

Last Chance to Share Your Input for the Strategic Plan

March 12, 2026

Dear Plainview-Old Bethpage School Community,

We are just two days away from our Leadership Summit, where we will begin drafting POB Schools' next Strategic Plan. We invite you to join the online conversation to help inform this work.

At the Leadership Summit, Board of Education members, teachers, clerical, parents, students, and administrators will review community feedback and begin shaping the new plan. Your input is an important part of that process.

By sharing your thoughts (and reading and rating the ideas of others) you can be part of the conversation from the comfort of your home. Please use the link below to contribute. All responses are anonymous, so we ask that you avoid including the names of others.

Thank you for taking a few minutes to share your thoughts and help shape the future of POB Schools.

[Submit your thoughts here.](#)

Sincerely,

Dr. Mary O'Meara
Superintendent of Schools
