 8 to 9, including focus on SpEd/504 students

- *School safety, specifically outside intruders, where does the responsibility/accountability live, what about the new wings. Addressed by Mr. Folau: glass is covered with a bullet-proof film, Zero Eyes software firearm tracking (only visible firearms, not concealed). Alerts are sent instantly to building Admins.

- *Bullying, zero tolerance. Advisory lessons addressing this.

- *Dawn Ulvi, school safety officer
