A FULL DAY OF LEARNING & PLAY

From classroom to YMCA

Kindergarten Round Up

The Kindergarten Round Up program is designed for half-day kindergarten students in District 41 who need full-day care. Our enriching curriculum complements what your child is learning in school and includes engaging activities in art, math, literacy, and STEM. In addition to building skills in core subject areas, children enjoy daily active play in the gym or on the playground, as well as weekly swimming. Optional swim lessons and sports enrichment programs are also available for an additional fee.
