Library Material Review and Reconsideration Policy

Statement of Policy:

The Northwestern Regional District No. 7 Board of Education understands that, on occasion, a member of the public will wish to lodge a complaint about materials available in the school library/media center. Consideration of requests to reconsider and remove material, displays, or student programs is limited to individuals with a vested interest. An individual with a vested interest may challenge any library and other educational materials, display, or student program by initiating a review of such material via the submission of a request for reconsideration form.

It shall be the policy of the Northwestern Regional District No. 7 Board of Education that the removal, exclusion, or censoring of any book shall not occur on the sole basis that a person with a vested interest finds such book offensive. No library and other educational material, display, or program shall be removed from library media centers, or programs be canceled, because of the origin, background, or viewpoints expressed in such material, display, or program, or because of the origin, background, or viewpoints of the creator of such material, display, or program. Library and other educational materials, displays, and student programs shall only be excluded for legitimate pedagogical purposes or for professionally accepted standards of collection maintenance practices as adopted in the collection development and maintenance policy or the display and program policy.

Until a final decision is made by the review committee, any library and other educational material being challenged shall remain available in the school library media center according to such material's catalog record and be available for a student to reserve, check out, or access.

A school district may consolidate any requests for review and reconsideration of the same challenged library and other educational material. Once a decision has been made by the review committee on any library and other educational material, such material cannot be subject to a new request for review and reconsideration for a period of three years.

Through this policy, the Board of Education ensures that all library materials shall be evaluated and made accessible in accordance with the protections against discrimination outlined in section 10-15c of the general statutes, including, but not limited to, discrimination based on race, color, sex, gender identity, religion, national origin, sexual orientation, or disability. The Board shall review and update this policy as necessary every five years.

Library Material Review and Reconsideration

Purpose:

This regulation establishes a procedure for certified school library media specialists to continually review library and other educational material within a school library media center in order to ensure that library and other educational materials in school library media centers are relevant, in good condition, and are age-appropriate or grade-level appropriate.

General Procedure:

Using the criteria identified below and their professional judgment, the school library media specialist shall conduct a systematic review of the library's collection:

1. Material relevance

- a. Consult with instructional staff to determine whether the material is still useful and has up-to-date information.
- b. Evaluate usage data to assess the material's relevance to student interests and research needs.

2. Physical condition of the material

- a. Assess whether the material is damaged or worn beyond reasonable use.

3. Availability of duplicates or copies of the material

- a. Determine whether the availability of duplicates or multiple copies is justified based on usage statistics to avoid redundancy.

4. Availability of more recent age-appropriate or grade-level appropriate material

- a. Investigate the availability of newer editions or versions that offer more current and accurate information by considering award and recommended lists for recently recognized literature.
- b. Ensure that any new material uses language that is appropriate for the reading level of students in the targeted grade range and developmental levels.

Regional School District No. 7

- c. Evaluate whether the new material's treatment of difficult or sensitive subjects (e.g., death, mental health, violence, sexuality) is in a developmentally appropriate way for the intended student audience.

5. Continued demand for the material

- a. Consult with instructional staff to determine whether the material continues to be cited or referred to for classroom instruction.
- b. Review usage data to determine whether the material is still being sought by students or teachers.
