Mr. Hostetter reminded us of our current focus for 25-26 – Additional experiences provided - how is that going?

Teachers shared that constraints seem to be budget … looking for creative ways to come up with solutions for how to get the most out of the funds. Keep thinking about ways to provide an additional fun experience for kids. We may want to consider telling teachers about this money earlier in the year next year if we choose to use the funds in this way so there is more time to book experiences.

Charter Dollar Expenditures – went over current spend to date. Waiting on approvals for blinds for Dr. G in gym – Ms. Cerasoli will reach out to the county regarding what the timeline is for the request from the county to see when/if this might be possible.

Action item – motion to approve SEC grant – Rippy – Wedding - Noted that next year if we designate grade level funds that we will also designate funds for the SEC team to use for their students and an experience for SEC Week celebration.

Updating columns in the hallways with directional information for grades – columns will be wrapped this coming week

Budget overview - per district cuts – we will lose funding for .5 counselor and .5 ESL para professional

2 part time paras – one will go in the gym, one will float between Art, Music , CTAE for first 10 days – if numbers hold and we have the funds available, we will move those to full time.

EIP position, .5 counselor – proposal to fund these 2 positions – if approved, will move forward to fully fund these positions

Repositioning a staff member from ESL para to Special Education for next school year.
