

2025-26 Data and Assessment Network

OVERVIEW

Data and Assessment Network meetings are held regularly throughout the year for administrators responsible for assessment, accountability and data management. The meetings provide a forum for participants to explore and exchange ideas and share locally created resources. In collaboration with the Curriculum and Instruction Network, the Data and Assessment Network meeting will be held on the same day to support planning and promote collaboration.

AUDIENCE

District leaders and administrators responsible for assessment, accountability, and data management
