### Art Around the World
### Tekla Nimmow

In this class, students will travel the world through their artwork! They will have the opportunity to do all kinds of art, including painting, weaving, and more. Each week, we will focus on a new part of the world, learning about different cultures and their art styles. Taking this class is your one-way ticket to seeing the world!

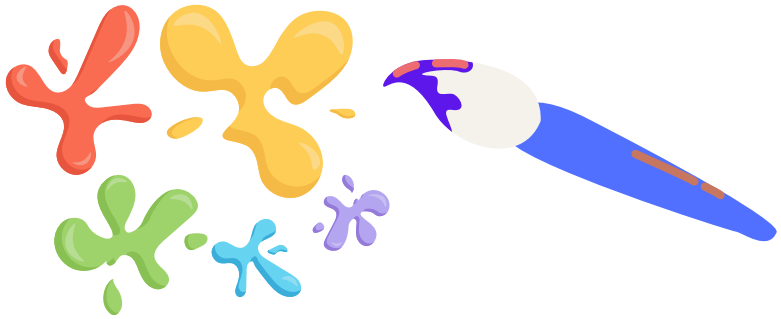

### Perler Beads
### Morgan Kern (Ms. Kern)

In this class, students will learn how to make their own designs using Perler beads. They'll place the beads on a board to create pictures, patterns, or characters, and then we'll melt them so they can take their finished projects home. It's a simple, hands-on activity that lets kids be creative while learning new skills.

## Dig it! Gardening and Science

**Tara Somerville and Jenna Zurbuchen**

We will dig into the exciting world of plants and discover how living things grow, adapt, and thrive. Through fun garden projects, interactive experiments, and outdoor exploration, young scientists will learn how plants work in this class. This class also weaves in "life lessons from plants," helping students see how patience, resilience, teamwork, and responsibility play a role in both gardening and everyday life. By the end of the session, students will not only understand plant science—they'll also walk away with new confidence, curiosity, and hopefully a green thumb!

## Summer Writing Camp!
## Garit Schmidt

Summer Writing Camp is a creative and interactive course designed to help students explore their voices and grow as confident writers. Through fun prompts, group discussions, and hands-on activities, students will experiment with storytelling, poetry, and personal writing. Students will learn how to develop ideas, strengthen their writing skills, and share their work in a supportive environment. Whether they're beginners or experienced writers, students will leave inspired, more confident, and excited to keep writing all summer long.

## Forest Stewards Summer Crew -
